The Christian And Medical Ethics:

The Christian Virtues in Medical Practice Edmund D. Pellegrino, David C. Thomasma, 1996-04-01 Christian health care professionals in our secular and pluralistic society often face uncertainty about the place religious faith holds in today's medical practice. Through an examination of a virtue-based ethics, this book proposes a theological view of medical ethics that helps the Christian physician reconcile faith, reason, and professional duty. Edmund D. Pellegrino and David C. Thomasma trace the history of virtue in moral thought and they examine current debate about a virtue ethics' place in contemporary bioethics. Their proposal balances theological ethics based on the virtues of faith, hope, and charity with contemporary medical ethics based on the principles of beneficence, justice, and autonomy. The result is a theory of clinical ethics that centers on the virtue of charity and is manifest in practical moral decisions. Using Christian bioethical principles, the authors address today's divisive issues in medicine. For health care providers and all those involved in the fields of ethics and religion, this volume shows how faith and reason can combine to create the best possible healing relationship between health care professional and patient.

The Christian and Medical Ethics Bert Thompson, 1999-01-01 **Biblical/Medical Ethics** Franklin E. Payne, 1985 **Theological Voices in Medical Ethics** Allen Verhey, Stephen E. Lammers, 1993 This one-of-a-kind collection contains portraits of some of the most significant theological voices in modern medical ethics, including Paul Ramsey, James M. Gustafson, Richard McCormick, Bernard Haring, and Germain Grisez, about whom the authors and other contributors have written essays that point the way to a recovery of creative and faithful religious reflection on medical ethics.

On Moral Medicine M. Therese Lysaught, Joseph Kotva, Stephen E. Lammers, Allen Verhey, 2012-07-20 In print for more than two decades, *On Moral Medicine* remains the definitive anthology for Christian theological reflection on medical ethics. This third edition updates and expands the earlier award-winning volumes, providing classrooms and individuals alike with one of the finest available resources for ethics engaged modern medicine.

The Foundations of Christian Bioethics Hugo Tristram Engelhardt, 2000 For decades, Engelhardt has alluded to the ethics that binds moral friends. While his *Foundations of Bioethics* explored the sparse ethics binding moral strangers, this long-awaited volume addresses the morality at the foundations of Christian bioethics. The volume opens with an analysis of the marginalization of Christian bioethics in the 1970s and the irremedial shortcomings of secular ethics in general. Drawing on the Christianity of the first millennium, Engelhardt provides the ontological and epistemological foundations for a Christian bioethics that can remedy the oneness of a secular bioethics and supply the bases for a Christian bioethics. The volume then addresses issues from abortion, third-party assisted reproduction, and cloning to withholding and withdrawing treatment, physician-assisted suicide, and euthanasia. Practices such as free and informed consent are relocated within a traditional Christian morality. Attention is also given to the allocation of scarce resources in health care and to the challenge of maintaining the Christian identity of physicians, nurses, patients, and health care institutions in a culture that is now post-Christian.

Medical Ethics, Human

Choices John Rogers, 1988 Twelve writers health care professionals ethicists pastors and teachers address some of the difficult issues in health care Individuals and families are often forced to face medical crises alone This book will help Christians better understand how to apply their faith to areas of medical crisis and to become more helpful and effective caregivers to people around them who face tough situations Thought provoking study questions at the end of each chapter assist a discussion group or Sunday school class in dealing with the pertinent issues in an educational manner *On Moral Medicine* Stephen E. Lammers, Allen Verhey, 1998-05-11 Collecting a wide range of contemporary and classical essays dealing with medical ethics this huge volume is the finest resource available for engaging the pressing problems posed by medical advances *Medical Ethics* Christian Medical Fellowship, 1966 **Medical Ethics** Robert David Orr, Fred Chay, 2000

