firms is a milestone in international business research. It compares the internationalization strategies of fast growing firms across nearly forty different European countries. It shows that the growth trajectories of firms reflect the investing country's geographical location, natural resource endowments, legal and financial institutions, and local culture. There are many important new insights to be gained from a careful study of this important new research resource. Mark Casson, University of Reading, UK. This unique Handbook illustrates how entrepreneurs across Europe tackle internationalization. This timely and important book identifies patterns and builds a theory of international entrepreneurship in Europe. The contributors discuss the performances of SMEs on the road to internationalization. Each chapter emphasizes how the process of internationalization of SMEs operates, the challenges and opportunities that arise due to each country's specific political and economic situation, and their subsequent internationalization performance. These processes, challenges, and performances can be understood through theories of international business and entrepreneurship. Although at times these theories cannot fully
