100 years of MG cars with this impressive volume featuring expert commentary historical images period ads and

passion for European cars in postwar America at a time when roads were otherwise filled with the lumbering output of  
Detroit In MG s native England the company s cars filled roles from family transport to competition driving MG as we think of  
it today began in the 1920s but its roots go back even further with a young William Morris Initially working in the booming  
bicycle trade he eventually branched into motorcycle and car repair with the fledgling Morris Garage hence MG in 1907 By  
the mid 1920s the successful Morris Garages was in a position to begin manufacture of its own cars under the MG name MG  
grew significantly in the years before World War II building and racing its classic Midgets and Magnettes World War II  
provided challenging times for the company as it did for the UK and much of the world In the postwar period a focus on sales  
outside England and particularly in the United States both defined MG s product line and ensured its success Legendary cars  
followed including MG TC TD and TF followed by thoroughly modern MGA MGB MGB GT and Midget Magnettes and the  
1100 offered options for those wanting sedans and more practical cars MG ownership moved through a number of UK  
companies in the postwar period as well as ownership by BMW and today s SAIC a Chinese based company through which it  
operates as MG Motor Highlights along the way included the MGB GT V8 MG Metro Group B rally car and MGF Based on its
