**The Improbable First Century of Cosmopolitan Magazine** James

Landers,2010-11-01 Today monthly issues of Cosmopolitan magazine scream out to readers from checkout counters and newsstands With bright covers and bold sexy headlines this famous periodical targets young single women aspiring to become the quintessential Cosmo girl Cosmopolitan is known for its vivacious character and frank explicit attitude toward sex yet because of its reputation many people don t realize that the magazine has undergone many incarnations before its current one including family literary magazine and muckraking investigative journal and all are presented in The Improbable First Century of Cosmopolitan Magazine The book boasts one particularly impressive contributor Helen Gurley Brown herself who rarely grants interviews but spoke and corresponded with James Landers to aid in his research When launched in 1886 Cosmopolitan was a family literary magazine that published quality fiction children s stories and homemaking tips In 1889 it was rescued from bankruptcy by wealthy entrepreneur John Brisben Walker who introduced illustrations and attracted writers such as Mark Twain Willa Cather and H G Wells Then when newspaper magnate William Randolph Hearst purchased Cosmopolitan in 1905 he turned it into a purveyor of expos journalism to aid his personal political pursuits But when Hearst abandoned those ambitions he changed the magazine in the 1920s back to a fiction periodical featuring leading writers such as Theodore Dreiser Sinclair Lewis and William Somerset Maugham His approach garnered success by the 1930s but poor editing sunk Cosmo s readership as decades went on By the mid 1960s executives considered letting Cosmopolitan die but Helen Gurley Brown an ambitious and savvy businesswoman submitted a plan for a dramatic editorial makeover Gurley

Brown took the helm and saved Cosmopolitan by publishing articles about topics other women's magazines avoided Twenty years later when the magazine ended its first century Cosmopolitan was the profit center of the Hearst Corporation and a culturally significant force in young women's lives The Improbable First Century of Cosmopolitan Magazine explores how Cosmopolitan survived three near death experiences to become one of the most dynamic and successful magazines of the twentieth century Landers uses a wealth of primary source materials to place this important magazine in the context of history and depict how it became the cultural touchstone it is today This book will be of interest not only to modern Cosmo aficionados but also to journalism students news historians and anyone interested in publishing Resources in Education

**Exchanges and Correspondence** Claudette Fillard,Françoise Orazi,2010-08-11 Through the eighteen essays of this book the reader becomes the beholder of a challenging survey of feminism in the making from its early stages in the 18th century to the present in Anglo Saxon countries and elsewhere including Eastern Europe and some places under the influence of communism or Islam The development of exchanges and correspondence enabled feminism to pre exist the word itself which leads several contributors to ponder over its meaning as well as over the notion of influence a pivotal component of their reflection Through the complex interplay of harmony and disharmony openly acknowledged or carefully hidden similarities or differences and the delineation of the converging or conflicting forces which the authors of this volume attempt to disentangle a fascinating chorus of voices eventually emerges from this volume a preview of the budding sisterhood It throws light on the major factors in women's growing consciousness of their plight and of the main stakes in the struggle for the defense of their rights Scholars of different national origins and methodological approaches here join forces until the book itself amounts to an innovative web of exchanges and correspondences its medium as well as its avowed message **Gender and the Rise of Mass-circulation Magazines** Helen Damon-Moore,1987 Manipulating Images

Tawnya J. Adkins Covert,2011-03-03 Manipulating Images World War II Mobilization of Women through Magazine Advertising explores gendered and class based representations of American women in women's magazine advertisements

published during the period surrounding the Second World War Focusing on the interrelationships among political economic and social forces in the construction of prevailing cultural images and gender roles for women in society the book examines both the process of creating and the resulting content of wartime mobilization messages found in magazine advertising aimed at American women The unique circumstances of the Second World War provide a window where the continuous but normally implicit interactions among the social forces which construct class differentiated gendered expectations for women in society are revealed recorded and made accessible for study During this period the federal government altered the prevailing media representations of women and women s roles in response to widespread labor shortages stemming from the movement of male workers into the armed forces and increased demand for military and consumer goods The advertising industry business leaders and media representatives cooperated with the federal government in the creation of labor mobilization and other wartime campaigns Two types of data are examined to assess the changing nature of the relationships among government business and media and the resulting media images and messages regarding women s roles First the study explores archived government documents that illuminate the relationships among government business and media as they responded to the needs and conditions of war Second this book examines advertisements published in women s magazines before during and following the Second World War
