

MONTREAL IN THE LITERARY IMAGINATION

STORIES ON STREETS

BRYAN DEMCHINSKY AND ELAINE KALMAN NAVES

I may drive into the poor neighborhoods that spread west from the downtown. Made narrow by winter, the streets were lined by snowbound parked cars in igloos. Row houses were crammed together, with a gap between two- and three-story flats with crooked exterior staircases made of wrought-iron railings and worn wood steps against the sidewalks. Some entrances had been boarded by boards, others had been abandoned and the building outside of snow was piled in different directions with time and ice, and windows were sealed by paper and old newspaper to keep draughts. At the end

of Urbain was one of five working-class ghetto streets between the Main and Park Avenue.

To a middle-class stranger, it was the first five streets could be so interchangeable. On each corner a store, a grocery, and a fruit store. Outside staircases everywhere. Windows, wooden ones, rusty and rickety ones. An endless repetition of...peeling balconies and waste making the occasional gap here and there. But, as we boys knew, the street between the Main and Park Avenue represented subtle differences in income. No two cold-water flats alike and no two streets were the same either....

Of the five streets, St. Urbain

Montreal, City of Water

Michèle Dagenais, 2017-11-15 Built within an exceptional watershed Montreal is intertwined with the waterways that ring its island and flow beneath it in underground networks Even as the city has pushed its suburbs deeper into the interior of the island and onto the mainland the daily lives and leisure activities of its inhabitants remain closely bound to water *Montreal City of Water* focuses on water not only as a physical element of the

landscape both shaping and shaped by urban development but also as a sociocultural component of the life of the city In exploring the dynamics governing the relationship between Montrealers and their environment this unique study considers the role of water in the production and transformation of urban space over two centuries It traces the history of urbanization and shines a light on current concerns about water pollution river rehabilitation and renewed public access to the riverfront and the power relations involved in addressing those concerns Shoshanna's Story Elaine Kalman Naves,2006-01-01 At the end of World War II Shoshanna a survivor of Auschwitz made her way home to Hungary Of all her family only she and one sister survived the camps Years before her young officer husband had disappeared into Russia Believing herself a widow Shoshanna fell under the protection of an older man who like her had lost everything in the Holocaust Having given birth to this man's child before her beloved soldier returned she made a choice that would cloud her life and her daughter's ever after Elaine Kalman Naves is the daughter whose earliest memories were shaped by the consequences of her mother's decision as well as by haunting family tales Shoshanna raised Elaine amid a wealth of family lore and all too vivid memories the glamorous and eccentric aunts handsome suitors and faithless husbands death by order of the state and murder at the hand of a lover This is a lush and exotic family memoir set against momentous events yet timeless in its truth telling lessons

Urban Rivers Stephane Castonguay,Matthew Evenden,2012-05-10 Urban Rivers examines urban interventions on rivers through politics economics sanitation systems technology and societies how rivers affected urbanization spatially in infrastructure territorial disputes and in flood plains and via their changing ecologies Providing case studies from Vienna to Manitoba the chapters assemble geographers and historians in a comparative survey of how cities and rivers interact from the seventeenth century to the present Rising cities and industries were great agents of social and ecological changes particularly during the nineteenth century when mass populations and their effluents were introduced to river environments Accumulated pollution and disease mandated the transfer of wastes away from population centers In many cases potable water for cities now had to be drawn from distant sites These developments required significant infrastructural improvements creating social conflicts over land jurisdiction and affecting the lives and livelihood of nonurban populations The effective reach of cities extended and urban space was remade By the mid twentieth century new technologies and specialists emerged to combat the effects of industrialization Gradually the health of urban rivers improved From protoindustrial fisheries mills and transportation networks through industrial hydroelectric plants and sewage systems to postindustrial reclamation and recreational use Urban Rivers documents how Western societies dealt with the needs of mass populations while maintaining the viability of their natural resources The lessons drawn from this study will be particularly relevant to today's emerging urban economies situated along rivers and waterways Minority Report Marianne Ackerman,2011 Quebec's English language arts have experienced a remarkable revival in the 21st century The music scene has attracted international attention Arcade Fire's Grammy award for Album of the Year in 2011 even attracted political

