Robert Mugabe and a Conflicting Legacy** Munyaradzi, Mawere, Marongwe, Ngonidzashe, 2018-11-17 Arguably one of the most polarising figures in modern times has been Robert Gabriel Mugabe the former President of the Republic of Zimbabwe The mere mentioning of his name raises a lot of debate and often times vicious if not irreconcilable differences both in Zimbabwe and beyond In an article titled Lessons of Zimbabwe Mahmood Mamdani succinctly captures the polarity thus It is hard to think of a figure more reviled in the West than Robert Mugabe and his land reform measures however harsh have won him considerable popularity not just in Zimbabwe but throughout southern Africa This together with his recent stylised ouster speaks volumes to his conflicted legacy The divided opinion on Mugabe's legacy can broadly be represented first by those who consider him as a champion of African liberation a Pan Africanist an unmatched revolutionary and an avid anti imperialist who literally spoke the truth to Western imperialists On the other end of the spectrum are those who seemingly paying scant regard to the predicament of millions of black Zimbabweans brutally dispossessed of their land and human dignity since the Rhodesian days have differentially characterised Mugabe as a rabid black fascist an anti white racist an oppressor and a dictator Drawing on all these opinions and characterisations the chapters ensconced in this volume critically reflect on the personality leadership style and contributions of Robert Mugabe during his time in office from 1980 to November 2017 The volume is timely in view of the current contested transition in Zimbabwe and with regard to the ongoing consultations on the Land Question in neighbouring South Africa It is a handy and richly documented text for students and practitioners in political science African studies economics policy studies development studies and global studies **Democratic Transitions in East Africa** F. **Delivering Land and Securing Rural Livelihoods** Francis Gonese,Michael Roth,2003 The History and Political Transition of Zimbabwe Sabelo J. Ndlovu-Gatsheni,Pedzisai Ruhanya,2020-10-21 This book is the first to tackle the difficult and complex politics of transition in Zimbabwe with deep historical analysis Its focus is on a very problematic political culture that is proving very hard to transcend At the center of this culture is an unstable but resilient nationalist military alliance crafted during the anti colonial liberation struggle in the 1970s Inevitably violence misogyny and

masculinity are constitutive of the political culture Economically speaking the culture is that of a bureaucratic parasitic primitive accumulation and corruption which include invasion and emptying of state coffers by a self styled Chimurenga aristocracy However this Chimurenga aristocracy is not cohesive as the politics that led to Robert Mugabe s ousting from power was preceded by dirty and protracted internal factionalism At the center of the factional politics was the first family Robert Mugabe and his wife Grace Mugabe This book offers a multidisciplinary examination of the complex contemporary politics in Zimbabwe taking seriously such issues as gender misogyny militarism violence media identity modes of accumulation the ethnicization of politics attempts to open lines of credit and FDI national healing and the national question as key variables not only of a complete political culture but also of difficult transitional politics
