*The Active Participation of the Faithful in the Eucharist on the Basis of Common Priesthood* Stella Adamma Nneji, 2018-06-15 One of the significant points of the Second Vatican Council is its emphasis on the status of the lay faithful in the church which includes active participation in the life of faith The council spoke of the active participation of all the faithful in liturgical celebrations on the basis of the common priesthood of the faithful which is conferred during baptism and through which every believer shares in the priestly kingly and prophetic offices of Christ In this book Stella Nneji develops an ecclesiological critical reflection on the teaching of the Second Vatican Council with regard to active

participation Focusing especially on the church as people of God Nneji shows how the idea of participation is not merely a passive action but an active one Based on the ecclesiological reflection on the church as people of God and its relevance for active participation she maintains that Vatican II's vision on active participation is relevant to the upbuilding of the body of Christ church This vision integrates a critical thinking especially regarding those places where the implementation of Vatican II's teachings seems difficult

**Pedro Calderón de la Barca and the World Theatre in Early Modern Europe** Rasmus Vangshardt, 2023-11-20 Rasmus Vangshardt offers an original interpretation of one of the most famous images of literary history the *theatrum mundi* By applying methods of comparative literature hispanic studies and theology he reconsiders the world theatre's historical peak in early modern Europe in general and the Spanish Golden Age in particular The author presents a new close reading of Pedro Calderón's *El gran teatro del mundo* c 1633-36 and outlines the historical and systematic framework for a *theatrum mundi* of celebration This concept entails using art to justify human existence in the face of changing conceptions of the cosmos an early modern aesthetic theodicy and a justification of the world in that liminal space between drama and ritual By discussing historiographical theories of early modern Europe especially those of Hans Blumenberg and Bruno Latour and through conversations with Shakespearean drama and Spanish Golden Age classics Vangshardt also argues that the *theatrum mundi* of celebration questions traditional assumptions of great divides between the Middle Ages and Early Modernity and challenges theories of a European wide early modern sense of crisis

*Recovering Communion in a Violent World* Christopher Grundy, 2019-11-15 The act of breaking and eating a body in Holy Communion forms us over time What if that's not such a good thing *Recovering Communion in a Violent World* provides an unblinking examination of the ritualized reenactment of the violence done to Jesus in Holy Communion using insights from the fields of ritual studies and trauma theory Then drawing upon recent research in Christian origins the book raises possibilities for sacramental meal practices that don't ignore the death of Jesus but respond to it differently Rather than colluding with systems of violence these alternative practices respond to violence in our world by continuing to collaborate with the persistence and resilience of God as well as with the realm of God still coming near The result is a groundbreaking exploration that is both unflinching in its critique and passionate in its argument for the place of renewed Christian meal practices In an era when world religions have come under greater scrutiny as sources of violence this book asks readers to look squarely at the reenactment of violence that has come to narrowly define Holy Communion for so long and to imagine that more radical resistant sacramental meal practices are possible

**Cajetan's Biblical Commentaries** Michael O'Connor,2017-01-05 Remembered as the official who failed to keep Luther in the Catholic fold Tommaso de Vio Cardinal Cajetan 1469 1534 was a multi faceted figure whose significance extends beyond those days in Augsburg In the 1520s he embarked on a labour of biblical commentary that occupied the final decade of his life producing over a million words of translation and commentary Offering an overview of this remarkable body of work Michael O Connor argues that Cajetan s motive was the renewal of Christian living more Catholic Reform than Counter Reformation and that his method was a bold and fresh hybrid of scholasticism and Renaissance humanism correcting the Vulgate s errors and expounding the text almost exclusively according to the literal sense

**Recovering the Love Feast** Paul Fike Stutzman,2011-01-01 What is a Love Feast How did the early church celebrate the Love Feast How might Christians today celebrate the Love Feast In Recovering the Love Feast Paul Stutzman addresses these questions offering a unique blend of liturgical history and practical theology Part I outlines the history of the Love Feast noting its prevalence in early church worship its gradual decline and its reemergence in the practices of several Pietist groups e g the Moravians Methodists and Brethren Particular focus is given to five elements of the celebration that is eucharistic preparation feetwashing the fellowship meal the holy kiss and the Eucharist proper In Part II Stutzman argues that the Love Feast is a valuable Christian practice and a celebration worth recovering in those traditions that may have forgotten the feast Rather than prescribing a specific method for celebrating the Love Feast Stutzman proposes that there are five key disciplines that today s Love Feasts should embody submission love confession reconciliation and thanksgiving This book encourages Christians from a range of traditions to experiment with reclaiming the Love Feast with the hope that each celebration serves as an act of worship to God and an authentic expression of Christian discipleship

*Beyond Reformation?* David Aers, 2015-11-15 In *Beyond Reformation* An Essay on William Langland's *Piers Plowman* and the End of Constantinian Christianity David Aers presents a sustained and profound close reading of the final version of William Langland's *Piers Plowman* the most searching Christian poem of the Middle Ages in English His reading most unusually seeks to explore the relations of Langland's poem to both medieval and early modern reformations together with the ending of Constantinian Christianity Aers concentrates on Langland's extraordinarily rich ecclesiastic politics and on his account of Christian virtues and the struggles of Conscience to discern how to go on in his often baffling culture The poem's complex allegory engages with most institutions and forms of life In doing so it explores moral languages and their relations to current practices and social tendencies Langland's vision conveys a strange sense that in his historical moment some moral concepts were being transformed and some traditions the author cherished were becoming unintelligible *Beyond Reformation* seeks to show how Langland grasped subtle shifts that were difficult to discern in the fourteenth century but were to become forces with a powerful future in shaping Western Christianity The essay form that Aers has chosen for his book contributes to the effectiveness of the argument he develops in tandem with the structure of Langland's poem he sustains and tests his argument in a series of steps or passus a Langlandian mode of proceeding His essay unfolds an argument about medieval and early modern forms of Constantinian Christianity and reformation and the

way in which Langland's own vision of a secularizing and Christianizing late medieval church draws him toward the idea of a church of fools beyond papacy, priesthood, hierarchy, and institutions. For Aers, Langland opens up serious diachronic issues concerning Christianity and culture. His essay includes a brief summary of the poem and modern translations alongside the original medieval English. It will challenge specialists on Langland's poem and supply valuable resources of thought for anyone who continues to struggle with the church of today.
