The Red

Canoe Jeanne Emmons,2017-08-11 Jeanne Emmons s Red Canoe is a mode of both transposition and transformation an eye ear and mouth by which the world is perceived and a metaphor for the mystery of the imagination *Sunlight & Cedar* Ken

Hada,2020-07-14 In Sunlight and Cedar the themes of Ken Hada s poetry remain constant to his earlier work You will find poems of nature ecology family isolation and social justice with a little moral theology and philosophy thrown in But what has changed in this collection is Hada s tone It s a subtle change but what one finds in this collection is a wiser and older poet who has begun to come to terms with life s disappointments and thus you meet a poet who can revel evermore deeply in life s joys however fleeting and few they are This turn in the poet s mindset is signaled from the get go with his masterful title poem Sunlight and Cedar in which he answers an apparent shortcoming of his work it s preoccupation with cigars sunlight and cedar by asking Is it such a bad thing to want to endure as cedar Is it a shortcoming to seek the light of the sun Clearly it is not nor is it a bad thing to play dominoes with your dad or to go camping with your son or any of the scenes explored in these poems So settle in for an evening or two with this fine collection of poems and enjoy the works of a master poet as he tries to remember something beyond words Alan Berecka **The White Canoe, and Other Verse** Alan Sullivan,2019-12-20

In *The White Canoe and Other Verse* Alan Sullivan presents a poignant collection of poetry that masterfully weaves personal introspection with broader themes of nature and existence His lyrical style characterized by vivid imagery and emotive language invites readers to explore the delicate interplay between the human experience and the natural world Each poem serves as a meditation on the transience of life expressed through a seamless blend of free verse and structured forms reflecting a deep engagement with both traditional and modern poetic techniques Set against the backdrop of early 20th century American literature Sullivan s work stands as a testament to the evolving landscape of poetry during a time of great social and cultural change Alan Sullivan known for his influential role in the literary community of his era drew inspiration from his own experiences and the rich tapestry of American landscapes His background as an editor and critic allowed him to hone his craft yielding a refined sensibility that is evident in his poetry Sullivan s works often reflect his affinity for nature and a contemplative lifestyle elements that intertwine harmoniously in this collection For readers seeking a profound
