The Point Of Christology:

The Point of Christology Schubert Miles Ogden,1982 Engaging the New Testament (paper edition) Russell Pregeant,1997-06-01 In addition to lucid introductions to each of the New Testament writings this book offers a comprehensive survey of approaches to biblical studies historical and cultural backgrounds the historical Jesus the rise of the resurrection faith and attention to extracanonical materials 63 illustrations 3 charts 6 maps The Point of It All J.C. O'Neill,2019-05-21 The atheism of modern thought is based on irrational assumptions First century Jews expected a suffering Messiah Jesus knew it was he Jesus birth and resurrection in history The point of the parables The point of Christology The historical grounds for scepticism about Christian claims concerning Jesus Christ rely on misreadings of the Bible In a series of original essays the author issues a formidable challenge to many of the presuppositions of modern theology

Liberalism Versus Postliberalism John Allan Knight,2013 The book provides an original analysis of the central philosophical differences between liberal and postliberal theology Knight argues that important developments in philosophy of language reveal serious problems with the central methodological commitments of liberalism and postliberalism and suggest ways in which the divide can be bridged Fidelity with Plausibility Wesley J. Wildman,1998-01-15 Interprets the history of Christology as being defined by a central distinction between those who assign to Christ an absolute role and those who do not Wildman theology Boston U argues for the latter what he calls modest view He claims that modest Christologies are more faithful to the actual history of Christological development than are absolutist ones and that the absolutist view can be shown to be incongruous with much that we have come to know about human history and the cosmos Annotation copyrighted by Book News Inc Portland OR **The Christology of Theodoret of Cyrus** Paul B. Clayton,2007-08-09 This study of the largest extant source for fifth century Antiochene Christology conclusively demonstrates that its fundamental philosophical assumptions about the natures of God and humanity compelled the Antiochenes to assert that there are two subjects in the Incarnation the Word himself and a distinct human personality **The Making of American Liberal Theology** Gary J. Dorrien,2006-01-01 In this first of three volumes Dorrien identifies the indigenous roots of American liberal theology and demonstrates a wider longer running tradition than has been thought The tradition took shape in the nineteenth century motivated by a desire to map a modernist third way between orthodoxy and rationalistic deism atheism It is defined by its openness to modern intellectual inquiry its commitment to the authority of individual reason and experience its conception of Christianity as an ethical way of life and its commitment to make Christianity credible and socially relevant to modern people Dorrien takes a narrative approach and provides a biographical reading of important religious thinkers of the time including William E Channing Ralph Waldo Emerson Horace Bushnell Henry Ward Beecher Elizabeth Cady Stanton and Charles Briggs Dorrien notes that although liberal theology moved into elite academic institutions its conceptual foundations were laid in the pulpit rather than the classroom Encyclopedia of Theology Karl Rahner,1975-01-01 An essential and

reliable reference work and manual of the Christian faith this book provides both students and interested readers with a basic text presenting the findings of modern scholarly thought and research Ecumenical in spirit and approach no responsible and inquiring Christian can afford to be without it **Criticism of Heaven** Roland Boer,2007-07-30 This volume consists of a critical commentary on the interactions between Marxism and theology in the work of the major figures of Western Marxism It deals with the theological writings of Ernst Bloch Walter Benjamin Louis Althusser Henri Lefebvre Antonio Gramsci Terry Eagleton Slavoj i ek and Theodor Adorno In many cases their theological writings are dealt with for the first time in this book It is surprising how much theological material there is and how little commentators have dealt with it Apart from the critical engagement with the way they use theology the book also explores how their theological writings infiltrate and enrich their Marxist work The book has three parts Biblical Marxists Bloch and Benjamin Catholic Marxists Althusser Lefebvre Gramsci and Eagleton and the Protestant Turn i ek and Adorno The Resurrection of Jesus Kenan Osborne,2004-09-20 The Resurrection of Jesus is a masterful study of the church s belief in the Resurrection of Jesus as the center of its faith Father Osborne makes a thorough examination of all the biblical texts dealing with the Resurrection and then traces the church s doctrinal statements and teachings to identify the different levels of authority that are claimed for each The result is a clear presentation of the major Christological developments pertaining to Jesus Resurrection that have taken place in the twentieth century Father Osborne has produced a pioneering study that integrates the threefold dimension of Christ s life death and rising from the dead into a comprehensive and balanced theology of the Resurrection This book will provide an excellent overview of and introduction to the achievements of contemporary Christology on the question of the Resurrection Its clear direct and popular style will provide stimulating reading for all believers
