

The ongoing challenge of violence against women and children in South Africa.

Why are we deeper in crisis?

By Shahana Rasool

Gender Based Violence (GBV) has been referred to as the Shadow Pandemic, since it has tripled internationally from the start of the outbreak of COVID-19. The increased rates of reported GBV around the globe have ranged from 30% to 200%. We have seen high numbers of GBV reports in SA as well, with the GBV toll-free emergency hotline reporting 120 000 calls in the first three weeks of lockdown. Lifeline and Childline hotlines have also reported increased calls. Usually survivors are reluctant to seek help or only seek help many years after violence begins. The reasons that survivors do not seek help are complex, and

include the extensive normalization of abuse among other reasons, that will be discussed further. However, the conditions of lockdown have exacerbated the intensity of GBV to such an extent that some women may be reaching out for help, while others have less access to help and support because of lockdown conditions.

In general, women are more likely to seek help when their lives, or the lives of their children or other loved ones are in danger. Hence, the high levels of reporting are not necessarily indicative of huge amounts of additional women experiencing GBV – it is more likely that more women are

Endangered African Knowledges and the Challenge of Modernity Donald Mark C. Ude,2024-04-02 This book presents an innovative African philosophical response to coloniality and the attendant epistemicide of Africa s knowledge systems drawing on Igbo thinking This book argues that theorizing modernity requires a critical conversation between African and Western scholarship in order to unpack its links with coloniality and the subjugation of Africa s indigenous knowledges In setting out this discussion the book also connects with Latin American scholarship demonstrating how the modern world is structured to marginalize and destroy knowledges from across the Global South This book draws on Igbo epistemic resources of solidarity thinking positioned in contrast to capitalist knowledge patterns thereby providing an important Africa driven response to modernity and coloniality This book concludes by arguing that the Igbo sense of solidarity is useful and relevant to modern contexts and thus constitutes a vital resource for a less disruptive more balanced and more wholesome modernity At a time of considerable global crises this book makes an important contribution to philosophy both within Africa and beyond

The Challenge of Radicalization and Extremism ,2022-10-04 This interdisciplinary volume on The Challenge of Radicalization and Extremism Integrating Research on Education and Citizenship in the Context of Migration addresses the need for educational researchers to place their work in a broader social and political context by connecting it to the current and highly relevant issue of extremism and radicalization It is just as important for researchers of extremism and radicalization to strengthen their conceptual links with educational fields especially with education for democratic citizenship as for researchers in education to get more familiar with issues of migration This book meets a current shortage of research that addresses these issues across subjects and disciplines to inform both scientific and professional stakeholders in the educational and social sectors The volume is divided into three parts The first part Foundations provides fundamental research on radicalization and the rejection of democratic values In the second part Analysis of Preconditions within the Educational Context key risk and protective factors against radicalization for young people are explored Finally the third part Approaches for Prevention and Intervention offers concrete suggestions for prevention and intervention methods within formal and informal educational contexts The contributions show how new avenues for prevention can be explored through integrating citizenship education s twofold function to assimilate and to empower

The Colonial Problem Lisa Monchalin,2016-01-01 In The Colonial Problem Lisa Monchalin challenges the myth of the Indian problem and encourages

readers to view the crimes and injustices affecting Indigenous peoples from a more culturally aware position The Challenge of Global Migration – Human Rights, Security and Refugees Christoph Bluth, 2024-07-30 This is a comprehensive study that examines the sources of refugee flows in particular as they relate to political persecution trafficking human slavery and human rights challenges Liberal democratic states have been contending with significant refugee inflows The migration of large populations to Europe and North America is driven by various factors including regional conflicts the impacts of global warming political opposition to autocratic regimes and societal as well as cultural relations The purpose of this study is to understand the nature of human rights challenges to cut through false perceptions and myths in relation to the sources of migration and refugee flows and to provide a deeper understanding for academics and practitioners in relation to the support for refugees and victims of human slavery Confronting the Challenge Suzanne Mulligan, 2010 This book examines some of the ways in which HIV AIDS is affecting South African society Catholic theological responses have focused extensively on the implications of HIV AIDS for the area of sexual ethics Although there are important questions to be answered here many more fundamental issues have been overlooked as a result This book responds to the need within Catholic theology for a greater examination of the injustices associated with the AIDS pandemic The author argues that the human rights challenges associated with poverty gender discrimination sexual violence and access to essential AIDS related health care are a crucial feature of the crisis The author turns to the social teaching of the Catholic Church for a fuller framework of analysis in this regard and provides a critical examination of that teaching s core concepts and principles The work of leading international economists Amartya Sen and Muhammad Yunus is explored as a means of relating the principles of Catholic social teaching to the concrete social and economic realities that exacerbate this global pandemic

