Six Sigma's Define Measure Analyze Improve and Control DMAIC process to address even the most challenging problems. They also offer realistic guidance on rolling out Six Sigma initiatives that deliver rapid and sustainable value. The authors show Six Sigma at work in every area of the hospital: clinical, radiology, surgery, ICU, cardiovascular, laboratories, emergency, trauma, administrative services, staffing, billing, cafeteria, even central supply. You'll learn why Six Sigma can produce better results than other quality initiatives, how it brings new rigor and discipline to healthcare delivery, and how it can be used to sustain ongoing improvements for the long term. Coverage includes: Adapting Six Sigma methodology, tools, and measurements for healthcare; Designing more successful experiments; Rolling out your Six Sigma initiative successfully; Case studies from every area of the hospital, from the ICU to billing; Six Sigma templates modified fully for the healthcare environment. Comprehensive and user friendly, this book will be indispensable to everyone concerned with quality or cost: administrators, managers, physicians, and quality specialists alike. Where Six Sigma is already in use or being considered, it will serve as a shared blueprint for the entire team.

First-Time-Right Procurement Oliver Münch, 2015-01-27. Based on more than 10 years of practical experience in the field of supply chain management, Oliver Münch indicates that, in favor of sustainability within the supply chain, the paradox purchasing savings can and should be substituted with the approach of the First Time Right Procurement. This dissertation subjects the monetary measurement of purchasing savings to a critical examination and questions whether it still applies. It indicates that monetary purchasing savings exert a negative impact on sustainable company success. In order to achieve a long-term sustainable success, it is proposed that the monetary measurement of purchasing savings can be replaced by measuring process times within the procurement organization.
