it was he who had invented the modern age Born on a farm in rural Michigan three weeks after the battle of Gettysburg Ford

hated everything about farming as soon as he could understand what it was about So he turned his attention to the farm machinery that made the family farm run and never looked back It was his love of machines then engines and finally automobiles that Henry Ford is best known for He designed and manufactured cars which would transform not just his family's little farm and not just the city of Detroit The automobile would change the world ushering in a whole new way of living one's life A modern life to be sure Beneath this diligent tycoon lay a man of many contradictions He worked hard to give the average American an affordable car and believed that mass consumerism was the key to keeping the world safe from war Yet he opposed labor unions supposedly sired a son with another woman and was an enthusiastic anti Semite Inside you will read about Henry Ford's Early Years Ford's Love for Engines The Ford Motor Company and the Model T Disdain of Labor Unions The Anti Semite Problem Later Years and Death And much more Follow along as you come to know Henry Ford the man responsible for putting America and the world behind the wheels of their own cars Was this man a genius or a dominator Did he want those around him to live free lives with the things he invented or was he only satisfied when people read his newspaper and obeyed his advice Read on and form your own conclusion

**World History of the Automobile** Erik Eckermann,2001-09-01 This book details the development of the automobile from its early beginnings to the present day With emphasis on the European historical perspective particularly the pioneering developments which occurred in Germany World History of the Automobile chronicles the early vehicles by Daimler Maybach and Benz the Mercedes Era the role of motor vehicles in World Wars I and II and the numerous technological and business revolutions of the second half of the 20th century *Driven* Don Mitchell,2010 A biography of Henry Ford the industrial visionary who changed the automobile from rich man's toy into affordable necessity *Drive!* Lawrence Goldstone,2016 Statement of responsibility from jacket

*Independent Man* Harry Barnard,2002-07-01 The only book length biography of a major Michigan figure who served as Detroit's mayor and contributed to the early success of the Ford Motor Company First published in 1958 by Charles Scribner's Sons *Independent Man* is the only book length biography of one of Michigan's most remarkable men His many careers embraced both the business and political spheres Couzens was a prominent businessman who helped shape Ford Motor Company but he left the company when he and Henry Ford clashed over politics Upon leaving Ford Couzens began his political career first serving as Detroit's police commissioner He went on to a controversial term as mayor of Detroit and then represented Michigan in the U S Senate This book reveals the life of a truly unique and inspirational man Michigan Manufacturer & Financial Record ,1913 **Town Journal** ,1927 The Automotive Manufacturer ,1922 Auto Mania Tom McCarthy,2007-01-01 The twentieth century American experience with the automobile has much to tell us about the relationship between consumer capitalism and the environment Tom McCarthy contends In *Auto Mania* he presents the first environmental history of the automobile that shows how consumer desire and manufacturer decisions created impacts across the product lifecycle from raw material extraction to manufacturing to consumer use to disposal From the provocative public

antics of young millionaires who owned the first cars early in the twentieth century to the SUV craze of the 1990s Auto Mania explores developments that touched the environment Along the way McCarthy examines how Henry Ford s fetish for waste reduction tempered the environmental impacts of Model T mass production how Elvis Presley s widely shared postwar desire for Cadillacs made matters worse how the 1970s energy crisis hurt small cars and why baby boomers ignored worries about global warming McCarthy shows that problems were recognized early The difficulty was addressing them a matter less of doing scientific research and educating the public than implementing solutions through America s market economy and democratic government Consumer and producer interests have rarely aligned in helpful ways and automakers and consumers have made powerful opponents of regulation The result has been a mixed record of environmental reform with troubling prospects for the future
