Star Trek: The Centre Cannot Hold Mike W. Barr, 2006-09-01 MERE ANARCHY A new six part epic covering thirty years of Star Trek history continuing with an adventure that takes place during the historic five year mission Book 2 THE CENTRE CANNOT HOLD A few years after the disaster on Mestiko the Payav are struggling to rebuild in the wake of the pulsar s damage The Starship Enterprise returns with a plan to help restore the planet s atmosphere But the Klingon Empire has also taken an interest in Mestiko and has come to the aid of one of the world s many factions Captain James T Kirk finds himself once again pitted against the Klingon commander Kor with the fate of Mestiko at stake **The Centre Cannot Hold** Tom Collins, 1983 *Desire for Development* Barbara Heron, 2007-12-04 In *Desire for Development* Whiteness Gender and the Helping Imperative Barbara Heron draws on poststructuralist notions of subjectivity critical race and space theory feminism colonial and postcolonial studies and travel writing to trace colonial continuities in the post development recollections of white Canadian women who have worked in Africa Following the narrative arc of the development worker story from the decision to go overseas through the experiences abroad the return home and final reflections the book interweaves theory with the words of the participants to bring theory to life and to generate new understandings of whiteness and development work Heron reveals how the desire for development is about the making of self in terms that are highly raced classed and gendered and she exposes the moral core of this self and its seemingly paradoxical necessity to the Other The construction of white female subjectivity is thereby revealed as contingent on notions of goodness and Othering played out against and constituted by the backdrop of the NorthSouth binary in which Canada s national narrative situates us as the good guys of the world Time's Lie Leo Cookman, 2020-05-01 Why are facts and statistics disparaged and dismissed now more than ever Why do people trust fake news If we have had enough of experts who should we listen to Rather than the possible collapse of modern society could this be an opportunity to look at not just society but our own lives in a different way Whoever controls the narrative is the one who is in control Time s Lie analyses the history the science and the philosophy behind the creation of linear stories or Narrativisation as this book dubs it *Oxford Dictionary of Reference and Allusion* Andrew Delahunty, Sheila Dignen, 2012-09-13 Allusions are a marvelous literary shorthand A miser is a Scrooge a strong man a Samson a beautiful woman a modern day Helen of Troy From classical mythology to modern movies and TV shows this revised and updated third edition explains the meanings of more than 2 000 allusions in use in modern English from Abaddon to Zorro Tartarus to Tarzan and Rambo to Rubens Based on an extensive reading program that has identified the most commonly used allusions this fascinating volume includes numerous quotations to illustrate usage drawn from sources ranging from Thomas Hardy and Charles Dickens to Bridget Jones s Diary In addition the dictionary includes a useful thematic index so that readers not only can look up Medea to find out how her name is used as an allusion but also can look up the theme of Revenge and find alongside Medea entries for other figures used to allude to revenge such as The Furies or

English Solved Papers & Practice Book (2023-24 JSSC PGTTC) YCT Expert Team , 2023 24 JSSC PGTTC English Solved Papers Practice Book State Failure, Sovereignty And Effectiveness Gérard Kreijen, 2004 This comprehensive study of State failure upholds that the collapse of States in sub Saharan Africa is a self inflicted problem caused by the abandonment of the principle of effectiveness during decolonization On the one hand the abandonment of effectiveness may have facilitated the recognition of the new African States but on the other it did lead to the creation of States that were essentially powerless some of which became utter failures Written in a style both provocative and unorthodox and using convincing arguments this study casts doubt on some of the most sacred principles of the modern doctrine of international law It establishes that the declaratory theory of recognition cannot satisfactorily explain the continuing existence of failed States It also demonstrates that the principled assertion of the right to self determination as the basis for independence in Africa has turned the notion of sovereignty into a formal legal figment without substance This book is a plea for more realism in international law Pensive pessimists in the tradition of Hobbes will probably love it Idealists in the tradition of Grotius may hate it but they will find it very difficult to reject its conclusions Sustainable Civilization Klaas Van Egmond, 2014-08-19 In order to be sustainable a civilization must maintain the balance between mind and matter and between the egocentric I and the others This book investigates how new institutional arrangements in politics economy and finance can resolve the current crisis of social values by restoring this delicate balance between opposing forces **Bones of the Ancestors** Brian Egloff, 2008 The 3 500 year old Ambum Stone from Papua New Guinea is the focus of several archaeological stories The stone itself is an interesting artifact an important piece of art history that tells us something about the ancient Papuans The stone is also at the center of controversies over the provenance and ownership of ancient artifacts as it was excavated on the island of New Guinea transferred out of the country and sold on the antiquities market In telling the story of the Ambum Stone Brian Egloff raises questions about what can be learned from ancient works of art about cultural property and the ownership of the past about the complex and at times shadowy world of art dealers and collectors and about the role ancient artifacts can play in forming the identities of modern peoples Book jacket *Tanya Tania* Antara Ganguli, 2016-07-31 Last night there was a snowstorm that made my window disappear I woke up thinking you had died This is my first letter in three and a half years First letter since I left Pakistan First letter since Nusrat It is 1992 Violence is exploding in Pakistan In India a 16th century mosque is about to be demolished Tanya Talati in Karachi and Tania Ghosh in Bombay write letters to each other moving from the commonplace to what cannot be said to anyone a mother who has fallen silent sex that has become a weapon bills that cannot be paid and a servant with impossibly soft hands When Tanya s brother receives a kidnapping threat