Christian Theology and Medical Ethics James B. Tubbs Jr., 2013-03-09 Contemporary discourse in biomedical ethics has been greatly shaped sustained and enriched through the insights and perspectives offered by its theologian contributors This volume examines the work of four Christian theologians who have significantly influenced the field of bioethics in the U S Richard McCormick SJ Paul Ramsey Stanley Hauerwas and James M Gustafson Each theorist's writings are explored in turn in order to elucidate compare and contrast their foundational theological premises their particular approaches to moral reasoning and their considered responses to selected medico moral issues The final chapter reflects some of the author's own critical responses in dialogue with the study's four subjects and offers general suggestions about the moral perspective afforded by Christian theology This volume should be of interest both to those seeking a fuller understanding of contemporary discussions in bioethics and to those studying Christian ethics in the modern era **Health-Care Ethics** James R. Thobaben, 2010-02-26 Founded on in depth biblical studies and perceptive theological perspective James Thobaben's book has given us a comprehensive treatment of the myriad ethical issues involved in health care He addresses topics such as the nature of evangelical faith understanding illness family caring the role of health care providers institutional considerations ethical issues related to reproduction death and dying Thobaben guides us into the realm of ethical discernment and decision making by grasping the interconnections between health care in its various dimensions with the whole of true Christian living If you are a student or pastor or serving in the health care professions this monumental resource is for you *Methods in Medical Ethics* Jeremy Sugarman, Daniel P. Sulmasy, 2001 Twenty four American specialists provide descriptions of techniques critiques and notes on resources and training on a variety of methods used in medical ethics Individual chapters are devoted to each of 11 methods philosophy religion and theology professional codes legal methods casuistry history qualitative ethnographic quantitative surveys experimental methods and economics and decision science Discussion includes how these methods can relate to one another and how to assess the quality of scholarship in medical ethics in connection with such issues as physician assisted suicide euthanasia and medical genetics For scholars teachers editors and students in all disciplines contributing to the field c Book News Inc Ethical

Responsibility in Medicine Vincent Edmunds, Charles Gordon Scorer, 1967 **Bioethics** Gilbert Meilaender, 2013-01-06 In the face of continuing advances in medical research and treatment bioethics remains a serious ongoing social concern For nearly two decades Gilbert Meilaender's Bioethics has offered discerning Christian guidance on a wide range of pressing issues in medical ethics Now in its third edition Meilaender's Bioethics covers abortion assisted reproduction genetic research suicide and euthanasia human experimentation and much more in language that is theologically informed straightforward and clear This new edition includes updated information throughout and an added discussion of the need to protect Christian conscience in the practice of medicine *Health Care and Christian Ethics* Robin Gill, 2006-02-16 How can Christian ethics make a significant contribution to health care ethics in today's Western pluralistic society Robin Gill examines the moral gaps in secular accounts of health care ethics and the tensions within specifically theological accounts He explores the healing stories in the Synoptic Gospels identifying four core virtues present within them compassion care faith and humility that might bring greater depth to a purely secular interpretation of health care ethics Each of these virtues is examined in turn using a range of topical issues including health care rationing genetics HIV AIDS withholding withdrawing nutrition from PVS patients and the empirical evidence which suggests a connection between religion and health Professor Gill also argues that these four virtues are shared by other major religious and humanistic traditions and that together with secular principles they can enrich health care ethics even in a pluralistic society Christian Medical Ethics Francis Beswick, 1996 Hippocratic and Judeo-Christian Medical Ethics Patrick Guinan, 2007-03-21 **Healthcare Ethics** Benedict M. Ashley, Kevin D. O'Rourke, 1989 *Medicine of God* Ruth Oliver, 2002 Do physicians believe that they and all human beings from the first moment of conception until natural death have an eternal soul Do they believe in the four last things Death judgment by God and eternity in heaven or hell Do they care what happens to their souls after they die Do they know that Jesus the Just Judge says of most physicians I have weighed thee in the balance and found thee wanting Daniel 4 27 Therefore now their souls have marks of Cain Gen 4 15 He wants them to repent NOW while a limited time of Mercy still exists On the 15th June 1985 I was kneeling before Jesus in the tabernacle when He asked me again Will you carry a wound for Me Again I refused fearing He meant the physical stigmata but instead of going silent as before He said with a sigh I can never forget when will you love Me more than you love yourself Seventeen years later in daring to put some of the many Words He has given me in the past four years into this book as He asked I am finally answering that question Jesus asked me to be His courier in carrying His Message Sorrow grief and wrath are in the Heart of your God for what they are now doing to my precious humanity and the physicians themselves are bringing down My Wrath He loves them most tenderly totally and eternally He died for each and every one yet they do not love fellow human beings but kill and abuse them in all walks of life from conception to death This has gone on so long that some even don't believe God exists any more But Jesus through these Words reminds us that God knows every transgression that His Laws are eternal that He Jesus is The

Divine Mercy Who will forgive them if they confess their sinfulness and radically change without delay but if not they will go to hell which TRULY exists I am to love them enough to warn them even if they ridicule reject hate or even want to kill me because MY eternal salvation depends on total obedience to God to the best of my ability because THAT is what He defines as loving Him if you love Me keep My Commandments Jn14 23 but also because they are going further away from His Laws I am not qualified to interpret His Words or to be a judge I m just the courier Once they have heard the Message my job is done It is between them and God what they do because they are in free will to believe or not Jesus says that each person must read these Words with an open mind and come before Him humbly asking the Holy Spirit to guide their understanding and each will be shown the state of their soul in Jesus eyes and what it is He would have them change They may consult with those duly ordained to interpret His Words such as priests The Message is unique for each one and the time is NOW
