Symbols of the Eternal Doctrine Helen Valborg,2007 The remarkable essays in this volume were written for the expressed purpose of helping both the newcomer to spiritual thinking as well as the skilled practitioner to see the everyday objects from the wind and ships to deserts and lakes and subjects from dogs and ravens to dolphins and whales surrounding us as concrete embodiments and living symbols of the fundamental spiritual Essence from which everything has evolved These universal symbols are not just accidental mental constructs but are living realities that not only point to spiritual dimensions far beyond themselves but profoundly embody those spiritual realities Learning to see the world around us afresh in the light of its spiritual dimension reorients us to taking up again the age old task of treading the Path and aids us in activating our higher spiritual capacities which when awakened shed the pristine light of universal Theosophy on the path of spiritual self regeneration in the service of humanity The 28 wide ranging articles in this volume span a wide spectrum of human thought from the Tetraktys to the Cross from the Altar to the Mirror from the Pentagram to the Dodecahedron from the Dog to the Dwarf from the Heart to the Fool indeed from Shamballa to Paradise These essays reveal the fundamental religious philosophical and scientific aspects to the most mundane and most refined realities of our common everyday world Both the serious reflection upon and casual reading of these essays is a joyous expedition through the all too common truncated perceptions we have of our world to a higher level of awareness of the myriad ways in which the life of the universal Spirit is made manifest *Survival Is a Promise* Alexis Pauline Gumbs,2024-08-20 A Time Must Read Book of the Year Winner of the Judy Grahn Award for Lesbian Nonfiction A Publishers Weekly Top Ten Book of the Year Shortlisted for the 2025 Brooklyn Public Library Book Prize A bold innovative biography that offers a new understanding of the life work and enduring impact of Audre Lorde We remember Audre Lorde as an iconic writer a quotable teacher whose words and face grace T shirts nonprofit annual reports and campus diversity center walls But even those who are inspired by Lorde's teachings on the creative power of difference may be missing something fundamental about her life and work and what they can mean for us today Lorde's understanding of survival was not simply about getting through to the other side of oppression or being resilient in the face of cancer It was about the total stakes of what it means to be in relationship with a planet in

transformation Possibly the focus on Lorde's quotable essays to the neglect of her complex poems has led us to ignore her deep engagement with the natural world the planetary dynamics of geology meteorology and biology For her ecological images are not simply metaphors but rather literal guides to how to be of earth on earth and how to survive to live the ethics that a Black feminist lesbian warrior poetics demands In *Survival Is a Promise* Alexis Pauline Gumbs the first researcher to explore the full depths of Lorde's manuscript archives illuminates the eternal life of Lorde Her life and work become more than a sound bite they become a cosmic force teaching us the grand contingency of life together on earth
