Overview of the doctrine of septenary chains of worlds in the Solar Kosmos A Master of Wisdom explains the struggle of Monadic Consciousness passing through seven man bearing planets At the dawn of a new Solar Manvantara progressed entities from the previous manvantara are born in the First Race of the First Round ahead of the Elementals and remain as latent inactive spiritual force in the aura of the nascent world of the new manvantara until the stage of human evolution is reached They will have then to accept to the last drop in the bitter cup of retribution The passage of human races in between planets being critical requires the presence of a Dhyani Chohan Gautama is the fifth leader and spiritual teacher in this round on this planet and the fourth who became Buddha The one who will appear at the close of the Seventh Root Race before the occupation of the next higher planet by humanity will again be a Dhyani Chohan At the beginning of each round it is the duty of the First Race to choose fit recipients among its sons as vessels to contain the whole stock of knowledge to be divided among future races and generations until the close of that round Every round on the descending arc is but a repetition in a more concrete form of the previous round a grosser and more material copy supervised and guided by special Builders and Watchers Rounds and their role in the serial evolution of nascent material nature is explained cosmologically and anthropologically Earth as we know her now had no existence before the Fourth Round In the First Round our planet was fiery cool and radiant like its ethereal men and animals luminous more dense and heavy during the Second watery during the Third But the Elements have been since reversed none were then as they are today In the course of the rounds Earth is being progressively spiritualised She will reach her true ultimate form corresponding inversely to that of man after the Seventh Round at the close of the manvantara There is a predestined moment in the geological life of our globe as in past and future chronicles of races and nations when effects will once again reconcile with causes and the original balance restored Genesis six days of creation meant six periods of evolution plus a seventh that of culmination of perfection not of rest and correspond to our Seven Rounds and Races Man was on earth in this round from the very beginning having passed through all the kingdoms of nature in the previous three rounds His inner constitution reflects the evolution of the first Three Root Races His Fifth Principle Manas was quickened at the close of the Third Race That of the animals remains inactive paralysed Though the human embryo has no more of the ape in it than of any other mammal it contains in itself the totality of all kingdoms of nature Intellect and materiality always precede intelligence and spirituality Physical intelligence is but the mask of spiritual intelligence There is a spiritual a psychic an intellectual and an animal evolution from the highest to the lowest as well as a physical development from the simple and homogeneous up to the more complex and heterogeneous Mind moves matter Without mind the Divine Monad has no hold upon the mere form It is like the breeze where there is no tree or branch to receive and harbour it The evolution of the human body is governed by terrestrial forces that of the thinking man by spiritual

forces Every form on earth every atom in Space strives to follow the model placed for it in the Ideal Man Molecularly constituted matter is not man's grossest aspect The vulgar and vile middle principle is the most offensive and sole stumbling block to progress The Angels doomed to embodied existence are still in chains of flesh under the darkness of ignorance They remain unrecognised and unthanked in the injustice of the human heart until the Great Day that will come after the Seventh Round in post manvantaric Nirvana Then the Dhyani Buddhas and the Planetary Spirits who laboured for long kalpas without condition or any hope for reward will have their rest The chief object of our struggles and initiations is to achieve this union while yet on this earth Those who will be successful have nothing to fear during the fifth sixth and seventh rounds says a Master of Wisdom Round 1 builds sthula sharira Round 2 forms linga sharira Round 3 breathes prana Round 4 arouses kama Round 5 uplifts manas Round 6 activates buddhi Round 7 merges the human monad into Atman the Divine Monad Appendix A Esoterically Manu Vaivasvata the Progenitor of our Fifth Race is one of forty nine that emanated from the Root Manu Exoterically he figures as seventh because this round though the fourth is in the preseptenary Manvantara and the round itself is in its seventh stage of materiality or physicality Manu Vaivasvata though seventh in the order given is the primitive Root Manu of the fourth Human Wave while our Vaivasvata was but one of the seven Minor Manus who preside over the Seven Races of our planet Appendix B Duration of each Planetary Round in this Minor Manvantara Duration of humanity in this Round on each Planet Duration of human life waves in this Round on Planet Earth Appendix C Genesis three Adams untangled Adam 1 is Kadmon or the Heavenly Man made in the image and likeness of god i e Second Logos Adam 2 was neither in the image nor in the likeness of god before he ate the forbidden fruit i e the mindless hence sinless First Root Race Adam 3 is the Third Root Race that separated whose eyes opened outwardly and acquired knowledge of good and evil The Jewish Kabbalists dwarfed the duration of each terrestrial round by six zeros Allusions to the septenary constitution of earth and man and to the Seven Rounds and Races abound in the New as in the Old Testament The Seven Sabbaths are seven pralayas between seven manvantaras or what we call rounds More allusions about meat offerings to the Lord the woman in purple and scarlet the mystery of the woman and the beast and other instances of farcical worship unpicked **The Secret Doctrine, Vol. 3** H. P. Blavatsky, 2022-10-13 There is perhaps no greater enigma in modern Western literature than The Secret Doctrine The controversial Russian noblewoman Madame Helena Petrovna Blavatsky told the world that the book restored humanity's lost history and destiny Its insights she said had been gleaned from long secret books of wisdom and her tutelage under mahatmas or great souls adepts from the East who exposed the seeker to their esoteric teaching To read The Secret Doctrine is to enter a mysterious world of ancient cosmology and spiritual scientific insights which tell of humanity's unthinkable ancient past and its burgeoning evolution into a new more refined existence For the first time Blavatsky's encyclopaedia arcana is available in a reset and redesigned single volume edition complete and unabridged Its truths and challenges are available to the intrepid reader who may find yet unknown insights within its pages **The Secret**

The Secret Doctrine: The Synthesis of Science, Religion, and Philosophy (Complete) Helena Petrovna Blavatsky, 2020-09-28 Since the appearance of Theosophical literature in England it has become customary to call its teachings Esoteric Buddhism And having become a habit as an old proverb based on daily experience has it Error runs down an inclined plane while Truth has to laboriously climb its way up hill Old truisms are often the wisest The human mind can hardly remain entirely free from bias and decisive opinions are often formed before a thorough examination of a subject from all its aspects has been made This is said with reference to the prevailing double mistake a of limiting Theosophy to Buddhism and b of confounding the tenets of the religious philosophy preached by Gautama the Buddha with the doctrines broadly outlined in Esoteric Buddhism Any thing more erroneous than this could hardly be imagined It has enabled our enemies to find an effective weapon against Theosophy because as an eminent P li scholar very pointedly expressed it there was in the volume named neither Esotericism nor Buddhism The esoteric truths presented in Mr Sinnett's work ceased to be esoteric from the moment they were made public nor did the book contain the

religion of Buddha but simply a few tenets from a hitherto hidden teaching which are now explained and supplemented by many more in the present volumes And even the latter though giving out many fundamental tenets from the Secret Doctrine of the East raise but a small corner of the dark veil For no one not even the greatest living Adept would be permitted to or could even if he would give out promiscuously to a mocking unbelieving world that which has been so effectually concealed from it for long on and ages Esoteric Buddhism was an excellent work with a very unfortunate title though it meant no more than does the title of this work The Secret Doctrine It proved unfortunate because people are always in the habit of judging things by their appearance rather than by their meaning and because the error has now become so universal that even most of the Fellows of the Theosophical Society have fallen victims to the same misconception From the first however protests were raised by Brahmans and others against the title and in justice to myself I must add that Esoteric Buddhism was presented to me as a completed volume and that I was entirely unaware of the manner in which the author intended to spell the word Budhism
