Post-Colonial Literatures Deborah L. Madsen, 1999-06-20 The postcolonial literary canon remains comprised of privileged national and regional texts The English language literatures of Africa India Canada Australia New Zealand Southeast Asia and the Caribbean clearly emerged from an earlier model of Commonwealth literature Post Colonial Literatures examines the development of this body of writing and is the first such study to expand the paradigm to accommodate the literatures of the colonised peoples of North America The authors engage with the major debates within existing postcolonial studies addressing issues such as hybridity subaltern voices decolonisation multiculturalism and border cultures Subjects covered include Fred D Aguiar Merle Collins and Toni Morrison Native Candian writing and US Canadian

literary relations writings of the Australian Aboriginal women writers in Zimbabwe and the relationship between black and Hispanic discourses of America *Family Ethnicity* Harriette Pipes McAdoo, 1999-04-20 Family ethnicity is the sum total of our ancestry and cultural dimensions how families collectively identify the core of their beings Our ethnicity is fundamental to the all encompassing core of our identity Families differentiate themselves from other groups and form linkages with families that assume similar identifications and provide reference groups for their members Ethnicity involves the unique family customs proverbs and stories that are passed on for generations Almost all of us are from families that are part of ethnicities This new edition provides extensive information about the various cultural elements that different family groups have drawn on in order to exist in the United States today In each chapter the authors are intimately familiar with the particular groups by way of membership in the group or intensive study of the group The eight sections of the book cover Native American Indians Native Hawaiian Mexican American and Spanish African American Muslim American and Asian American families **The Handbook of Chicana/o Psychology and Mental Health** Roberto J. Velasquez, Leticia M. Arellano, Brian W. McNeill, 2004-09-10 Mexican Americans now constitute two thirds of what has become the largest and fastest growing minority group in the United States Hispanics They have distinct cultural patterns and values that those who seek to serve them competently as clinicians and educators and those who attempt to study them need to understand This is the first comprehensive overview of the psychology of the Chicana o experience since 1984 Solidly grounded in the latest theory and research much of which is relevant to other Latina o groups as well The Handbook of Chicana o Psychology and Mental Health is an indispensable source of up to date information and guidance for mental health and education professionals their trainees and students and for social and behavioral scientists interested in the impact of cultural differences in multicultural settings Witness in the Era of Mass Incarceration Doran Larson, 2017-07-17 Witness in the Era of Mass Incarceration works from the premise that if the law establishes and maintains both its practical and symbolic authority on the basis of its monopoly on legally sanctioned violence and the suffering threatened and delivered by such violence then we cannot know the full human cost or concrete moral status of any legal state without human witness to the depth and manner of suffering meted out by such violence The prison writer stands in the position to offer such witness The prison writer knows the law s violence in the flesh For every other writer reflection upon the degree and manner of suffering meted out under legal sanction that is reflection upon the full human cost of the contemporary legal order is necessarily speculative In close readings of first person witness from prisons in the U S Ireland and Africa Witness in the Era of Mass Incarceration discovers literary tropes that chart at once local national and transnational conditions of carceral experience the extant conditions of legalized suffering In exhibiting the labor required to move from institutionalized abjection to the minimum requirements of rights bearing personhood this witness offers the sole credible vision of the possibility of a post carceral understanding of freedom **En la Lucha / In the Struggle** Ada María Isasi-Díaz, A tenth anniversary edition of

the classic introduction to *mujerista* theology for Hispanic women offers an inspirational look at the everyday struggles insights attitudes and lives of Hispanic women from the perspective of Hispanic identity in North American society with summaries of the sources aims goals and tenets of *mujerista* theology Christianity Neglected Social Theorists of Color Corey Tillman, David R. Dickens, C.C. Herbison, 2022-10-12 *Neglected Social Theorists of Color* Deconstructing the Margins provides a novel contribution to the ongoing debates concerning the canon in contemporary sociological theory In particular the editors argue that many scholars whose work may hold significant potential for contributions to contemporary debates in social theory go unrecognized Still others while not completely ignored have fallen victim to a cultural and political climate not receptive to their work Feminist scholars have been in the forefront of these debates arguing that many insightful social theorists have been marginalized because of their gender More recently studies of individual theorists of color have appeared but these have been limited to African American scholars such as W E B Du Bois In the present text the editors extend this approach to include a broad diversity of theorists of color including those of African American Afro Caribbean Latinx Asian Asian American and Native American backgrounds In addition the editors also include the work of authors who come from academic fields outside of sociology and others who are journalists activists or independent writers The work has a unique format where the authors of each chapter provide a theoretical analysis of their subject and a discussion of the contemporary significance of their work lending to a rich discussion of underappreciated sociological scholars Latino Issues Rogelio Sáenz, Aurelia Lorena Murga, 2011-06-16 This book provides a lively understanding of the growing Latina o population in the United States highlights the problems that confront this ethnic group and discusses proposed solutions to these issues The groups that comprise the Latina o population differ with respect to histories length of residence in the United States mode in which they originally came to this country and trajectory of integration *Latinos in America A Reference Handbook* provides a comprehensive overview of Latina o experiences in the United States from historical and contemporary perspectives illustrating the diversity of this disparate population The handbook covers numerous aspects of Latino life in the United States engaging readers in current problems and controversies involving the Latino population and suggesting solutions Profiles of prominent Latinas os are included as is information on legal illegal immigration bilingual education affirmative action dual citizenship and assimilation all of which will prove invaluable to students as well as to policymakers educators and other community leaders interested in improving the lives of Latinos within our borders **Deconstructing Eurocentric Tourism and Heritage Narratives in Mexican American Communities** Frank G. Perez, Carlos F. Ortega, 2019-09-24 This book attempts to dismantle the unfounded Eurocentric view of US born and immigrant Mexican peoples that groups together the identities of Latinx Chicanx and other indigenous peoples of the Southwest into Hispanics whose contributions to the cultural historical and social development of the Southwest are marginalized or made non existent The narrative and performative legacies that tourism and fantasy heritage produce are promulgated and consumed by both

Latinx and non Latinx peoples and cultures This book endeavors to expose these productions through analysis of on the ground resistance in the service and spirit of intercultural dialogue and change This book will offer a precise set of recommendations for breaking away from these practices and thus forming new veritable identities With a strongly heritage oriented discourse this book on deconstructing Eurocentric representation of Mexican people and their culture will appeal to academics and scholars of heritage tourism Chicano studies Southwest studies and Native American studies courses
