Theatre Catherine Burroughs, 2000-11-16 First published in 2000 this collection of essays focuses on women theatre artists in the romantic period **The Cambridge History of British Theatre** Jane Milling, Peter Thomson, Joseph Walter Donohue (Jr.), 2004 Publisher Description *Charlotte* Kathryn Shevelow, 2006-02-21 The life of actress Charlotte Charke transports us through the splendors and scandals of eighteenth century London and its wicked theatrical world Her father Colley Cibber was one of the eighteenth century s great actor playwrights the toast of the British aristocracy a favorite of the king When his high spirited often rebellious daughter Charlotte revealed a fondness for things theatrical it was thought that the young actress would follow in his footsteps at the legendary Drury Lane creating a brilliant career on the London stage But this was not to be And it was not that Charlotte lacked talent she was gifted particularly at comedy Troublesome however was her habit of dressing in men s clothes a preference first revealed onstage but adopted elsewhere after her disastrous marriage to an actor who became the last man she ever loved Kathryn Shevelow an expert on the sophisticated world of eighteenth century London the setting for classics such as Tom Jones and Moll Flanders re creates Charlotte s downfall from the heights of London s theatrical world to its lascivious lows the domain of fire eaters puppeteers wastrels gender bending cross dressers wenches and scandalous sorts of every variety and her comeback as the author of one of the first autobiographies ever written by a woman Beyond the appealingly unorthodox Charlotte Shevelow masterfully recalls for us a historical era of extraordinary stylishness artifice character interest and intrigue Carrying All Before Her Chelsea Phillips, 2022-01-14 Carrying All Before Her recovers the stories of six eighteenth century celebrity actresses who performed during pregnancy melding public and private persona and person domestic and professional labor and helping to shape wider social medical and political conversations about gender sexuality pregnancy and motherhood Their stories deepen our understanding of celebrity repertory and theatre s connection to a wider social world and challenge notions of women s agency and power in and beyond the professional theatre Character's Theater Lisa A. Freeman, 2013-05-07 If the whole world acted the player how did the player act the world In Character s Theater Lisa A Freeman uses this question to test recent critical discussion of eighteenth century literature and culture Much current work she observes focuses on the concept of theatricality as both the governing metaphor of social life and a primary filter of psychic perception Hume s theater of the mind Adam Smith s impartial spectator and Diderot s tableaux are all invoked by theorists to describe a process whereby the private individual comes to internalize theatrical logic and apprehend the self as other To them theatricality is a critical mechanism of modern subjectivity but one that needs to be concealed if the subject s stability is to be maintained Finding that much of this discussion about the Age of the Spectator has been conducted without reference to the play texts or actual theatrical practice Freeman turns to drama and discovers a dynamic model of identity based on eighteenth century conceptualizations of character In contrast to the novel which cultivated psychological tensions between private interiority and public show dramatic characters in the eighteenth century experienced no private thoughts The theater of the eighteenth century was not

a theater of absorption but rather a theater of interaction where what was monitored was not the depth of character as in the novel but the arc of a genre over the course of a series of discontinuous acts In a genre by genre analysis of plays about plays tragedy comedies of manners humours and intrigue and sentimental comedy Freeman offers an interpretive account of eighteenth century drama and its cultural work and demonstrates that by deploying an alternative model of identity theater marked a site of resistance to the rise of the subject and to the ideological conformity enforced through that identity formation

The Devil's Cathedral David Fairer, 2021-10-05 THEATRE ROYAL DRURY LANE 24 April 1708 A performance of Macbeth is under way when disaster strikes and the stage becomes a scene of elemental chaos and for Widow Trotter and her friends at the Bay Tree Chocolate House a new adventure begins involving murder poison fire and a rogue elephant Devoted fans of Chocolate House Treason will welcome this second novel in the Chocolate House Mysteries series which captures all the energies of the early eighteenth century theatre We move among the eccentric characters of the Theatre Royal company in Drury Lane and at the exuberant May Fair where the actors moonlight in the fairground booths The puritanical reformers are determined to close the theatre and abolish the Fair and accidents begin to happen but Mary Trotter and her friends at the Bay Tree are determined to expose the conspiracy and the action reaches its climax at the Fair when the players are faced with the ultimate act of terror Once again David Fairer offers the delights of the classic eighteenth century novel intricately weaving a murder mystery with authentic history and bringing the London of Queen Anne to life

Aaron Hill Christine Gerrard, 2003 During his lifetime Aaron Hill was one of the most lively cultural patrons and brokers on the London literary scene an image hard to square with the company of undistinguished scribblers to which Pope relegated him in the Dunciad Aaron Hill The Muses Projector 1685 1750 the first biography of this fascinating figure for nearly a century aims to correct the distorted picture of the Augustan cultural scene which Pope passed down to posterity Hill deliberately confronted Pope in his attempt to free poetry's sublime and visionary potential from the stale platitudes of neo classical convention An early champion of women poets he also enjoyed close relationships with Eliza Haywood and Martha Fowke and brought his three writing daughters Urania Astrea and Minerva into close contact with his lifelong friend the novelist Samuel Richardson In 1711 Hill as stagemanager and librettist introduced Handel to the English stage as well as lobbying tirelessly for innovation in the eighteenth century theatre His entrepreneurial energies directed at both commercial and cultural projects mirror the zeitgeist of early Hanoverian Britain

Culture in Eighteenth-Century England Jeremy Black, 2007-02-01 He also shows the different currents at work belying any simple picture of England and the English as confident and self assured

Rival Queens Felicity Nussbaum, 2011-10-11 In eighteenth century England actresses were frequently dismissed as mere prostitutes trading on their sexual power rather than their talents Yet they were Felicity Nussbaum argues central to the success of a newly commercial theater Urban recently moneyed and thoroughly engaged with their audiences celebrated actresses were among the first women to achieve social mobility cultural authority

and financial independence In fact Nussbaum contends the eighteenth century might well be called the age of the actress in the British theater given women s influence on the dramatic repertory and through it on the definition of femininity Treating individual star actresses who helped spark a cult of celebrity especially Anne Oldfield Susannah Cibber Catherine Clive Margaret Woffington Frances Abington and George Anne Bellamy Rival Queens reveals the way these women animated issues of national identity property patronage and fashion in the context of their dramatic performances Actresses intentionally heightened their commercial appeal by catapulting the rivalries among themselves to center stage They also boldly challenged in importance the actor managers who have long dominated eighteenth century theater history and criticism Felicity Nussbaum combines an emphasis on the actresses themselves with close analysis of their diverse roles in works by major playwrights including George Farquhar Nicholas Rowe Colley Cibber Arthur Murphy David Garrick Isaac Bickerstaff and Richard Sheridan Hers is a comprehensive and original argument about the importance of actresses as the first modern subjects actively shaping their public identities to make themselves into celebrated properties *Forthcoming Books* Rose Arny,1990
