**Aromatherapy for Health Professionals E-Book** Shirley Price, Len Price, Penny Price, 2019-09-07 Now entering its 5th edition Aromatherapy for Health

Professionals is an essential read for any professional wishing to practice aromatherapy in a clinical setting. It covers the theory and practice of essential oil science and the application of aromatherapy for specific conditions giving an evidence based and in depth presentation of the subject. Written by a highly experienced team of aromatherapists it is an authoritative guide for those wishing to use essential oils in a modern health care setting. Contains an A Z of essential oils including their chemistry and properties allowing therapists to select the most effective oils for use in a clinical situation. Includes a table giving the appropriate essential oils for different health conditions. Includes case studies to help the reader understand how to put the theory into practice. The text is fully referenced and evidence based for use in a clinical setting. Clinical Aromatherapy - E-Book Jane Buckle, 2014-11-14 Enhance patient care with the help of aromatherapy. Clinical Aromatherapy Essential Oils in Healthcare is the first and only peer reviewed clinical aromatherapy book in the world and features a foreword by Dr Oz. Each chapter is written by a PhD nurse with post doctoral training in research and then peer reviewed by named experts in their field. This clinical text is the must have resource for learning how to effectively incorporate aromatherapy into clinical practice. This new third edition takes a holistic approach as it examines key facts and topical issues in aromatherapy practice and applies them within a variety of contexts and conditions. This edition also features updated information on aromatherapy treatments, aromatherapy organizations, essential oil providers and more to ensure you are fully equipped to provide patients with the best complementary therapy available. Expert peer reviewed information spans the entire book. All chapters have been written by a PhD nurse with post doctoral training in research and then peer reviewed by named experts in their field. Introduction to the principles and practice of aromatherapy covers contraindications, toxicity, safe applications and more. Descriptions of real world applications illustrate how aromatherapy works in various clinical specialties. Coverage of aromatherapy in psychiatric nursing provides important information on depression, psychosis, bipolar, compulsive, addictive, addiction and withdrawal. In depth clinical section deals with the management of common problems such as infection and pain that may frequently be encountered on the job. Examples of specific oils in specific treatments helps readers directly apply book content to everyday practice. Evidence based content draws from thousands of references. NEW First and only totally peer reviewed evidence based clinical aromatherapy book in the world. NEW Chapter on integrative Healthcare documenting how clinical aromatherapy has been integrated into hospitals and healthcare in USA, UK and elsewhere. NEW Chapter on the M Technique, the highly successful method of gentle structured touch pioneered by Jane Buckle that is used in hospitals worldwide. All chapters updated with substantial additional references and tables.

*Naturopathic Wisdom* Marlo Payne Thurman, 2024-06-04 Over the past 50 years there have been some dramatic changes in how children are raised, fed and educated. In looking at both child rearing practices and children's education, one of the most obvious changes is this: as a society we seem to have lost our most basic common sense about the natural relationship between physical wellness and mental health, and in so doing we've forgotten how interconnected we really are to the natural

world around us Isn't it concerning that 1 in every 10 children take a medication that has a significant and often unknown impact on their development in cognitive and neurological maturation As has always been true children need good food adequate sleep plenty of fresh air and sunshine and opportunities for physical work play and exercise With these observations in mind Naturopathic Wisdom provides a common sense roadmap for the implementation of safe naturopathic practices that are desperately needed for struggling children and teens More specifically this book will Highlight relevant aspects of the author's own illness to wellness story Share professional observations and insights gained from a mental health practice of 30 years Propose simple safe naturopathic interventions for the physical and mental health conditions in children and teens Detail the research that supports these practices
