The Oxford Handbook of Christian Fundamentalism Andrew Atherstone, David Ceri Jones, 2024-01-18 This authoritative volume offers the fullest account to date of Christian fundamentalism its origins in the nineteenth century and its development up to the present day It looks at the movement in global terms and through a number of key subjects and debates in which it is actively engaged **Baptist Identities** Ian M. Randall, Toivo Pilli, Anthony R. Cross, 2006-08-01 The authors of the papers published here come from a dozen different countries and represent different expressions of Baptist life The papers were delivered at the third International Conference on Baptist Studies held at the International Baptist Theological Seminary in Prague in July 2003 with the theme Baptist Identities Those who gave presentations explored what factors have contributed to the nature of Baptist distinctiveness in different countries and at different times In some cases the authors have written about their own contexts using specific case studies that relate to particular periods whereas in other cases they range more widely covering several countries and or longer periods of time Topics examined in this volume include theological education women in leadership issues of ethnicity Baptist identity and national consciousness and creeds The regional scope of the Baptist stories that are analyzed includes Africa Asia Australia Eastern and Western Europe and North America At a time when there is considerable discussion throughout the world Baptist community about the nature of Baptist identity this collection of papers by significant historians of Baptist life is an important contribution *Strangers to Fire* Robert Graves, 2016-11-01 This is an anthology of 35 essays edited by Robert W Graves President of The Foundation for Pentecostal Scholarship written by 26 authors of the Pentecostal Charismatic and Third Wave movements or non cessationists of traditional denominations responding to John F MacArthur s Strange Fire or cessationism and the abuse of the charismata in general Foreword by J Lee Grady Authors include Wayne Grudem Jack Deere Craig Keener Jon Ruthven Sam Storms Doug Oss Mel Robeck Paul Elbert Randy Clark Robert Menzies J P Moreland Gary Greig Mark Rutland Gary Shogren William De Arteaga William K Kay and Melvin Hodges Theologizing in the Radical Middle Ryun H. Chang, 2018-09-17 This book doesn t endorse any systematic theology rather it s about how we theologize Why do two equally trained theologians studying the same book and loving the same Lord arrive at such different conclusions This theological disagreement at times becoming personal spills over from the academia to seminaries and churches And if history is any indicator this always weakens the unity of the church Who needs unity when correct doctrines are at stake right But is the defense of all doctrines worth foregoing the unity of the church despite Jesus prayer that they may be one even as we are one At bottom our theological contentiousness stems from not recognizing that the way biblical revelation is framed is not

designed to be handled the way seminaries typically do Regardless we strive for the rightness of our tidy theology even disowning those who disagree while doing so The disavowal of continuationists by the Strange Fire crowd is the most recent instance in a long line of placing doctrinal purity over the unity of the body This book uncovers how Scripture is really structured and how therefore we need to theologize differently so that we may grow spiritually in Word and Spirit

Construyendo El Reino de Dios , Salvation with a Smile Phillip Luke Sinitiere,2015-11-13 Joel Osteen the smiling preacher has quickly emerged as one of the most recognizable Protestant leaders in the country His megachurch the Houston based Lakewood Church hosts an average of over 40 000 worshipers each week Osteen is the best selling author of numerous books and his sermons and inspirational talks appear regularly on mainstream cable and satellite radio How did Joel Osteen become Joel Osteen How did Lakewood become the largest megachurch in the U S *Salvation with a Smile* the first book devoted to Lakewood Church and Joel Osteen offers a critical history of the congregation by linking its origins to

post World War II neopentecostalism and connecting it to the exceptionally popular prosperity gospel movement and the enduring attraction of televangelism In this richly documented book historian Phillip Luke Sinitiere carefully excavates the life and times of Lakewood's founder John Osteen to explain how his son Joel expanded his legacy and fashioned the congregation into America's largest megachurch As a popular preacher Joel Osteen's ministry has been a source of existential strength for many but also the routine target of religious critics who vociferously contend that his teachings are theologically suspect and spiritually shallow Sinitiere's keen analysis shows how Osteen's rebuttals have expressed a piety of resistance that demonstrates evangelicalism's fractured but persistent presence Salvation with a Smile situates Lakewood Church in the context of American religious history and illuminates how Osteen has parlayed an understanding of American religious and political culture into vast popularity and success

Book 8 Apostles PB Kurt Jurgensmeier, 2012-08-22 How was NT Scripture created The Apostles are our only link to the truths of the New Covenant we are saved by and live by Who were these men How did they obtain such divine revelation How can we know they did We make the following claims in this book It was through the Scripture gift of divine knowledge and wisdom that Apostles obtained a store of revelation from which they wrote from This revelation was not received through some subjective mystical experience referred to as inspiration but the Apostles physically saw or heard the revelation or received it in visions and then accurately recorded it 1 Corinthians 13:8-13 teaches that the Scripture and sign gifts claimed by charismaticism today were predicted by the Apostle Paul to cease with the completion of the NT revelation and history confirms this very thing Theories of inspiration for the creation of Scripture are unnecessary and nowhere supported in Scripture

Salvation in the Flesh David Tremontozzi, 2018-02-01 David Tremontozzi contends that conservative traditional Christianity has uncritically adopted an intellectualist i.e. rationally driven view of faith in its understanding and practice of salvation Throughout he maintains that an intellectualist soteriology should be rejected because it prioritizes the rational over other behavioral and affective aspects of faith An intellectualist rendering of salvation is incomplete because human experience is neither abstract nor gnostic it is embodied and experientially relevant An intellectualist soteriology simply cannot account for the dynamic and transforming possibilities of saving grace Salvation in the Flesh offers an innovative perspective on the embodied nature of faith and the centrality of the Holy Spirit in the Christian doctrine of salvation Drawing from the cognitive neurosciences and psychology Tremontozzi argues for a

holistic awareness of cognition to better inform an embodied understanding of faith In dialogue with the cognitive sciences he appropriates Jonathan Edwards theology of religious affections early church practices and pentecostal spirituality to highlight the soteriological significance of orthodoxy orthopraxy and orthopathy for a renewal soteriology of embodiment In doing so Tremontozzi offers a vision of salvation that more thoroughly accounts for the multifarious ways God's saving grace interacts with human flesh and blood
