Small Perfect Things:

The Short Story Valerie Shaw, 2014-07-21 Throughout this text Valerie Shaw addresses two key questions What are the special satisfactions afforded by reading short stories and How are these satisfactions derived from each story's literary techniques and narrative strategies She then attempts to answer these questions by drawing on stories from different periods and countries by authors who were also great novelists like Henry James Flaubert Kafka and D H Lawrence by authors who specifically dedicated themselves to the art of the short story like Kipling Chekhov and Katherine Mansfield by contemporary practitioners like Angela Carter and Jorge Luis Borges and by unfairly neglected writers like Sarah Orne Jewett and Joel Chandler Harris

Thurschwell,2025-07-24 Adolescence has been codified as an unpredictable experimental and liminal time Teenage Time reads this phase as queer in its framing and disruption of developmental narratives of modernity showing that the identity of the teenager as it has been culturally perceived in different epochs developing since the 1940s has shaped the temporal imaginary of the 20th and 21st century From the conception of the teenager after the Second World War through notions of rebellion and consumption peaking in the 1980s and 1990s to representations of their precarious futures amidst the political social economic and environmental uncertainties of today Pamela Thurschwell exposes British and American representations of the adolescent as both destructive and recursive in their disturbance of narrative and teleology in literature film and sub cultural history Calling on theories of queer temporality time studies psychoanalysis and Marxist accounts of modernity this book traces how the teenager is out of time and time travelling commodified anarchic futureless precarious with an uneven distribution of time in relation to race and how they confront dystopias in Young Adult catastrophe literature Covering a wide range of works this book features contemporary and YA fiction such as The Member of the Wedding American Pastoral Sula The Hate U Give The Fault in Our Stars How I Live Now Never Let Me Go The Hunger Games and They Both Die at the End and films including Donnie Darko The Breakfast Club Back to the Future Say Anything and Ghost World Original and conceptually sophisticated Thurschwell demonstrates how adolescence is formed in dialogue with a crisis in and of historical time revealing the promise and destruction of the modern teenager **The Complete Works of Friedrich Nietzsche:**

imaginative space It was often through the small stuff that the Romans most acutely probed and challenged their society's overarching values and priorities and its sense of proportion and justice There is much to learn from what didn't or shouldn't matter By marking the spots where the apparently pointless becomes significant this book radically adjusts our understanding of the Romans and their world as well as our own minor feelings and intimate preoccupations **Christ in humanity** Jane Fisher, 1914 **Being Michael Swanwick** Alvaro Zinos-Amaro, 2023-11-21 In 2001 Michael Swanwick published the book length interview *Being Gardner Dozois* Now Swanwick himself becomes the subject of inquiry During a year of conversations Alvaro Zinos Amaro *Traveler of Worlds* Conversations with Robert Silverberg set about discussing with Swanwick his remarkable career with a particular focus on his extraordinary short fiction The resulting collection of transcribed interviews is a tribute to the similarly named book that inspired it a discussion of writing craft an anecdotal genre history and a chronological survey of the work of a modern master **All These Roads** Louis Dudek, 2009-08-07 A passionate believer in the power of art and especially poetry to influence and critique contemporary culture Louis Dudek devoted much of his life to shaping the Canadian literary scene through his meditative and experimental poems as well as his work in publishing and teaching *All These Roads* The Poetry of Louis Dudek brings together thirty five of Dudek's poems written over the course of his sixty year career Much of Dudek's poetry is about the practice of art with comment on the way the craft of poetry is mediated by such factors as university classes public readings reviews commercial presses and academic conferences The poems in this selection witty satires short lyrics and long sequences reflect self consciously on the relationship between art and life and will draw readers into the dramatic mid century literary and cultural debates in which Dudek was an important participant Karis Shearer's introduction provides an overview of Dudek's prolific career as poet professor editor publisher and critic and considers the ways in which Dudek's functional poems help both formally and thematically to carry out the tasks associated with those roles Comparing Dudek's reception to that of NourbeSe Philip Marilyn Dumont and Roy Miki Frank Davey's afterword locates Dudek in a pre 1980s version of multiculturalism that is more complex than many critics would have it According to Davey Dudek broadened the limits on the possible range and type of poetry for subsequent generations of Canadian writers **Grounding the Nietzsche Rhetoric of Earth** Adrian Del Caro, 2004 The words grounding rhetoric and earth represent the book's tripartite structure Using a philological method Del Caro reveals the ecological Nietzsche whose doctrines are strategies for responsible and creative partnership between humans and earth The major doctrines are shown to be related to early writings linked to paganism the quotidian and the closest things of Human All Too Human Perspective is shifted from time to place in the eternal recurrence of the same and from power to empowerment in the will to power This book is the first to comprehensively address the issue of where Nietzsche stands in relation to environment and it will contribute to the greening of Nietzsche **Spanish and English** Henry Neuman, 1849 *Neuman and Baretti's Dictionary of the Spanish and English Languages* Henry Neuman, 1842
