Parenting with a Story Paul Smith,2014-11-12 Play nice Be kind Don t do that Every day it seems half our conversations with young people is made up of commands dealing with character and niceties all issues that need to be addressed and not ignored But how is it working Do you find yourself back at square one the next day with a child acting as though they had no idea they shouldn t be lying In Parenting with a Story author Paul Smith one of the world s leading experts in organizational storytelling shows that when stories are used to illustrate to children how choices and consequences play out in the real world with real people the impact will be far more profound than the relentless commands that are forgotten or ignored as soon as the parent turns away This collection of 101 narratives from people around the world and from all walks of life includes lessons that illuminate the power of character integrity curiosity creativity grit kindness patience gratitude and other essential characteristics every parent should be trying to instill in their children Sometimes heart wrenching sometimes funny always compelling these stories impart wisdom and help steer choices about Resisting peer pressure Remaining open minded Being humble Making courageous decisions Standing by their word Bouncing back from failure Showing compassion Picking friends wisely And more Throughout all of history stories have been used to help shape who we are and who we aspire to come But effective storytelling doesn t have to be reserved for teachers writers and preachers As a parent learn how to share stories discuss them with your child and watch your child grow into the adult every

Bompiani,2020-09-29 Five hundred years ago Martin Luther posted his ninety five theses or grievances to the door of the All Saints Church of Wittenberg and condemned the Catholic Church s teaching of indulgences as nothing but a scheme to raise money for the church It is a supreme irony of history that five hundred years later it is now a subset of the Protestant Church that is defrauding the faithful The Catholic Church s teaching of indulgences and the evangelical movement s teaching of tithing to be blessed are substantially the same and lead to the same result In both cases the church walks away with a bag of money and the Christian walks away with a bag full of empty promises This book explains why I am losing faith in the church but finding faith in Christ The reason for this is that I began finding answers to some of the most elusive questions about God Something is preventing God from doing all the good that he would otherwise want to do But here is the problem How can God have limitations If he has limitations then he must not be divine However there is one thing that could prevent a good all powerful God from doing all the good that he would otherwise want to do that would not detract at all from his omnipotence What this is and how it holds the key to unlocking some of the most perplexing mysteries of God is explained in this book