Hayes, 1997-01-01 This document addresses violence as one of the key challenges facing the democratic and pluralistic republic under the framework of the Constitution and its Bill of Rights Primary focus is on criminal violence and the factors and behaviors that contribute to violent crime The text is organized into three chapters 1 The Problem of Violence 2 Law and Public Policy and 3 Taking Action Against Violence Chapter 1 examines the history costs and causes of crime Chapter 2 explores the constitutional context of the political debate over violence and the question of how government works to stem the tide of violence without compromising the individual rights of U S citizens Students are invited to engage in major policy

discussions about gun control and youth curfews Chapter 3 presents a survey of what citizens around the country are doing to protect themselves from violence and to make their communities and schools safer places A teacher s guide designed to provide instructional support is included MM *The Challenge of Stability and Security in West Africa* Alexandre Marc, Neelam Verjee, Stephen Mogaka, 2015-06-19 Since independence the West African sub region has been an arena for a number of large scale conflicts and civil wars as well as simmering and low intensity uprisings Contrary to perceptions West Africa in its post independence history has experienced fewer conflict events and fatalities from conflict than the other sub regions on the continent The turn of the millennium has witnessed the recession of large scale and conventional conflict and it has ushered in new and emerging threats The specters of religious extremism maritime piracy and narcotics trafficking threaten to undermine some of the progress achieved in recent years The Challenge of Stability and Security in West Africa critically examines the key drivers of conflict and violence and the way in which they impact the countries of the sub region In addition to emerging threats these drivers include the challenges of youth inclusion migration sub regional imbalances and extractives as well as challenges related to the fragility of political institutions and managing the competition for power reform of the security sector and weakness of institutions related to land management The book explores how the sub region under the auspices of the regional organization ECOWAS has become a pioneer on the continent in terms of addressing regional challenges The Challenge of Stability and Security in West Africa also identifies key lessons in the dynamics of resilience in the face of political violence and civil war drawn from C te d Ivoire Liberia and Sierra Leone that can be useful for countries around the world in similar situations It incorporates knowledge and findings from leading experts and provides insights from academics and development practitioners Finally the book identifies possible policy and programmatic responses and directions for policy dialogue at the national and international levels

Feminist Philosophy and the Problem of Evil Robin May Schott, 2007-05-11 This volume advances philosophical discussions of evil and terrorism in ways that only those working from a feminist perspective would be able to do Tracy Isaacs The University of Western Ontario Any glance at the contemporary history of the world shows that the problem of evil is a central concern for people everywhere In the last few years terrorist attacks suicide bombings and ethnic and religious wars have only emphasized humanity s seemingly insatiable capacity for violence In Feminist Philosophy and the Problem of Evil Robin May Schott brings an international group of contemporary feminist philosophers into debates on evil and terrorism The invaluable essays collected here consider gender specific evils such as the Salem witch trials women s suffering during the Holocaust mass rape in Bosnia and repression under the Taliban as well as more generalized acts of violence such as the 9 11 bombings the Madrid train station bombings and violence against political prisoners Readers of this sobering volume will find resources for understanding the vulnerability of human existence and what is at stake in the problem of evil This recent collection is part of the current genre of works that present uniformly well argued essays by women philosophers on topics that specifically

