25th Anniversary Edition

Completely Revised and Updated

The Platinum Rainbow How To Succeed In The Music Business Without Selling Your Soul

Joan Cartwright, M.A.

The Platinum Rainbow How To Succeed In The Music Business Without Selling Your Soul:

The Platinum Rainbow Bob Monaco, James Riordan, 1988 **The Platinum Rainbow** Bob Monaco, James Riordan, 1980

Making a Living in Your Local Music Market Dick Weissman, 1999 You can survive happily as a musician composer and songwriter in your own local music market The newly revised and expanded edition of this book will show you how It includes detailed analysis of the latest regional music scenes that have developed an extensive new section written by Ron Sobel vice president of ASCAP in Los Angeles on opportunities for musicians and composers in developing and selling music in new mediums including the Internet Greenhouse Channels Theme Parks and Desk Top Films info on how music distribution and retailing is changing to meet the challenges of the 21st century and many more essential tips Also features a new appendix and a helpful Resources section after each chapter **The New Songwriter's Guide to Music Publishing** Randy

Poe, 2005-11-16 Learn How to Make Money with Your Songs If you re a songwriter your job is to be an expert at crafting songs but to be successful you also need to have a sound working knowledge of music publishing This easy to read book leads you through the music publishing maze taking the mystery out of one of the most lucrative but least understood areas of the entertainment industry Learn how songwriters and music publishers earn royalties the most common types of music publishing contracts offered to songwriters the inner workings of a typical music publishing company and even how to start your own music publishing company In this newly revised and expanded edition of his award winning book Randy Poe president of Leiber how the internet and other new technologies are impacting the rights and income of songwriters and music publishers and all the very latest information and insider secrets you need to know about today s music publishing world Don't Stop Thinking About the Music Benjamin S. Schoening, Eric T. Kasper, 2011-12-16 In this insightful erudite

history of presidential campaign music musicologist Benjamin Schoening and political scientist Eric Kasper explain how politicians use music in American presidential campaigns to convey a range of political messages From Follow Washington to I Like Ike to I Got a Crush on Obama they describe the ways that song use by and for presidential candidates has evolved including the addition of lyrics to familiar songs the current trend of using existing popular music to connect with voters and the rapid change of music s relationship to presidential campaigns due to Internet sites like YouTube JibJab and Facebook Readers are ultimately treated to an entertaining account of American political development through popular music and the complex two way relationship between music and presidential campaigns **The Sounds of Commerce** Jeffrey Paul

Smith, 1998 A detailed historical analysis of popular music in American film from the era of sheet music sales to that of orchestrated pop records by Henry Mancini and Ennio Morricone in the 1960s to the MTV ready pop songs that occupy soundtrack CDs of today Beggars Banquet and the Rolling Stones' Rock and Roll Revolution Russell Reising, 2019-12-06

The Rolling Stones Beggars Banquet is one of the seminal albums in rock history Arguably it not only marks the advent of the mature sound of the Rolling Stones but lays out a new blueprint for an approach to blues based rock music that would endure

for several decades. From its title to the dark themes that pervade some of its songs, *Beggars Banquet* reflected and helped define a moment marked by violence, decay and upheaval. It marked a move away from the artistic sonic flourishes of psychedelic rock towards an embrace of foundational streams of American music: blues, country, that had always underpinned the music of the Stones but assumed new primacy in their music after 1968. This move coincided with and anticipated the roots moves that many leading popular music artists made as the 1960s turned toward a new decade but unlike many of their peers whose music grew more soft and subdued as they embraced traditional styles, the music and attitude of the Stones only grew harder and more menacing and their status as representatives of the dark underside of the 60s rock counterculture assumed new solidity. For the Rolling Stones, the 1960s ended and the 1970s began with the release of this album in 1968.

The Musical Ear Anne Dhu McLucas, 2010. *The Musical Ear: Oral Tradition in the USA* provides a wide ranging look at the role played by music that is passed on orally without the use of notation in the folk, popular and art musics of North America. In order to study the process and to find the common elements, McLucas provides an overview of recent research on the brain and memory in order to help the reader understand the inner workings of oral tradition. **A History of**

African-American Jazz and Blues Joan Cartwright, M.A., 2013-10-10. Three essays and interviews with photographs by author and musician Joan Cartwright about the creation of blues in America by Africans captured for servitude on Euro American plantations over a span of 400 years. This book should be read by music students and enthusiasts alike. **Song**

Interpretation in 21st-Century Pop Music Ralf von Appen, André Doehring, Allan F. Moore, 2016-03-03. Existing books on the analysis of popular music focus on theory and methodology and normally discuss parts of songs briefly as examples. The impression often given is that songs are being chosen simply to illuminate and exemplify a theoretical position. In this book the obverse is true: songs take centre stage and are given priority. The authors analyse and interpret them intensively from a variety of theoretical positions that illuminate the song. Thus methods and theories have to prove their use, value in the face of a heterogeneous contemporary repertoire. The book brings together researchers from very different cultural backgrounds and encourages them to compare their different hearings and to discuss the ways in which they make sense of specific songs. All songs analysed are from the new millennium, most of them not older than three years. Because the most widely popular styles are too often ignored by academics, this book aims to shed light on how million sellers work musically. Therefore it encompasses a broad palette highlighting mainstream pop: Lady Gaga, Ke\$ha, Lucenzo, Amy McDonald but also accounting for critically acclaimed indie styles: Fleet Foxes, Death Cab for Cutie, PJ Harvey, R. B. J. Destiny's Child, Janelle Monáe, popular hard rock: Kings of Leon, Rammstein and current electronic music: André's Björk. By concentrating on 13 well known songs, this book offers some model analyses that can very easily be studied at home or used in seminars and classrooms for students of popular music at all academic levels.

Reviewing **The Platinum Rainbow How To Succeed In The Music Business Without Selling Your Soul**: Unlocking the Spellbinding Force of Linguistics

In a fast-paced world fueled by information and interconnectivity, the spellbinding force of linguistics has acquired newfound prominence. Its capacity to evoke emotions, stimulate contemplation, and stimulate metamorphosis is actually astonishing. Within the pages of "**The Platinum Rainbow How To Succeed In The Music Business Without Selling Your Soul**," an enthralling opus penned by a highly acclaimed wordsmith, readers attempt an immersive expedition to unravel the intricate significance of language and its indelible imprint on our lives. Throughout this assessment, we shall delve into the book's central motifs, appraise its distinctive narrative style, and gauge its overarching influence on the minds of its readers.
