Water, Rhetoric, and Social Justice Theresa R. Castor, Casey R. Schmitt, Christopher S. Thomas, 2020-01-20 Water Rhetoric and Social Justice A Critical Confluence examines how individuals and communities have responded on a global scale to present day water crises as matters of social justice through oratory mass demonstration deliberation testimony and other rhetorical appeals This book applies critical communication methods and perspectives to interrogate the pressing yet mind boggling dilemma currently faced in environmental studies and policy that clean water the very stuff of life which flows freely from the tap in affluent areas is also denied to huge populations materially and fluidly exemplifying the currents of justice liberty and equity Contributors highlight discourse and water justice movements in nonofficial spheres from activists artists and the grassroots In extending the technical economic moral and political conversations on water justice this collection applies special focus on the novel rhetorical concepts and responses not necessarily unique to but especially enacted in water justice situations Scholars of rhetoric sociology activism communication and environmental studies will find this book particularly useful

The Australian Journal ,1870 **The Australian Commonwealth** ,1902 **The Australian People** James Jupp, 2001-10 Australia is one of the most ethnically diverse societies in the world today From its ancient indigenous origins to British colonisation followed by waves of European then international migration in the twentieth century the island continent is home to people from all over the globe Each new wave of settlers has had a profound impact on Australian society and culture The Australian People documents the dramatic history of Australian settlement and describes the rich ethnic and cultural inheritance of the nation through the contributions of its people It is one of the largest reference works of its kind with approximately 250 expert contributors and almost one million words Illustrated in colour and black and white the book is both a comprehensive encyclopedia and a survey of the controversial debates about citizenship and multiculturalism now that Australia has attained the centenary of its federation

International Student Visibility Catherine Gomes, 2024-10-29 This book narrates the ubiquitous relationship that international students have with their destination community asking why students are not part of these communities despite being visible actors not only as students but as neighbours and as workers in the service industries and the gig economy This book examines international students living and working in Australia through a cultural and communications lens bringing together almost a decade of interviews and online surveys It provides insight into their transnational identities and social and

cultural practices in real world and digital spaces Despite being an integral part of the ethnographic landscape of the places they occupy this book argues that international students are often not an integrated part of the wider community To remedy this international students have found ways to explore and communicate their experiences as transient migrants in Australia This book thus goes beyond canonical academic commentary on the international student experience which often views them as vulnerable migrants to suggest that students create a sense of community and belonging while providing the wider Australian public insights into the international student experience through the creative arts This book will appeal to scholars upper level students and researchers with interests in international and comparative education sociology of education urban education cultural studies migration studies and youth studies
