Basque and the Basques were the second Europeans after the Vikings in North America. Gastronomy and agriculture: they were the first Europeans to eat corn and chili peppers and cultivate tobacco and were among the first to use chocolate. Religion: Ignatius Loyola, a Basque, founded the Jesuit religious order. Business and politics: they introduced capitalism and modern commercial banking to southern Europe. Recreation: they invented beach resorts, jai alai and racing regattas and were the first Europeans to play sports with balls. Entertaining and instructive: Kurlansky's approach is unorthodox, mixing history with anecdotes, poems with recipes. *The New York Times Book Review* *Territory and Terror* Jan Mansvelt Beck, 2004-11-10

All Basque interpretations of national power have resulted in an uneasy mix of often fragmented and conflicting territorial identifications. Basques can identify themselves with France, Spain or an imagined Basque nation state. *Territory and Terror* confronts the imagined and actual territorial dimensions of nationalism, shedding new light on the Basque conflict. The study provides a rich description of territoriality analysed from a comparative perspective and explores the relation between territoriality and regional differences in conflict intensity. It supplies an account of the oft overlooked internal struggles between Basques, arguing that overestimation of Basque nationalism as the ideological force behind the conflict often leads to a disregard of the identification of many with France or Spain. In addition, the author investigates the conflicts between Basque nationalists themselves over key issues such as terrorist activity. *Territory and Terror* will appeal to students and researchers of nationalism and territoriality in particular to those with an interest in the Basque country. **The Basque Country** Yasna Maznik, 2002. The Basque country straddles both France and Spain but its strong sense of a distinct and separate nationhood gives it a very different identity, making a stay in this region quite unique. The coastline is lovely and resorts such as St Jean de Luz, San Sebastian and Biarritz are buzzing during the summer months. Dice with death and run with the bulls in Pamplona, explore the Guggenheim in Bilbao, hot new destination for the Brits, catch up with the pilgrims on their way to Santiago de Compostela at Saint Jean Pied de Port. Then to restore the energy levels, tuck into a plate of piperade or poulet basquaise washed down with a glass of Rioja or Irouleguy. **OECD Reviews of Regional Innovation: Basque Country, Spain 2011** OECD, 2011-04-07. Through a diagnostic of the innovation system and the policy mix in the Basque country, this review offers some policy and governance recommendations to help achieve the region's desired transition in light of global trends in the innovation process and innovation policy. *Biarritz and Basque Countries* Henry Russell, 2013-05-31.
