The Bane of the Black Sword Michael Moorcock, 1987

After much wandering and seeking Elric finally discovers the location of the sorcerer who had earlier inconvenienced him. A meeting of old friends and scattered brothers evolves into a union of vengeance. A demon sent hoping to devour an albino is thwarted but its master's aims are met with Elric's capture. A bargain made with a well-intentioned merchant wins Elric his freedom but only half of him is allowed to escape. Elric, restored with his symbiotic blade, calls upon unholy aid to finally vanquish his meddling sorceress enemy. The final assault brings a grievous death as the dragon caves will no longer have a master. A promise broken and an unwanted soul taken by Elric's hungry companion. Another hollow victory causes Elric much discomfort.

Elric: The Bane of the Black Sword Roy Thomas, 2022-06-22. The Bane of the Black Sword is the sixth and penultimate volume in the saga of Elric and his terrible soul-eating magical sword STORMBRINGER. Collecting together the five interconnected novellas of the original novel *Old Wounds*, *Three Kings in Darkness*, *The King Beneath the Hill*, and *The Flame Bringers*, *The Bane of the Black Sword* continues the eternal struggle of Elric against the elder gods of chaos as he fights to bring Stormbringer home and perhaps find peace at last in the arms of his true love Zarozinia. In the last story in this collection, *To Rescue Tanelorn*, Elric's brother-in-arms Rackhir the Red is forced to travel through the five gateway realms in a quest to reach the Domain of the Grey Lords in search of aid to save the besieged city of Tanelorn from a horde of unimaginable evil. Once begun, this is a book that can't be put down until the last page, a sometimes surreal and often dreamlike interpretation. Starburst: You must read the book and you should own this graphic novel and all the successive tomes to come. Comics Review.

At the same time, the nascent Nazi forces are also in Istanbul for their own reasons. Begg and Philips are thrust into a city that is in transition from the ancient to the modern, reflecting the state of the world in the early 1930s, and they are hard-pressed on all sides by assassins and betrayals. Yet one ally has emerged: an enemy from the past, the dreaded albino Monsieur Zenith. Begg's nemesis. Michael Moorcock, hailed as one of the fifty greatest British writers since 1945 by *Time*, brings his masterful storytelling to this gripping tale, weaving elements of fantasy, action, and adventure into a thrilling tapestry. *The Albino's*
