Smithsonian's New Zoo:

Smithsonian's New Zoo Jake Page, 1990 The National Zoological Park as explored by Page is a beautiful eye opening and international experience Page not only offers front seat and behind the scenes tours of the zoo in Washington D C he also covers animal preserves throughout the world Page recounts how scientists and others from the Smithsonian have been working to return captive animals to natural habitats and ward off the extinction of tigers elephants and other endangered creatures He keeps the scientific talk lively and entertaining at all times supplementing his text by 200 wonderful color photographs of animals in action The illustrations will certainly enchant animal lovers but all readers should appreciate this perspective on a zoo as an active force in wildlife conservation

Donahue, Conor Shaw-Draves, 2019-01-25 The literature on snakes is manifold but overwhelmingly centered on the natural sciences Little has been published about them in the fields of popular culture or the history of medicine Focusing primarily on American culture and history from the 1800s this study draws on a wide range of sources including newspaper archives medical journals and archives from the Smithsonian Institute to examine the complex relationship between snakes and humans [Animal Attractions](#) Elizabeth Hanson, 2018-06-05 On a rainy day in May 1988 a lowland gorilla named Willie B stepped outdoors for the first time in twenty seven years into a new landscape immersion exhibit Born in Africa Willie B had been captured by an animal collector and sold to a zoo During the decades he spent in a cage zoos stopped collecting animals from the wild and Americans changed the ways they wished to view animals in the zoo Zoos developed new displays to simulate landscapes like the Amazon River basin and African forests Exhibits similar to animals natural habitats began to replace old fashioned animal houses But such displays are only the most recent effort of zoos to

present their audiences with an authentic experience of nature Since the first zoological park opened in the United States in Philadelphia in 1874 zoos have promised their visitors a journey into the natural world And for more than a century they have been popular places for education and recreation every year more than 130 million Americans go to zoos to look at the animals and enjoy a day outdoors The first book length history of American zoos *Animal Attractions* examines the meaning of nature in the city by looking at the ways zoos have assembled and displayed their animal collections Situated literally and culturally in the American middle landscape zoos are concrete expressions of longstanding tensions between wildness and civilization science and popular culture education and entertainment In their efforts to promote nature appreciation they reveal much about how our culture envisions the natural world and the human place in it and how these ideas have changed

Zoo and Aquarium History Vernon N. Kisling, 2000-09-18 As one of the world's most popular cultural activities wild animal collections have been attracting visitors for 5 000 years Under the direction of Vernon N Kisling an expert in zoo history an international team of authors has compiled the first comprehensive global history of animal collections menageries zoos and aquariums *Zoo and Aquar* *Making Dinosaurs Dance* Barry Joseph, 2023-01-30 *Making Dinosaurs Dance* A Toolkit for Digital Design in Museums takes the reader behind the scenes to learn how the American Museum of Natural History innovates visitor digital engagement highlighting design techniques used both there and at museums around the world Based on the author's six years at the landmark institution that inspired the Night at the Museum franchise the book introduces The Six Tools of Digital Design user research rapid prototyping public piloting iterative design youth collaboration and teaming up then applies them through case studies across a range of topics Combining digital experience design with physical museum assets in a guided format featuring Crime Scene Neanderthal CSN a youth co designed and facilitated in Hall experience that invited museum visitors to use a mobile app and other tools to investigate a science based mystery Game based learning featuring three case a tabletop games Pterosaurs The Card Game mobile games Playing with Dinos and commercial off the shelf games Minecraft Mobile augmented reality games featuring MicroRangers which used AR to invite visitors to shrink to microscopic size and explore the Museum to combat threats to global biodiversity XR experience design featuring case studies about 360 videos on paleontology and virtual reality projects about ocean life Science visualizations featuring Galactic Golf an astro visualization that addressed the topics of mass and gravity through a round of mixed reality Martian golf interactive science visualizations that invited visitors to hold CT scans of bat skulls in their hand and Finding Flamingos a youth program focused on how Conservation Biologists protect endangered flamingos through GIS mapping and predictions software In addition the book explores related topics at institutions in Greece and France and from Washington D C to California *Environmentalism in Landscape Architecture* Michel Conan, 2000 The papers presented in this volume range from proposals for new design approaches historical analysis of the relationship between the practice of landscape architecture and environmentalism to the theories of early practitioners of landscape architecture imbued by an

environmentalist outlook The issues above are addressed through topics as eclectic as the design of American zoos the establishment of the Tennessee Valley Authority road design and maintenance in Texas and criticism of relationships between the words and works of select landscape architects This volume provides a fresh approach to encounters between environmentalism and landscape architecture by reframing the issues through self reflection instead of strategic debate
