Literature and Law, 2016-08-09 In recent years there has been a continuing and persistent world-wide interest in the interaction between the two disciplines of law and literature. Although there have been many collections of primary texts that combined these two areas, this volume presents literary analyses and criticism in an attempt to assess the varied relationships between law and justice between lawyers and clients and between readers' perceptions and authors' intent, hopefully suggesting why they have continually been yoked together. One similarity between the two is that lawyers like writers must catch their audience's attention by novelty of scene, distinctiveness of voice, and ingenuity of design. Furthermore, legal advocates must recreate a concrete sense of reality, developing vivid and valid pictures of a specific time and place. In short, both lawyers and writers attempt to provide a basis for juries/readers to judge defendants' characters by their motivations and their actions and to decide whether a favorable ruling/assessment is justified. Collectively, the essays in this book are designed to deal with themes of guilt and innocence, right and wrong, morality and legality. The essays also suggest that the world as it is delineated by lawyers is indeed a text that like its literary counterparts sometimes blurs the distinction between fact and fiction as it attempts to define truth and to establish criteria for impartial justice. By exploring interdisciplinary contexts, readers will surely be made more aware, more sensitive to the roles that stories play in the legal profession and to the dilemmas faced by legal systems that often succeed in maintaining the rights and privileges of a dominant societal group at the expense of a less powerful one.

Blakesley, 2006-11-30 Mysteries are among the most popular books today and women continue to be among the most creative and widely read mystery writers. This book includes alphabetically arranged entries on 90 women mystery writers. Many of the writers discussed were not even writing when the first edition of this book was published in 1994, while others have written numerous works since then. Writers were selected based on their status as award winners, their commercial success, and their critical acclaim. Each entry provides biographical information, a discussion of major works, and themes, and primary and secondary bibliographies. The volume closes with appendices and a selected general bibliography. Public library patrons will value this guide to their favorite authors, while students will turn to it when writing reports. Bloodroot Joyce Dyer, 2013-07-24 A broad sampling of deeply impressive writings: essays, memoirs, poetry, letters, stories by women from the Southern Highlands. Kirkus Reviews Winner of the 1997 Appalachian Studies Award, Appalachian Writers Association 1999 Book of the Year, Winner of the Susan Koppleman Award of the Popular Culture Association for Best Edited Collection in Women's Studies. Thirty-five women writers from Appalachia define the region in a larger, more generous and more intricate way than it has been defined before, dispelling many demeaning stereotypes of the region. The writers tell their compelling stories with poignancy, eloquence, forthrightness, and humor. A new American literary renaissance is ablaze in the Southern Highlands, the very place so often depicted by outsiders as dimly lit. 35 photos. Dyer succeeds admirably in a dual purpose: to promote a vital and virtually unknown body of work and to suggest an Appalachian spirit that transcends state borders and artistic genres. Publishers Weekly starred review. From the well-known like Dykeman, Sharyn McCrumb, and Denise Giardina to the lesser-known, these essayists in one way or another write of what it means to come to fully appreciate one's native tongue, to be inspired by the courage and fortitude of their Appalachian foremothers, and to glory in their profound attachment to the natural beauty of the Appalachian hills, hollers, and trails.
