we desire in our lives by simply shifting our thinking into fifth dimensional thinking We are able to see the perfection where formerly we saw the illusion of imperfection This new vantage point allows us to become the center of our own reality and easily navigate through difficult individuals and challenging events while maintaining a state of balance and harmony We are then able to turn possibilities into probabilities and probabilities into actualities This journey begins with describing and identifying all of the unseen but certainly not unfelt influences in our lives that have been given to each of us to help us live our life on earth in the best and easiest manner possible Each reader will be able to identify their birthright gift as well as the other gifts available to tap into and expand one's energy thereby allowing this innate knowledge to grow and develop All of the necessary techniques and tools are explained in detail in this book so that you can easily make the transition from your current dimension into the fifth dimension allowing you to create a new future You are able to learn and make friends with each of your bodies of consciousness and their respective inner child and together you begin a journey of healing You as parent of these inner children learn how to set the stage and the rules so that everyone is playing by the same playbook You learn that you may win as a team or you may lose as a team but you are all on the same team working together to achieve that balance that allows you to maintain your newly found center By removing fears one by one each of us can transition from a place of fear into a place of love learning to live from the heart As we work towards this goal we isolate and identify the negative emotions that have been growing and harvesting within These negative emotions equate disease This book is your guide to help acknowledge these fears recognize and release them one by one creating a new you a lighter you We then experience a new energy a more evolved energy a higher vibrating energy as we invite the energy of excellent health and balance into our bodies It is here that Be The Love You Never Received Preeti Narang ohri,2024-09-04 True intelligence isn't measured by what you know but by your ability to continually learn When you connect with your innermost being your work becomes timeless and enduring Unlocking Inner Potential and Divine Purpose In a world that often seeks answers externally this book invites you to turn inward and discover the magic within It guides you to unlock your inner potential and realize your divine purpose True growth begins when you look within and connect with the magic that resides inside yourself Illuminate Your Own Energy We are all radiant beings of energy and awakening to this truth can transform our lives Understanding your own frequency and essence shapes your true self and your soul's journey Embracing this sacred spark is a privilege and recognizing it allows you to tap into boundless potential American Book Publishing Record ,1997
