The Christian And Other Religion The Measure Of Christ:

The Christian and Other Religion Kenneth Cragg, 1977 Ours is an age of cultural and religious pluralism What does this imply for Christian faith and mission Our Lord still calls us to Go into all the world and preach but the going and the world to which this command related needs to be seen in more than geographical terms Christian conviction must go into the whole bewildering contemporary world with its diversity of faiths symbols myths creeds and practice and also into the realm of indifference to all these But how Kenneth Cragg sketches the course of the Christian debate with other religion during the course of this century so far and shows what he believes should be the proper stance of the Christian to those whose beliefs differ from his own In an attitude of contemporary realism and instinctive courtesy he seeks to penetrate patiently into what others believe and why Publisher **The Religious Other** Martin Accad, Jonathan Andrews, 2020-12-31 We live at a time

when religious diversity has become a fact of life in our globalized societies Yet Christian engagement with Muslims remains complex complicated by fear misunderstanding and a history fraught with political and cultural tensions These essays drawn from the 2018 and 2019 Middle East Consultations hosted by the Arab Baptist Theological Seminary's Institute of Middle East Studies engage the need for a carefully developed theological understanding of Islam its origins and its sacred text Weaving together the work of Christian scholars of Islam the Bible theology and missiology along with the insights of ministry practitioners this book combines scholarly exploration with pertinent ministry practice offering a rich framework for the church to continue its conversation about its engagement with Muslim communities and its proclamation of Christ worldwide

The Christian Attitude to Other Religions E. C. Dewick, 2011-06-09 First published in 1953 these Hulsean Lectures review the policy and methods of Christian missions to non Christians [Christianity and Other Religions](#) John Hick, Brian

Hebblethwaite, 2014-10-01 Edited by two of the most prominent names in interfaith dialogue this is an introduction to the complex relationships between Christianity and the other world faiths Featuring essays from some of the key thinkers in the Christian faith It covers both Catholic and Protestant approaches and features all the rival points of view including the uncompromising absolutism of Karl Barth and Pope John Paul II the more ecumenical approaches of Karl Rahner and Hans Kung and the religious pluralism of Wilfred Cantwell Smith and John Hick among others **The Church Going Global**

Tormod Engelsen, Erling Lundebj, Dagfinn Solheim, 2011 **The Standard**, 1908 **Religion and Extremism** Douglas Pratt, 2017-12-14 Focusing on the three monotheistic religions of Judaism Christianity and Islam Douglas Pratt argues that despite a popular focus on Islam extremist Jews and Christians can also enact terror and destruction Religion and Extremism stresses that the ideological rejection of diversity underlies religious extremism resulting in violent behaviours and increasingly in hardening social and religious attitudes and responses An analysis of religiously driven terrorism reveals the presence of a distinctive and rigid form of exclusivity found in these religions In this regard the contemporary resurgence in totalising claims of fundamentalist ideologues is cause for particular concern Pratt reasons that however expressed the motif

of the Absolute is central to all but how that absolute is and has been received interpreted and responded to is a matter of great diversity The author asserts that theological Absolutism displays an underlying dynamic whereby these three religions may be led into extremism Religion and Extremism also explores contemporary issues of Islamophobia and mutual extremism identified as reactive co radicalization and concludes by reflecting on how extremism today might be countered **Edward Schillebeeckx and Contemporary Theology** Lieven Boeve, Frederiek Depoortere, Stephan van Erp, 2010-12-09 **Faiths and Faithfulness** Nicholas J. Wood, 2009-11-01 How are people of faith to be faithful to their various traditions in today's diverse society How may we live together as neighbors and yet remain true to our differing religious convictions How is it possible for the contemporary Christian to confess the Lordship of Jesus Christ in a world of many faiths These are some of the fundamental questions which this volume seeks to explore It offers a critical account of two key twentieth century missionary theologians who attempted to address the issue of pluralism within a confessional framework Bishop Kenneth Cragg and Bishop Lesslie Newbigin This study argues for a reconsideration of the biblical themes of fullness and fulfillment which may offer a way of holding together the traditions of continuity which Cragg shows can never be total and of discontinuity which Newbigin argues can never be absolute In this way the book addresses some of the implications for the development of an appropriate missiological approach to inter faith issues in the twenty first century which requires us to take people of faith seriously but also allows faithfulness to the Christian gospel Earthen Vessels Joel A. Carpenter, Wilbert R. Shenk, 2012-12-01 Contrary to popular impressions the days of the missionary are far from over North American churches send more missionaries than ever before and 90 percent of them are evangelicals who are not affiliated with the mainline Protestant mission boards The first major historical treatment of the distinctly evangelical wing of twentieth century American missions Earthen Vessels truly breaks new ground Covering territory that missions histories have scarcely explored yet the distinguished historians contributing to this volume portray the North American including Canadian evangelical missionary enterprise from the Student Volunteer Movement to the very recent past The book traces the influences of premillennial eschatology the fundamentalist modernist controversies the rise of independent missions and conservative denominational boards the role of World War II and America's rise to world power the recent development of a distinctly evangelical theology of missions and the growing influence of the Two Thirds World's evangelical leaders While this volume certainly does not contain the last word on these subjects in a number of areas it does offer very nearly the first look With its fresh subject matter and new historical interpretations Earthen Vessels will interest church history scholars and students missionaries and ministers and any others who wish to know more about American missions **Luther League Review**, 1928 **Christian Approaches to Other Faiths** Paul Hedges, Alan Race, 2009 A reader designed to work on courses concerned with World Religions Interfaith Dialogue and Interfaith Encounter *The Idea of Atonement in Christian Theology* Hastings Rashdall, 1919 **The Oxford Handbook of Religion and American Politics** Corwin Smidt, Lyman

Kellstedt, James Guth, 2009-09-10 This handbook examines the considerable research that has been conducted into the study of religion and politics It reviews previous work explains the findings of that research and speculates about the bases of the various findings
