Vampire Girl Problems Crystal-Rain Love, 2018-09-04 Danni Keller is half vampire half succubus and a full hot mess When Danni was younger she thought being a vampire could be kind of fun You stay young forever live in a castle and play by your own rules Then she was turned into one and while the eternally young part is true there's no castle She can't talk about her age she can't tell anyone what she is and with an overprotective sire like hers she can't even have a job or go shopping without a babysitter Danni knows it's for her own good and all since bad guys are

always trying to kill her the sun burns like hell she still can't eat human food without becoming gravely ill and she's not exactly your run of the mill vampire but a hybrid with all kinds of extra issues but still Is it too much to ask for a girl to have a cupcake

Expiation Drew Wagar, 2025-03-03 A hard science fiction series with a post apocalyptic fantasy feel the Shadeward Saga is set on the imaginary planet Esurio in orbit about the red dwarf Lacaille 9352 a real star just over 10 lightyears from Earth The planet is tidally locked one side always faces the star and the other is plunged into eternal darkness Only between the two extremes is life possible Long ago it was colonized but knowledge of those events has since fallen into myth and legend The whole Shadeward series is a beautiful story of love war betrayal pain and ultimately understanding and reconciliation It spans sci fi and fantasy in a twisting turning sometimes shocking tale of hidden power and murderous ambition seen through the eyes of some of the most compelling and memorable characters I've ever read The story takes you through an emotional rollercoaster never really knowing for sure who you can trust or where loyalties lie until well towards the end of the series which builds to an incredibly moving finale I haven't read many books that have brought me to tears but this did on more

than one occasion Powerfully written right up to the end I will miss the many characters that I grew to love and loathe over this series Story writing at its very finest This series couldn't have ended in a much more spectacular fashion All of the strings are tied up nicely and for a story that is so epic in its scope it hits all of the right emotional beats This story has everything It is also in no uncertain terms the end of the journey Kiri Zoella and Meru won't grace another page again But with the way their tales are told I think I'm okay with that Expiation Book Four of the Shadeward Saga In the final installment of the Shadeward Saga the stakes are raised to the highest point The threat to the planet becomes imperative and a last ditched attempt to deal with the problem is compounded by the unresolved animosity between Kiri and Zoella The priestesses plot their own revenge as the nature of the power that has twisted the course of fate on Esurio is finally revealed It becomes clear that life will soon be threatened all across Esurio and only a handful of people are able to stop the destruction Desperate voyages are undertaken in order to stave off the threat for time is now of the essence as Lacaille burns ever more fiercely in the sky above Kiri Meru and Zoella learn that sacrifices have to be made to secure the future of their planet
