**Studies of good and evil, a series of essays** Josiah Royce, 1898 Baptist Women's Writings in Revolutionary Culture, 1640-1680 Rachel

Adcock, 2016-03-09 Although literary historical studies have often focused on the range of dissenting religious groups and writers that flourished during the English Revolution they have rarely had much to say about seventeenth century Baptists or indeed Baptist women Baptist Women's Writings in Revolutionary Culture 1640 1680 fills that gap exploring how female Baptists played a crucial role in the group's formation and growth during the 1640s and 50s by their active participation in religious and political debate and their desire to evangelise their followers The study significantly challenges the idea that women as members of these congregations were unable to write with any kind of textual authority because they were often prevented from speaking aloud in church meetings On the contrary Adcock shows that Baptist women found their way into print to debate points of church organisation and doctrine to defend themselves and their congregations to evangelise others by example and by teaching and to prophesy and discusses the rhetorical tactics they utilised in order to demonstrate the value of women's contributions In the course of the study Adcock considers and analyses the writings of little studied Baptist women Deborah Huish Katherine Sutton and Jane Turner as well as separatist writers Sara Jones Susanna Parr and Anne Venn She also makes due connection to the more familiar work of Agnes Beaumont Anna Trapnel and Anne Wentworth enabling a reassessment of the significance of those writings by placing them in this wider context Writings by these female Baptists attracted serious attention and as Adcock discusses some even found a trans national audience The Christian observer [afterw.] The Christian observer and advocate, 1823

A Baptist Bibliography ,1916      **Church Life** Michael Davies, Anne Dunan-Page, Joel Halcomb, 2019-05-16 Church Life Pastors Congregations and the Experience of Dissent in Seventeenth Century England addresses the rich complex and varied nature of church life experienced by England's Baptists Congregationalists and Presbyterians during the seventeenth century Spanning the period from the English Revolution to the Glorious Revolution and beyond the contributors examine the social political and religious character of England's gathered churches and reformed parishes how pastors and their congregations interacted how Dissenters related to their meetings as religious communities and what the experience of church life was like for ordinary members as well as their ministers including notably John Owen and Richard Baxter alongside less well known figures such as Ebenezer Chandler Moving beyond the religious experience of the solitary individual often exemplified by conversion Church Life redefines the experience of Dissent concentrating instead on the collective concerns of a communally centred church life through a wide spectrum of issues from questions of liberty and pastoral reform to matters of church discipline and respectability With a substantial introduction that puts into context the key concepts of church life and the Dissenting experience the contributors offer fresh ways of understanding Protestant Dissent in seventeenth century England through differences in ecclesiology and pastoral theory and via the buildings in which Dissent was nurtured to the building up of Dissent during periods of civil war persecution and revolution They draw on a broad range of printed and archival materials from the minutes of the Westminster Assembly to the manuscript church books of early Dissenting congregations
