Families in Music Robert L. Kendrick,2025-04-02 Examines how stories of biblical families were reconfigured and projected in the genre of the oratorio a form of sacred opera in the seventeenth and eighteenth centuries Based to a great extent on the Old Testament the largely Catholic musical dramatic genre was popular in Italy Austria and southern Germany in the seventeenth and eighteenth centuries Biblical Families in Music reveals how difficult stories of fratricide child sacrifice death and forbidden love performed a didactic function in oratorios teaching early modern audiences about piety and the rules of proper family life In the century after 1670 the heavily adapted tales of Abraham and Isaac Cain and Abel and the Egyptian slave Hagar and her son Ishmael were set to music by figures such as Alessandro Scarlatti and Antonio Sacchini and performed during Lent in churches and other sacred spaces for an audience of court nobility clergy and the urban patriciate By examining the resonance of Catholic oratorios within predominantly upper class social realities the book broadens our

cultural understanding of the early modern European family and underscores the centrality of family and familial relation to social position devotional taste and identity *Nuova antologia di lettere, scienze ed arti* Francesco Protonotari, 1888
