Alfred John Church, 2015-07-21 Excerpt from Stories From Virgil: The favor with which the public received Stories from Homer has encouraged me to deal in the same way with the Aeneid. I have found it a difficult task, and I must ask the indulgence of my readers who will certainly miss not only the freshness and simplicity of the great Greek epic but those chief characteristics of Virgil: his supreme mastery of expression and the splendor of his style. I beg them to remember that I do not attempt to translate my original; that while I add nothing except in a very few instances an explanatory phrase, I am constrained to leave out much and that what I leave out or at the most very inadequately render will often be found to be that which they have been accustomed most to admire in the poet: his brilliant rhetoric, his philosophy, his imagination, and his pathos. My chief aim has been to represent to English readers the narrative, the interest of which is perhaps scarcely appreciated.
