Robert E. Howard Willard M. Oliver,2025-04-15 Robert E Howard 1906 1936 is most widely known today as the creator of Conan the Cimmerian more popularly referred to as Conan the Barbarian However he also wrote across a wide array of genres for the pulp magazines of the 1920s and 1930s including westerns sports stories boxing adventures supernatural horror and even humor Howard also created many other popular characters such as King Kull Bran Mak Morn Solomon Kane Steve Costigan and Breckenridge Elkins More importantly he created two specific subgenres of fiction sword and sorcery sometimes referred to as heroic fantasy and weird westerns Born and raised in Texas Robert E Howard began his writing career after his family settled in the small Central Texas town of Cross Plains His first professional sale came from the pulp magazine Weird Tales in 1925 and over the next eleven years he wrote hundreds of stories and an equal number of poems With this prolific body of stories he was among the most lauded pulp authors of that era It has been said and rightly so that the secret to his success was that there was a bit of Howard in every one of his characters and because Howard was a Texan even Conan shows elements of the Texan in his persona Robert E Howard The Life and Times of a Texas Author details the many trials and tribulations he faced as he became and remained a full time writer while dealing with an aging father and caring for a mother who was dying of tuberculosis The book both chronicles his personal life and demonstrates how the one driving force in Robert E Howard s life forming the foundation for all of his characters and stories was his personal pursuit of freedom He lived for his freedom he wrote as a means to attain that freedom and while it may sound strange he also died tragically by his own hand in that very same pursuit at the young age of 30

Legal Stories Gregory Steirer, 2024-07-01 Tracing the emergence of what the media industries today call transmedia story worlds and narrative franchises Legal Stories provides a dual history of copyright law and narrative based media development between the Copyright Act of 1909 and the Copyright Act of 1976 Drawing on archival material including legal case files and employing the principles of actor network theory Gregory Steirer demonstrates how the meaning and form of narrative based property in the twentieth century was integral to the letter and practice of intellectual property law during this time Steirer s expansive view of intellectual property law encompasses not only statutes and judicial opinions but also the everyday practices and productions of authors editors fans and other legal laypersons The result is a history of the law as improvisatory and accident prone taking place as often outside the courtroom as inside and shaped as much by laypersons as lawyers Through the examination of influential legal disputes involving early properties such as Dashiell Hammett s Sam Spade H P Lovecraft s Cthulhu Mythos and Robert E Howard s Conan the Barbarian Steirer provides a ground s eye view of how copyright law has operated and evolved in practice
