The Autobiography Of A Herring Choker:

The Autobiography of a Herring Choker Tom Sjoblom, 1991 **Finns in Minnesota** Arnold Robert Alanen, 2012 This succinct yet comprehensive volume outlines the contributions and culture of Minnesota's Finnish Americans perhaps best known for their cooperative ventures their political involvement and of course their saunas John William McCormack Garrison Nelson, 2017-03-23 In the first biography of U S House Speaker John W McCormack author Garrison Nelson uncovers previously forgotten FBI files birth and death records and correspondence long thought lost or buried For such an influential figure McCormack tried to dismiss the past almost erasing his legacy from the public's mind John William McCormack A Political Biography sheds light on the behind the curtain machinations of American politics and the origins of the modern day Democratic party facilitated through McCormack's triumphs McCormack overcame desperate poverty and family tragedy in the Irish ghetto of South Boston to hold the second most powerful position in the nation By reinventing his family history to elude Irish Boston's powerful political gatekeepers McCormack embarked on a 1928 1971 House career and from 1939 71 the longest house leadership career Working with every president from Coolidge to Nixon McCormack's social welfare agenda which included Social Security Medicare and Medicaid immigration reform and civil rights legislation helped commit the nation to the welfare of its most vulnerable citizens By helping create the Austin Boston Connection McCormack reshaped the Democratic Party from a regional southern white Protestant party to one that embraced urban religiously and racially diverse ethnics A man free of prejudice John McCormack was the Boston Brahmin's favorite Irishman the South's favorite northerner and known in Boston as Rabbi John the Jews favorite Catholic *Art and Memory in the Work of Elizabeth Bishop* Jonathan Ellis, 2006 This book opens a welcome new direction in Elizabeth Bishop studies and in the study of women poets generally by urging a more thorough scrutiny of artistic memory Drawing on published works and unpublished material overlooked by many critics Ellis balances consideration of Bishop's life in the United States with discussion of how her Canadian upbringing influenced her art *Encyclopedia of American Poetry: The Twentieth Century* Eric L. Haralson, 2014-01-21 The Encyclopedia of American Poetry The Twentieth Century contains over 400 entries that treat a broad range of individual poets and poems along with many articles devoted to topics schools or periods of American verse in the century Entries fall into three main categories poet entries which provide biographical and cultural contexts for the author's career entries on individual works which offer closer explication of the most resonant poems in the 20th century canon and topical entries which offer analyses of a given period of literary production school thematically constructed category or other verse tradition that historically has been in dialogue with the poetry of the United States *To Soar with the Eagles* Sidney Bolick, 2002 To Soar With The Eagles is the sequel to the author's first book Mama's Boarding House picking up where Mama's Boarding House leaves off His new book follows his training as a pilot in the Royal Canadian Air Force in 1941 and his World War II service in Europe with both the Royal Air Force and the United States Army Eighth Air

Force from 1942 through 1944 Returning to the United States in November of 1944 after having been shot down on a bombing mission over Germany being interned in Switzerland and escaping from there he ends the war in the Air Transport Command flying four engine transport planes on the run from California to Hawaii and the Central Pacific Islands This book is not about heroes although there are certainly some heroes in it Rather it is about ordinary young men like the author who when thrust into the maelstrom of war somehow found the courage and fortitude to face and overcome the dangers and challenges that confronted them Students of World war II and those simply curious about it will find that it was not all fighting and bloodshed For every minute spent in actual combat there were hours and days of training and preparation Some of the most interesting parts of this book are the author's descriptions of his training from learning to march in step to preparing for his first solo flight in a little Tiger moth biplane Reading almost like a diary *To Soar With The Eagles* follows the author's footsteps from the afternoon in June of 1941 when he steps down from the Greyhound Bus in Ottawa Canada until he is discharged from the United States Air Force in nineteen forty six an old veteran at the age of twenty two

Elizabeth Bishop Lorrie Goldensohn, 1992 Elizabeth Bishop A Biography of a Poetry is a fascinating account of one of the most influential and beloved poets of the past fifty years Writing a clean spare poetry of elegance lucidity and great charm Bishop appears to offer small insight into her private life wryly remarking that confessional poets overdo the morbidity
