An Historical Atlas of Modern Europe from 1789 to 1914 Sir Charles Grant Robertson,John George Bartholomew,1915

The Establishment of the Balkan National States, 1804-1920 Charles Jelavich,Barbara Jelavich,2012-09-20 This highly readable and thoroughly researched volume offers an excellent account of the development of seven Balkan peoples during the nineteenth and the first part of the twentieth centuries Professors Charles and Barbara Jelavich have brought their rich knowledge of the Albanians Bulgarians Croatsians Greeks Romanians Serbians and Slovenes to bear on every aspect of the area s history political diplomatic economic social and cultural It took more than a century after the first Balkan uprising that of the Serbians in 1804 for the Balkan people to free themselves from Ottoman and Habsburg rule The Serbians and the Greeks were the first to do so the Albanians the Croatsians and the Slovenes the last For each people the national revival took its own form and independence was achieved in its own way The authors explore the contrasts and similarities among the peoples within the context of the Ottoman Empire and Europe *An Historical Atlas of Modern Europe from 1789 to 1922 with an Historical and Explanatory Text* Sir Charles Grant Robertson,John George Bartholomew,1924 **A History of the War in the Balkans** R. Craig Nation,2018-04-04 The Balkans is often described as a grim backwater a no man s land of world politics in the words of a post World War II study foredoomed to conflict springing from heterogeneity The stereotype is false but it has been distressingly influential in shaping perceptions of the Balkan conflict and its origin By encouraging pessimism about prospects for recovery it may also make it more difficult to sustain commitments to post conflict peace building This book seeks to refute simplistic ancient hatreds explanations by looking carefully at the sources and dynamics of the Balkan conflict in all of its dimensions **History of the Balkans: Volume 1** Barbara Jelavich,1983-07-29 Volume I discusses the history of the major Balkan nationalities It describes the differing conditions experienced under Ottoman and Habsburg rule but the main emphasis is on the national movements their successes and failures to 1900 and the place of events in the Balkans in the international relations of the day *The Balkans in International Relations* Branimir M Jankovic,Bosko Milosavljevic,1988-04-06 **The Longman Companion to European Nationalism 1789-1920** Raymond Pearson,2014-09-25 A highly topical analysis of European Nationalism from the French Revolution through to the aftermath of the First World War when the nationalist issues and problems that dominate the political landscape of our own time were already fully established Covering an enormous range of peoples from the Icelanders to the Gypsies from Brittany to Wallachia the book presents a wealth of historical geopolitical information unavailable elsewhere Essential as a reference work it also provides a unique opportunity to survey systematically a crucial but fragmented subject in its full European context For historians political scientists departments of European studies and general readers *Beyond The Nation State* Katerina Karamanou,2019-05-09 Cyprus gained independence in 1960 without

a strong national identity Citizens considered themselves Greeks or Turks not Cypriots As a result the country was susceptible to external as well as internal attacks Ethnic pride reinforced by proximity to both countries inflamed the majority of the population and was encouraged by the historic rivalry between the two homelands This is the political salient cleavage further emphasized by the 1960 constitution which fortified the stronghold on each ethnic homeland by guaranteeing to maintain both Turkish and Greek customs When I commenced this journey international relations and comparative theories were the primary way of interpreting Cyprus s internal friction While examining the national state as an institution I realized their limitations specifically while scrutinizing the 1974 Cypriot Crisis I applied a culturally oriented comparative perspective along with game theoretic international models in order to gain a thorough understanding and find the root cause of Cyprus s turmoil During this process I discovered a mechanism I now call transnational nationalism A methodical analysis of the Cypriot Crisis of 1974 gives further insight into cultural politics which has continued to play a powerful role in nations such as the lands of Northern Ireland Lebanon Palestine and Bosnia Herzegovina These nations all share a common characteristic foreign and domestic forces attempting to achieve transnational nationalism as each group strives to maintain its national identity leading to further division

History of the Balkans: Volume 2 Barbara Jelavich, 1983-07-29 This volume concentrates on the Balkan wars and World War II focusing particularly on Bulgaria Greece Montenegro Romania and Serbia since 1945

A History of the Balkan Peoples René Ristelhueber, Sherman D. Spector, *Balkan Transitions to Modernity and Nation-States* Evguenia Davidova, 2012-10-12 In contrast to research on elites or history from below this study offers an approach that can be called mesohistory a collective social biography of the Balkan merchants In foregrounding the voices of traders this study sheds fresh light on multiethnic networks of social actors navigating multiple social political and economic systems supporting and opposing various aspects of nationalist ideologies Personal accounts humanize features of these faceless socially mediating groups Merchants generation specific perspectives on the economy society and state both in times of war and peace are analyzed against the backdrop of Balkan Ottoman and European history The study captures a dialogue between primary and secondary sources and the major debates regarding nationalism modernity and the Ottoman legacy

Beyond the Balkans Sabine Rutar, 2014 This book shows how current and future research on the social history of the Balkans can be integrated into a broader European framework The contributions look at a range of methodological and empirical issues and the theme that links the various studies is that of the contrasting yet at the same time entangled ideas of the Balkans as a mental map and of Southeast Europe as an historical region Series Studies on South East Europe Vol 10

[The Routledge Handbook of Balkan and Southeast European History](#) John R. the premodern claims and recent controversies stirred by the wars of Yugoslavia's dissolution Parts I and II explore shifting early modern divisions among three empires to the national movements and independent states that intruded with Great Power intervention on Ottoman and Habsburg territory in the nineteenth century Part III traces a full decade of war centered on the First World War with forced migrations rivalling the great loss of life Part IV addresses the interwar promise and the later authoritarian politics of five newly independent states Albania Bulgaria Greece Romania and Yugoslavia Separate attention is paid in Part V to the spread of European economic and social features that had begun in the nineteenth century The Second World War again cost the region dearly in death and destruction and as noted in Part VI in interethnic violence A final set of chapters in Part VII examines postwar and Cold War experiences that varied among the four Communist regimes as well as for non Communist Greece Lastly a brief Epilogue takes the narrative past 1989 into the uncertainties that persist in Yugoslavia's successor states and its neighbors Providing fresh analysis from recent scholarship the brief and accessible chapters of the Handbook address the general reader as well as students and scholars For further study each chapter includes a short list of selected readings
