The Celestial Stems:

The Celestial Stems Royston H. Low, 1985-01-01 *The Yellow Emperor's Classic of Internal Medicine*, 2015-12-15
The Yellow Emperor's Classic of Internal Medicine has become a landmark in the history of Chinese civilization. Written in the form of a dialogue in which the emperor seeks information from his minister Ch' I Po on questions of health and the art of healing, it is the oldest known document in Chinese medicine. Ilza Veith's extensive introduction and monumental translation, first published in 1949, make available the historical and philosophical foundations of traditional practices that have seen a dynamic revival in China and throughout the West. A new foreword by Linda L. Barnes places the translation in its historic contexts, underlining its significance to the Western world's understanding of Chinese medical practice. **Heavenly Stems and Earthly Branches - TianGan DiZhi** Zhongxian Wu, Karin Taylor Wu, 2014-04-21
A detailed explanation of the building blocks of Chinese metaphysics: the 22 Heavenly Stems and Earthly Branches upon which Chinese medicine, astrology, and FengShui are based. Poetic descriptions dating from the Song dynasty give the reader a deep understanding of the meaning of each and of their interrelationships. *The Yellow Emperor's Classic of Internal Medicine*, 1972
The Yellow Emperor's Classic has become a landmark in the history of Chinese civilization. Since 1949, when this first translation of the oldest known document in Chinese medicine was published, traditional medical practice has seen a dynamic revival in China and throughout many countries in the Western world. Elements of this time-honored therapy, including acupuncture and the harmony of human spirit with the natural world, have become part of mainstream medical practice. The Yellow Emperor's Classic provides the historical and philosophical foundation of this practice. Ilza Veith provides an extensive introduction to her monumental translation of this classic work, which is written in the form of a dialogue in which the emperor seeks information from his minister Ch' I Po on all questions of health and the art of healing. *Huang Di Nei Jing Ling Shu* Paul U. Unschuld, 2016-07-19
The Ling Shu, also known as the Ling Shu Jing, is part of a unique and seminal trilogy of ancient Chinese medicine, together with the Su Wen and Nan Jing. It constitutes the foundation of a two-thousand-year healing tradition that remains active to this day. Its therapeutic approach is based on a purely secular science of nature, with natural laws serving as guidelines for human behavior and medical treatment. No other text offers such broad insights into the thinking and manifest action of the authors of the time. Following an introduction, this volume contains the full original Chinese text of the Ling Shu, an English translation of all eighty-one chapters, and notes on difficult-to-grasp passages and possible changes in the text over time, on the basis of Chinese primary and secondary literature of the past two thousand years, and translator Paul Unschuld's own work. The Ling Shu reveals itself as a completely rational work, and in many of its statements a surprisingly modern one. It will provide the foundation for comparisons with the nearly contemporaneous Corpus Hippocraticum of ancient Europe and today's iterations of traditional Chinese medicine as well. **Huang Di Nei Jing Su Wen** Paul U.
