Freedom and Existence Matthew Aaron Tennant,2023-08-07 Is theology a dead corpse or living organism For Uruguayan Jesuit Juan Luis Segundo 1925 1996 theology is dynamic Freedom and existence for central themes Segundo believed that theology should be transformative in human lives For a theology to be transformative there must be a connection to existence That is it must be existential Yet most scholars have overlooked this assumption in critical analyses of liberation theology This prima facie connection to existence is distinguishable from existentialism as a school of philosophy By showing the significant existential dimension to Segundo s theology assessing his work and contribution to twentieth century theology relates to freedom ecumenism the role of faith in society and the relationship between faith and ideologies **A New**

Handbook of Christian Theologians Donald W. Musser,1996-09-01 In recent years the flow of Christian theology has been channeled in diverse streams represented by such trends and movements as black theology liberation theology feminist theology and womanist theology To survey this abundance and diversity of current Christian theology this book examines the theologies of representative theologians Particularly to help students navigate the sea of information the editors have identified various routes for reading and have traced several threads or issues common to many of the essays thus demarcating such recurrent concerns as the ways in which the theologians consider the sources and goals for theology their variant assumptions and conclusions about the nature of God their divergent approaches to understanding the person and purpose of the Christ and their distinct expectations for the destiny of history and faith **A Spirituality of Everyday**

Faith Declan Marmion,1998 Because spirituality is such a ubiquitous term today any attempt to elucidate it more fully is only to be welcomed Volume 23 in the LTPM series represents a significant contribution in this regard Beginning with the apostle Paul Declan Marmion shows how the meaning of the term spirituality changed over the centuries He then offers a useful working definition of spirituality and explores the complicated relationship between spirituality academic theology and religious experience In the main body of the book Marmion focuses on the spiritual basis of Karl Rahner s theology Exhibiting a comprehensive knowledge of the primary and secondary literature in this area Marmion uses Rahner s notion of spirituality to treat such important themes as the nature of God mystical experience prayer love of neighbor and more **An**

Postcolonial Theory S. Abraham,2007-04-30 Abraham argues that a theological imagination can expand the contours of postcolonial theory through a reexamination of notions of subjectivity gender and violence in a dialogical model with Karl Rahner She questions of whether postcolonial theory with its disavowal of religious agency can provide an invigorating occasion for Catholic theology Latin American Liberation Theology David Tombs,2021-11-08 David Tombs offers an accessible introduction to the theological challenges raised by Latin American Liberation and a new contribution to how

these challenges might be understood as a chronological sequence Liberation theology emerged in the 1960s in Latin America and thrived until it reached a crisis in the 1990s This work traces the distinct developments in thought through the decades thus presenting a contextual theology The book is divided into five main sections the historical role of the church from Columbus's arrival in 1492 until the Cuban revolution of 1959 the reform and renewal decade of the 1960s the transitional decade of the 1970s the revision and redirection of liberation theology in the 1980s and a crisis of relevance in the 1990s This book offers insights into liberation theology's profound contributions for any socially engaged theology of the future and is crucial to understanding liberation theology and its legacies This publication has also been published in paperback please click here for details [English Spirituality](#) Gordon Mursell, 2001-01-01 This wide ranging historical survey provides an indispensable resource for those interested in exploring teaching or studying English spirituality In two stand alone volumes it traces the history from Roman times until the year 2000 The main Christian traditions and a vast range of writers and spiritual themes from Anglo Saxon poems to late modern feminist spirituality are included These volumes present the astonishing richness and variety of responses made by English Christians to the call of the divine during the past two thousand years [Evangelism after Christendom](#) Bryan Stone, 2007-03-01 Most people think of evangelism as something an individual does one person talking to one or more other people about the gospel Bryan Stone however argues that evangelism is the duty and call of the entire church as a body of witness Evangelism after Christendom explores what it means to understand and put to work evangelism as a rich practice of the church grounding evangelism in the stories of Israel Jesus and the Apostles This thorough treatment is marked by an astute sensitivity to the ways in which Christian evangelism has in the past been practiced violently intentionally or unintentionally Pointing to exemplars both Protestant and Catholic Stone shows pastors professors and students how evangelism can work nonviolently *Liberation Theologies* Ronald G. Musto, 2020-11-25 First Published in 1991 The following is a comprehensive scholarly bibliography of published materials on the varieties of liberation theology mostly in book form available in English It is intended as an introductory survey to this vast and quickly expanding field for the teacher and student of contemporary theology of biblical hermeneutics and to the interrelationship of politics and religion around the world It will also serve as a comprehensive bibliography

Jesus and Liberation Carlos R. Piar, 1994 This book examines how liberation theologians Leonardo Boff Jon Sobrino Juan L Segundo and others have elaborated a christology a story about Jesus that addresses the oppression under which the majority of Latin Americans live The book seeks to point out methodological and rhetorical weaknesses and inconsistencies that undermine the validity persuasiveness and hence efficacy of the liberationist discourse The book challenges liberation theologians to construct a christology that would be as coherent in its development and proclamation as it would be liberating The book also focuses on such areas as liberation theology christology theological method hermeneutics and Christian ethics **Liberation Theology Along the Potomac** Edward F. Terrar, 2011 Explores the particular beliefs of

Maryland's Catholic laborers who were at odds with the traditional English Catholic gentry in opposition to their crown parliament clergy and papacy and sympathetic to the Protestant Antinomians seeking to challenge the established order of Maryland's church and state The economic intellectual legal and social history of the Maryland Catholics during the English Civil War is compared to related developments in Europe Latin America and Africa Gregorianum, 1988 Horizons, 1966 **Forthcoming Books** Rose Arny, 1995 Christianity and Crisis Reinhold Niebuhr, 1987 A bi weekly journal of Christian opinion **Missionalia**, 1990 Contains abstracts of missiological contributions book reviews and articles

Evangelization from a Liberation Perspective Priscilla Pope-Levison, 1991 In this pioneering work Dr Pope Levison marshalls an enormous amount of material on the topic of evangelization in Latin American liberation theology By analyzing the writings of ten theologians she demonstrates convincingly that evangelization serves uniquely as a bridge between theology and praxis This study is indispensable for students of contextual theology and evangelization In addition the introductory discussion of evangelization in recent documents from the Roman Catholic Church and the World Council of Churches renders this an invaluable tool for ecumenical studies as well **Contemporary American Theologies** Deane W. Ferm, 2004-04-15 An up to date book that surveys almost all of the contemporary schools of Christian thought in America well structured and methodically developed clearly written and easy to read Ferm does an excellent job of pointing out all the differences among the leading thinkers of each camp Ferm's greatest asset is his uncanny ability to synthesize these diverse theologies into a larger conceptual whole without diminishing their distinctiveness A landmark of clarity Richard Quebedeaux in *The Christian Century* Contemporary American Theologies assesses the most significant writers and books that make up evangelical black Roman Catholic feminist and liberation theologies Equally useful as an introduction or as a review Marianne Sawicki in *Commonweal* *Paperbound Books in Print*, 1992
