Bates, 2021-04-21 Louisiana Coushatta Basket Makers brings together oral histories tribal records archival materials and archaeological evidence to explore the fascinating history of the Coushatta Tribe's famed basket weavers After settling at their present location near the town of Elton Louisiana in the 1880s the Coushatta Koasati tribe developed a basket industry that bolstered the local tribal economy and became the basis for generating tourism and political mobilization The baskets represented a material culture that distinguished the Coushattas as Indigenous people within an ethnically and racially diverse region Tribal leaders serving as diplomats also used baskets as strategic gifts as they built political and economic allegiances throughout the twentieth century thereby securing the Coushattas future Behind all these efforts were the basket makers themselves Although a few Coushatta men assisted in the production of baskets it was mostly women who put in the long hours to gather and process the materials then skillfully stitch them together to produce treasures of all shapes and sizes The art of basket making exists within a broader framework of Coushatta traditional teachings and educational practices that have persisted to the present As they tell the story of Coushatta basket makers Linda P Langley and Denise E Bates provide a better understanding of the tribe's culture and values The weavers own language of baskets shapes this narrative which depicts how the tribe survived repeated hardships as weavers responded on their own terms to market demands The work of Coushatta basket makers represents the perseverance of traditional knowledge in the form of unique and carefully crafted fine art that continues to garner greater recognition and appreciation with every successive generation *A Study of the Changes in Ojibwa, Tlinget, and Hopi Basketry as Relating to Economic, Political, Societal, and Historical Changes in the Respective Societies* Nancy Elizabeth McDonald, 1994 **Indian Basketmakers of the Southwest** Larry Dalrymple, 2000 Two photographers recreate a visual record of the 18th century friars search for a route from New Mexico to California **Woven from the Center** Diane Dittmore, 2024-01-16 In the beginning was basketry Around the world the intertwining of fibers by hand to form a container is a most ancient of crafts It is older than pottery and metalwork older than loom weaving Woven from the Center presents breathtaking basketry from some of the greatest weavers in the Southwest Each sandal and mat fragment each bowl and jar every water bottle and whimsy is infused with layers of aesthetic cultural and historical meanings This book offers stunning photos and descriptions of woven works from Tohono O'odham Akimel O'odham Hopi Western Apache Yavapai Navajo Pai Paiute New Mexico Pueblo Eastern Apache Seri Yaqui Mayo and Tarahumara communities This richly illustrated volume

Native American Basketry Frank Porter, 1988-04-27. This bibliography includes more than 1,100 entries from books, journals, newspaper articles, and dissertations concerning North American Indian basketry. More general cultural works with some information on basketry are also included, and the materials date from early ethnographic work in the late 19th and early 20th centuries to 1987. The introduction offers a good overview of research in Native American basketry, and although the annotations vary greatly in thoroughness and length, they are generally useful. This unique, well-produced bibliography is recommended for collections supporting programs in anthropology, crafts, or Native American Studies.

Choice Interest in Native American basketry dates from the late 1800s, when an enthusiastic public, together with curators, academic collectors, and archaeologists, first began to appreciate the value and uniqueness of these beautiful, hand-crafted artifacts. This bibliography is the first comprehensive guide to publications on the subject. Organized by major cultural areas of North America, it offers annotated listings of books, journal articles, dissertations, theses, monographs, and selected newspaper articles published over the last 100 years. In his introductory essay, Porter discusses the history of Native American basket making and the findings and views of some of the anthropologists, archaeologists, and popular writers whose works contribute to our knowledge of the subject. The bibliography is divided into eleven sections, each dealing with a specific geographical/cultural area. Entries are cross-referenced, and a comprehensive index gives convenient access to authors, titles, and subjects.

Basket Weavers for the California Curio Trade Marvin Cohodas, 1997-11. The peoples of northwestern California's Lower Klamath River area have long been known for their fine basketry. Two early twentieth-century weavers of that region, Elizabeth Hickox and her daughter Louise, created especially distinctive baskets that are celebrated today for their elaboration of technique, form, and surface designs. Marvin Cohodas now explores the various forces that influenced Elizabeth Hickox, analyzing her relationship with the curio trade and specifically with dealer Grace Nicholson, to show how those associations affected the development and marketing of baskets. He explains

the techniques and patterns that Hickox created to meet the challenge of weaving design into changing three dimensional forms In addition to explicating the Hickoxes basketry Cohodas interprets its uniqueness as a form of intersocietal art showing how Elizabeth first designed her distinctive trinket basket to convey a particular view of the curio trade and its effect on status within her community Through its close examination of these superb practitioners of basketry *Basket Weavers for the California Curio Trade* addresses many of today's most pressing questions in Native American art studies concerning individuality patronage and issues of authenticity Graced with historic photographs and full color plates it reveals the challenges faced by early twentieth century Native weavers Extremely well written and based on an impressive amount of archival research It skillfully interweaves biography rigorous stylistic analysis and social history into an impressive story Janet Berlo editor *The Early Years of Native American Art History* Published with the assistance of The Southwest Museum Los Angeles
