The Attainment Of Crystal Vision:

The Attainment of Crystal Vision Frater Achad, 2005-12-01 This scarce antiquarian book is a facsimile reprint of the original. Due to its age, it may contain imperfections such as marks, notations, marginalia, and flawed pages. Because we believe this work is culturally important, we have made it available as part of our commitment for protecting, preserving, and promoting the world's literature in affordable, high-quality modern editions that are true to the original work. *Crystal Vision Through Crystal Gazing: Esoteric Classics* Frater Achad, 2020-01-12 Occult author Frater Achad dissects the ancient art of crystal gazing for the act of scrying or otherworldly viewing. Crystal gazing can help the seer come into contact and communicate with Intelligences of a Higher Order. He discusses the history of crystal gazing, how to get started, and what the seer can expect, as well as difficulties and how to overcome them. He also discusses using this skill in ceremonial rituals.

Crystal Vision Through Crystal Gazing Frater Achad, 2018-12-05 The Purpose of this little volume is three fold: 1 To give those who are interested in the art of Crystal Gazing a clear and concise method of procedure, not alone in the practice of the work but also in the preparation of the crystal itself, so that it becomes a true material basis or link with other planes; 2 To show that the Ancient Methods of Working, if properly understood, are more scientific than modern ones, since they were designed to insure a definite type of vision and to put the Seer in touch with definite Intelligences of a Higher Order; 3 To point out that there are other Crystalline Spheres besides the crystal ball at first used to contact them, and that eventually the practice may lead to very high results if the necessary steps are taken to insure success. With these objects in mind, the Author has done all in his power to make this book of real value to all who may obtain it. In the hands of the beginner, it may lead to a wider conception of the Nature and Powers of his or her own being. Those who have already traveled some distance along the Occult Path may still find help through the study of the more advanced, if less understood, methods of the Ancient Seers. Those who are seeking to make their own Vision more Perfect, so that the Light of Truth may focus itself within them, will also find hints as to the means of accomplishing their True Purpose. Thus, it is hoped, all will be satisfied and should their satisfaction be equal to that of the Author at this opportunity to herald the Light, however faintly, of the Ultimate Crystalline Sphere, whose nature is Light Itself, he will be more than repaid for his efforts.