Neither Here Nor There Christopher Bolander, 2009-10 From the beginning Montreal has played a significant role in French writing of North America While it is relatively easy to find novels to support the idea of Montreal as the center of the French Canadian universe a more interesting challenge has been to examine the ways in which writers avoid the city sometimes even effacing a character's and perhaps their own Montreal in the process In this book I examine the various roles of Montreal agent setting allegory theme character trope in a wide range of novels and short stories I reveal how Montreal's topography serves to offset the notion of a uniform citizenry while simultaneously reinforcing class differences I also reject the traditional rural urban rivalry by examining texts that draw attention to a failed romanticized view of rurality yet highlight the fact that Montreal's urban egocentrism can be considered no less an idealized view of society Perhaps the most valuable inquiry into the literature of Montreal found in the book is the subversion of the monolithic and homogeneous image of the city by detailing individual particularities which reflect the diversity of Montreal's various neighborhoods

Transmission et héritages de la littérature québécoise Karine Cellard, Martine-Emmanuelle Lapointe, 2012-02-02T00:00:00-05:00 La cohésion de la littérature québécoise semble aujourd'hui aller de soi Il s'agit pourtant d'un tissage mouvant et continu de liens avec le passé Ce livre en fait la démonstration selon trois perspectives contrastées mais complémentaires Dans une première partie on s'intéresse des phénomènes tels que la fabrication de l'histoire littéraire l'inclusion ou non des oeuvres de langue anglaise ou des francophonies canadiennes La deuxième partie examine l'oubli sélectif de certaines oeuvres comme les textes du XIXe siècle ceux d'auteurs dits mineurs ou encore de genres moins canoniques comme le théâtre La dernière partie présente les cas particuliers d'héritages littéraires représentés dans les oeuvres elles-mêmes sous la forme de jeux intertextuels de mises en scène d'auteurs et de lecteurs ou de problèmes d'herméneutique littéraire Ces

trois perspectives font ainsi ressortir les figures les lieux de mémoire ou les récits qui accompagnent nécessairement la littérature québécoise Avec les textes de Jennifer Beaudry Micheline Cambron Anne Caumartin Karine Cellard Robert Dion Nova Doyon Dominique Garand Stéphane Inkel Yves Jubinville Vincent C Lambert Martine Emmanuelle Lapointe Daniel Letendre Lianne Moyes François Par Lucie Robert *The Urban Condition: Literary Trajectories through Canada's Postmetropolis* Eva Darias-Beautell, 2019-06-04 Examining the centrality of the city in Canadian literary production post 1960 this collection of critical essays presents an interdisciplinary representation of the urban from a variety of backgrounds and perspectives By analysing contemporary Canadian literature in English the contributors intend to produce not only an alternative picture of the national literary traditions but also fresh articulations of the relationship between Canadian identity citizenship and nation Since the 1960s metropolitan regions across the world have experienced radical transformation For critical urban studies scholars this phenomenon has been described as a restructuring This study argues that in Canada this restructuring has been accompanied by a literary rearrangement of its canon consisting of a gradual shift of focus from the wild or rural to the urban Alluding to the changes within contemporary Canadian cities the term postmetropolis locates the contributors shared theoretical framework within a critical postmodern paradigm Centered on a particular selection of poetic or fictional texts each essay pushes the theoretical framework further suggesting the need for new tools of interpretation and analysis This book presents an urban literary portrait of Canada that is both thematically and conceptually coherent Using a range of interdisciplinary methodologies it adeptly navigates a range of urban issues such as surveillance asylum diaspora mobility the queer and the post political This book will be of interest to those studying or working on Canadian literature both in Canada and internationally as well as to those scholars engaged in investigations that intersect literature and urban studies **Quill & Quire**, 2004 Montreal. Jeremy Gray, 2001 This guide to Montreal covers the city's unique French English culture from grand churches to upscale neighbourhoods and multi ethnic enclaves It provides information on excursions to Quebec City the ski slopes of the Laurentians and the eastern townships