in Karachi she sets in motion what no one could have predicted least of all Tania who finds herself alone in a forbidden Bombay bazaar listening to a riot torn city draw closer and closer and closer Tanya Tania is a story about power love and belonging as two girls searching for selfhood become women in adolescent India and Pakistan Patient-Centred Medicine in Transition Alan Bleakley, 2014-01-27 This book challenges functional models for more aesthetic and ethical models where communication is grounded in values systems of cultures Here communication is treated as a distributed phenomenon involving networks of persons activities and artifacts and extends beyond doctor patient relationships to working in and across teams around patients The purpose of the book is to stimulate thinking about how patient care and safety may be improved through a focus upon the non technical work of doctors interpersonal communication teamwork and situation awareness in teams The focus is then not on the personality of the doctor but on the dynamics of relationships which form doctors multiple identities **The Oxford Handbook of the English Revolution** Michael J. Braddick, 2015-03-05 This Handbook brings together leading historians of the events surrounding the English revolution exploring how the events of the revolution grew out of and resonated in the politics and interactions of the each of the Three Kingdoms England Scotland and Ireland It captures a shared British and Irish history comparing the significance of events and outcomes across the Three Kingdoms In doing so the Handbook offers a broader context for the history of the Scottish Covenanters the Irish Rising of 1641 and the government of Confederate Ireland as well as the British and Irish perspective on the English civil wars the English revolution the Regicide and Cromwellian period The Oxford Handbook of the English Revolution explores the significance of these events on a much broader front than conventional studies The events are approached not simply as political economic and social crises but as challenges to the predominant forms of religious and political thought social relations and standard forms of cultural expression The contributors provide up to date analysis of the political happenings considering the structures of social and political life that shaped and were re shaped by the crisis The Handbook goes on to explore the long term legacies of the crisis in the Three Kingdoms and their impact in a wider European context Practice Resurrection Eugene H. Peterson, 2010 There is no question that bringing men and women to new birth in Christ is essential But argues Eugene Peterson isn't it obvious that growth in Christ is equally essential Yet the American church does not treat Christian growth and character formation with equivalent urgency We are generally uneasy with the quiet obscure conditions in which growth takes place Building maturity in Christ is too often relegated to footnote status in the text of our lives In Practice Resurrection Peterson brings the voice of Scripture especially Paul's letter to the Ephesians and the voice of the contemporary Christian congregation together in understanding what is involved in the practice of becoming mature growing up to the stature of Christ Grasping Africa Stephen Chan, 2007-01-26 Africa is huge internationally vital potentially rich and powerful yet mired in failure political economic social and even cultural Yet the story of contemporary Africa is not just one of global tragedy but also of enormous hope for the future This stimulating and unconventional book on Africa today and

its relationship with the West explores the many complex reasons behind Africa's failure to fulfil its potential it is a continent blighted by colonialism exploitation and the interference of great powers in the international relations of the region and offers some genuinely original and well argued suggestions for ways forward Critical and objective yet involved and sympathetic Grasping Africa demonstrates Stephen Chan's deep understanding of the history and politics of Africa based on his long experience of the continent in often dangerous circumstances 10 Optional English Mocktime

Flanders,2022-04-11 The Deuteronomistic History contains many vast troop and casualty numbers What purpose does this literary device of numerical hyperbole serve What rhetorical purposes do any of the numbers in this text serve In The Rhetorical Use of Numbers in the Deuteronomistic History Saul Has Killed His Thousands David His Tens of Thousands Denise Flanders explores the variety of rhetorical effects that numbers have on the narrative of Joshua 2 Kings Flanders demonstrates that numbers in Joshua 2 Kings often work in surprising and subversive ways Rather than regularly glorifying a leader large casualty numbers may actually anticipate a ruler's downfall Rather than underscoring an Israelite battle victory numbers sometimes qualify or undermine the triumph of victories
