## **The Channeling Zone American Spirituality In An Anxious Age:**

*The Channeling Zone* Michael Fobes Brown, 1997 Neither a debunker nor an advocate Michael Brown examines why so many intelligent Americans have turned to channeling as a source of spiritual guidance and how this links with older and more esoteric native religions *The Routledge Companion to the Study of Religion* John Hinnells, 2009-09-10 The Routledge Companion to the Study of Religion is a major resource for courses in Religious Studies It begins by explaining the most important methodological approaches to religion including psychology philosophy anthropology and comparative study before moving on to explore a wide variety of critical issues such as gender science fundamentalism ritual and new religious movements Written by renowned international specialists this new edition includes eight new chapters including post structuralism religion and economics religion and the environment religion and popular culture and sacred space surveys the history of religious studies and the key disciplinary approaches explains why the study of religion is relevant in today's world highlights contemporary issues such as globalization diaspora and politics includes annotated reading lists a glossary and summaries of key points to assist student learning **End of Days** Karolyn Kinane, Michael A. Ryan, 2014-01-10 The idea of the complete annihilation of all life is a powerful and culturally universal concept As human societies around the globe have produced creation myths so too have they created narratives concerning the apocalyptic destruction of their worlds This book explores the idea of the apocalypse and its reception within culture and society bringing together 17 essays that explore both the influence and innovation of apocalyptic ideas from classical Greek and Roman writings to the foreign policies of today's United States **No Ordinary Angel** Susan R. Garrett, 2008-01-01 In this provocative intelligent and highly original addition to the Anchor Yale Bible Reference Library Susan R Garrett argues that angel talk has never been merely about angels Rather from ancient times until the present talk about angels has served as a vehicle for reflection on other fundamental life questions including the nature of God's presence and intervention in the world the existence and meaning of evil and the fate of humans after death In *No Ordinary Angel* Garrett examines how biblical and other ancient authors addressed such questions through their portrayals of angels She compares the ancient angel talk to popular depictions of angels today and considers how the ancient and modern portraits of angels relate to Christian claims about Jesus *No Ordinary Angel* offers important insights into the development of angelology the origins of Christology and popular Western spirituality ranging from fundamentalist to New Age In doing so it provokes stimulating theological reflection on key existential questions **Western Esotericism** Nicholas Goodricke-Clarke, 2017-07-05 Esotericism is the search for an absolute but hidden knowledge accessed through mystical vision the mediation of higher beings or personal experience In Western cultural history esoteric approaches to religion have often been in conflict with and suffered at the hands of more established forms of religious belief and practice *Western Esotericism* presents a very broad and engaging history of the people and ideas which have shaped occult history from antiquity to today Throughout the history of esotericism the dynamic

of concealment and revelation has characterized the search for secret knowledge Pursued both publically and privately esotericism has come to influence more mainstream religious practice and culture and has significantly shaped our understanding of modernity Today esotericism continues to be practised by a range of both established and new religious movements Western Esotericism presents the essential guide to one of the most fascinating provocative and sustained of religious traditions *Western Esotericism* Kocku von Stuckrad,2016-04-15 Esotericism is the search for an absolute but hidden knowledge accessed through mystical vision the mediation of higher beings or personal experience In Western cultural history esoteric approaches to religion have often been in conflict with and suffered at the hands of more established forms of religious belief and practice Western Esotericism presents a very broad and engaging history of the people and ideas which have shaped occult history from antiquity to today Throughout the history of esotericism the dynamic of concealment and revelation has characterized the search for secret knowledge Pursued both publically and privately esotericism has come to influence more mainstream religious practice and culture and has significantly shaped our understanding of modernity Today esotericism continues to be practised by a range of both established and new religious movements Western Esotericism presents the essential guide to one of the most fascinating provocative and sustained of religious traditions **Trance Forms** Ronaldo Morelos,2010-05-21 This study investigates forms of theatre performance practice and training that can be seen to employ trance states or engage the concept of states of consciousness as performative practice Trance is considered to be the result of sustained involvement with detailed information that is structurally organised invoking imaginative and affective engagements that are maintained as interactions between the performer other performers the environment and audience of the performance This thesis investigates trance performance through the conceptual lens of dramatic arts practice In their respective cultural contexts trance and theatre attain qualities considered as sacredness Trance practice and performance across a range of cultural contexts are analysed as social processes as elements of power relations that influence the performer audience and environment of the performance As performance traditions and events this study will examine strands of praxis that can be drawn from Constantin Stanislavski to Lee Strasberg to Mike Leigh from Antonin Artaud to Samuel Beckett and Jerzy Grotowski from the Balinese trance performance form of Sanghyang Dedari in the 1930s to the 1990s from the Channeling practitioners in the U S in the 1930s to Seth and Lazaris in the 1970s to the 1990s and from traditions of military training performance violence and rhetoric associated with the attacks of the 11th of September 2001 in the U S and its aftermath Temporal Explorations in the Anthropology of Religion Diana Espírito Santo,Ruy Blanes,2025-03-27 How do people make sense of their past and look forward into their future through practices religious spiritual or otherwise in places of both modernity and political trauma This volume investigates how political social and individual temporal and historical horizons are generated and reformulated in relation to embodied material and ideological contexts It also considers how this history making projects itself onto

imagined futures or alternative historical lines creating temporal continuities and discontinuities This book presents an innovative perspective on the relationship between past and the future namely one that shifts the perspective from pure history or pure anthropology to the anthropology of history Religious and spiritual engagements are fundamental to this exercise especially ones that have emerged in times of crisis because they provide conceptual platforms from which the past and the present connect directly to the future and its imagined horizons Utilising chapters and case studies drawn from Europe Latin America Africa and Asia this book shows that the experience of time including temporal plasticity emerges from social formations that are cosmological at heart These include prophetic and messianic thinking conversion experiences and narratives spirit possession religions and the mythical and symbolic dimensions of materialities and memory This research demonstrates that ideas of cyclicity repetition and other temporal forms are fundamental as acts of ordering human experience as well as in other more modern forms of cosmology teleological theories of advancement and development and even post apocalyptic economic and social realities
