one of the 20th century's greatest diarists Best Biographies of the Year Telegraph An unrivalled guide to the social and political life of Britain in the first half of the 20th century Books of the Year The Times Fascinating New Statesman Never a dull day never a dull sentence Daily Mail _____ This second volume of the bestselling diaries of Henry Chips Channon takes us from the heady aftermath of the Munich agreement when the Prime Minister so admired by Chips was credited with having averted a general European conflagration through the rapid unravelling of appeasement and on to the tribulations of the early years of the Second World War It closes with a moment of hope as Channon in recording the fall of Mussolini in July 1943 reflects The war must be more than half over For much of this period Channon is genuinely an eye witness to unfolding events He reassures Neville Chamberlain as he fights for his political life in May 1940 He chats to Winston Churchill while the two men inspect the bombed out chamber of the House of Commons a few months later From his desk at the Foreign Office he charts the progress of the war But with the departure of his boss Rab Butler to the Ministry of Education and Channon's subsequent exclusion from the corridors of power his life changes and with it the preoccupations and tone of the diaries The conduct of the war remains a constant theme but more personal preoccupations come increasingly to the fore As he throws himself back into the pleasures of society he records his encounters with the likes of Noël Coward Prince Philip General de Gaulle and Oscar Wilde's erstwhile lover Lord Alfred Douglas He describes dinners with members of European royal dynasties and recounts gossip and scandal about the great the good and the less good And he charts the implosion of his marriage and his burgeoning passionate friendship with a young officer on Wavell's staff These are diaries that bring a whole epoch vividly to life **The Chips Are on the Table** Teddy Assaly, 2023-04-28 With unflinching honesty Teddy Assaly shares his journey from self-destructive behaviours to sobriety and recovery The eldest of eight children Teddy grew up feeling the pressure to be perfect Feeling that no matter what he did he could never do right he became reckless and in his teens found escape in drugs sex and partying After college and meeting a girl he decided to set up his life on the East Coast away from his family's home in Ontario But despite finding a great group of friends on the East Coast living the dream and being sober for a few years he could not close the void within him and by his late twenties his life began to spiral out of control Fuelled by cocaine and alcohol his day benders became weeklong and his addiction took on a life of its own It wasn't until his darkest day a near death experience that he was able to truly confront himself reflect on his life and begin his ascent to recovery In this deeply personal memoir Teddy shows us how through sheer determination hard work and by incorporating the teachings of Alcoholics Anonymous Stoic philosophy and spirituality into his life he was able to turn his trials into triumphs An inspiring insightful and brave **The Chips Are on the Table** is about finding hope and courage when all is lost **Time Traveling In The Omniverse** Dan Bune, 2025-05-29 Time Traveling in the Omniverse The Complete Saga Illustrated Edition 7 Seasons 1 Infinite Game All in One Epic Journey Step into the multiverse where every timeline is a level every soul is a player and reality is yours to rewrite In this fully illustrated
