Classical World Literatures Wiebke Denecke, 2014 Ever since Karl Jaspers's axial age paradigm there have been a number of influential studies comparing ancient East Asian and Greco Roman history and culture. However to date there has been no comparative study involving multiple literary traditions in these cultural spheres. This book compares the dynamics between the younger literary cultures of Japan and Rome and the literatures of their venerable predecessors China and Greece. How were writers of the younger cultures of Rome and Japan affected by the presence of an older reference culture whose sophistication they admired even as they anxiously strove to assert their own distinctive identity? How did they tackle the challenge of adopting the reference culture's literary genres, rhetorical refinement and conceptual vocabulary for writing texts in different languages and within distinct political and cultural contexts? *Classical World Literatures* captures the striking similarities between the ways early Japanese authors wrote their own literature through and against the literary precedents of China and the ways Latin writers engaged and contested Greek precedents. But it also brings to light suggestive divergences that are rooted in geopolitical, linguistic, sociohistorical and aesthetic differences between early Japanese and Roman literary cultures. Proposing a methodology of deep comparison for the cross cultural comparison of premodern literary cultures and calling for an expansion of world literature debates into the ancient and medieval worlds, *Classical World Literatures* is both a theoretical intervention and an invitation to read and re-read four major literary traditions in an innovative and illuminating light.

OKAGAMI, The Great Mirror Helen Craig McCullough, 2014-07-14 Presented here in a new and complete translation is the Japanese classic *Okagami*, an historical tale that mirrors a man's life and the times in which he lived. Dating from the late eleventh or early twelfth century, it focuses on Fujiwara Michinaga, the leading political figure in the great family that dominated the court during most of the Heian period. Originally published in 1980, The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich

scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 *The Kagero Diary*, 2020-08-06 Japan is the only country in the world where women writers laid the foundations of classical literature The Kager Diary commands our attention as the first extant work of that rich and brilliant tradition The author known to posterity as Michitsuna's Mother a member of the middle ranking aristocracy of the Heian period 794-1185 wrote an account of 20 years of her life from 954-74 and this autobiographical text now gives readers access to a woman's experience of a thousand years ago The diary centers on the author's relationship with her husband Fujiwara Kaneie her kinsman from a more powerful and prestigious branch of the family than her own Their marriage ended in divorce and one of the author's intentions seems to have been to write an anti-romance one that could be subtitled I married the prince but we did not live happily ever after Yet particularly in the first part of the diary Michitsuna's Mother is drawn to record those events and moments when the marriage did live up to a romantic ideal fostered by the Japanese tradition of love poetry At the same time she also seems to seek the freedom to live and write outside the romance myth and without a husband Since the author was by inclination and talent a poet and lived in a time when poetry was a part of everyday social intercourse her account of her life is shaped by a lyrical consciousness The poems she records are crystalline moments of awareness that vividly recall the past This new translation of the Kager Diary conveys the long fluid sentences the complex polyphony of voices and the floating temporality of the original It also pays careful attention to the poems of the text rendering as much as possible their complex imagery and open-ended quality The translation is accompanied by running notes on facing pages and an introduction that places the work within the context of contemporary discussions regarding feminist literature and the genre of autobiography and provides detailed historical information and a description of the stylistic qualities of the text