reference women in this case with respect to the problem of evil Those who are interested in evil and the moral complexity of the present will find numerous insights in this collection Recommended Choice Sexual Violence Crimes and Gendered Power Relations Bilge Sahin,2020-10-29 This book provides a robust gendered analysis and establishes a feminist approach to international actors responses to sexual violence crimes in conflict in eastern Democratic Republic of the Congo DRC and the impact of these global political practices on local gendered power relations Sexual violence crimes in eastern DRC have received significant global attention and triggered calls by the international community to end this violence This book critically assesses international assistance to the Congolese legal system to challenge sexual violence crimes to determine to what extent it engages with the continuum of gendered violence from peacetime to conflict It also examines whether international assistance has produced any transformations in gendered power relations in eastern DRC The author investigates how challenging sexual violence crimes in conflict necessitates broader female empowerment and engagement with gendered power relations This book will be of interest to scholars and postgraduate students in gender studies development studies and international relations It will also provide significant guidance for professionals working for development agencies and international NGOs focusing on eastern DRC Camus and the Challenge of Political Thought P. Hayden,2016-02-09 Albert Camus was a formative artist writer and public figure whose work defies conventional labels and whose legacy is controversial but substantial His distinctive contribution to modern ethical and political thought remains far from settled Camus and the Challenge of Political Thought comprehensively yet concisely explores how Camus s compelling ideas of absurdity and rebellion emerged how his complex political engagements and positions developed and how his conception of an ethics of limits and measure retains a vital contemporary resonance in an era of unsettling global politics Drawing upon the full range of Camus s notebooks novels plays and philosophical essays Hayden shows Camus to be an original political thinker of human dignity and freedom whose life and work sought to navigate between the twin dangers of idealistic optimism and nihilistic despair Sourcebook on Feminist Jurisprudence Hilaire Barnett,1996-03-26 Analyzing the relationship between feminist theories and the law this work takes as its starting point a study of women and culture on an international level which demonstrates how religious and cultural influences have been fundamental in establishing contemporary legal and social mores Innovations in Psychosocial Interventions and Their Delivery Alan E. Kazdin,2018-03-05 Millions of children adolescents and adults worldwide experience significant mental health problems for which they receive no treatment whatsoever Despite decades of world class innovative treatment research growing governmental and public attention to mental health issues and decreasing stigma around seeking care the supply of tools and resources available to combat the burdens of mental illness globally are vastly outweighed by demand for services Innovations in Psychosocial Interventions and Their Delivery provides an integrated and detailed overview of advances challenges and necessary new directions with regard to evidence based psychological interventions Drawing on diverse fields

such as public health business entertainment social policy and law and other domains that may inform efforts to deliver interventions more effectively Alan Kazdin explores an assortment of novel and inventive ways to address the world's mental health crisis Focusing attention on promising scientific developments and the special challenges that emerge in evaluating and delivering such interventions the book examines opportunities such as trans diagnostic treatments inventive uses of technology complementary approaches novel methods of dissemination such as task shifting and more The first to bring together such diverse perspectives in an effort to show precisely and practically how treatments could be delivered effectively and in a scalable manner *Innovations in Psychosocial Interventions and Their Delivery* has direct and immediate implications for health care systems but also for research and clinical practice in the mental health professions It will be of keen interest to those in psychology psychiatry social work family studies counseling nursing and healthcare administration

The Pearson Guide to the Central Police Forces , **The Problem with Interreligious Dialogue** Muthuraj Swamy,2016-03-24 Muthuraj Swamy provides a fresh perspective on the world religions paradigm and interreligious dialogue By challenging the assumption that world religions operate as essential entities separate from the lived experiences of practitioners he shows that interreligious dialogue is in turn problematic as it is built on this very paradigm and on the myth of religious conflict Offering a critique of the idea of dialogue as it has been advanced by its proponents such as religious leaders and theologians whose aims are to promote inter religious conversation and understanding the author argues that this approach is elitist and that in reality people do not make sharp distinctions between religions nor do they separate political economic social and cultural beliefs and practices from their religious traditions Case studies from villages in southern India explore how Hindu Muslim and Christian communities interact in numerous ways that break the neat categories often used to describe each religion Swamy argues that those who promote dialogue are ostensibly attempting to overcome the separate identities of religious practitioners through understanding but in fact they re enforce them by encouraging a false sense of separation *The Problem with Interreligious Dialogue Plurality Conflict and Elitism in Hindu Christian Muslim Relations* provides an innovative approach to a central issue confronting Religious Studies combining both theory and ethnography *Hannah Arendt and the Challenge of Modernity* Serena Parekh,2008-03-06 This volume examines contemporary debates on the foundations of human rights through the lens of Arendt's writings showing how Arendt's phenomenological standpoint unique within these debates is able to shed new light a number of problems within human rights theory **The Challenge of Asia** Ralph Borsodi,1956
