The Philosophy Of Dialectical Materialism:

The Philosophy of Dialectical Materialism I. I. Utkovets, 1984 **The Categories of Dialectical Materialism** Guy Planty-Bonjour, 2012-12-06 *Dialectical Materialism* Gustav Andreas Wetter, 1960 Soviet Russian Dialectical Materialism [Diamat] J.E. Blakeley, 2012-12-06 This book offers a critical outline of the sources of the history of the spirit and of the doctrines of present day Soviet Russian Dialectical Materialism Diamat i e of the philosophical foundations of Marxism Leninism It is scarcely necessary to stress the usefulness of a short outline of this kind as Russian sources are not easily accessible in the West and as it is of considerable interest to know the doctrines which make up the faith of the Communists in all countries The material for this book was first made public in a series of lectures at the University of Fribourg Switzerland first in French in the summer term of 1949 later in English at the Summer School in the same year The French text slightly expanded was translated into German by Miss M Hoerkens Dipl rer pol Various imperfections in the wording of the text and in the bibliography can be explained by the process of formation of this book The author hopes that such imperfections will not prove disturbing Karl Marx and the Intellectual Origins of Dialectical Materialism J. White, 1996-10-25 The book provides a genealogy of dialectical materialism by tracing the development of Marxist ideas from their origins in German philosophical thought to the ideology of the social democratic groups in Russia in the 1890s from which Lenin and the revolutionary generation emerged It reconstructs Marx s original conceptions and examines the modifications that were made to them by himself and by his Russian followers which eventually gave rise to the doctrine of dialectical materialism first expounded by Plekhanov **Dialectical Materialism** Gustav A. Wetter, 2024-11-26 Dialectical Materialism 1958 surveys the history of dialectical materialism from its Hegelian beginnings to the death of Stalin and its sequel in the celebrated XXth Party Congress of the C P S U It also presents a systematic account of the theory as it was formulated and discussed by the philosophers of the Soviet Union *Dialectical Materialism and Historical Dialectics of Karl Marx* Mbogo Wa Wambui, 2020-06-17 Research Paper undergraduate from the year 2011 in the subject Philosophy Philosophy of the 19th Century grade A University of Nairobi language English abstract This paper seeks to explain Karl Marx s dialectical materialism and historical dialectics The stimulus of the work of Marx was the hope of a social revolution in his lifetime or in the future Unlike British classical economics who aimed at the welfare of the capitalists Marx worked to represent the interest of the wage earner This is best represented in the Communist Manifesto of 1848 Marx called himself a materialist though under Hegelian influence In 1843 he went to France to study socialism There he met Engels the manager of a factory in Manchester From him he came to know of English labour conditions and English economics After taking part in the French and German revolutions of 1848 he sought refuge in England in 1849 from where he wrote and amassed knowledge **The Revolutionary Philosophy of Marxism** Karl Marx ,Friedrich Engels ,Alan Woods ,V.I. Lenin ,Leon Trotsky, 2018-11-22 A Selection of Writings on Dialectical Materialism by Marx Engels Lenin Trotsky Plekhanov and

Luxemburg and Alan Woods Edited by John Peterson with an Introduction by Alan Woods On the bicentennial of his birth Karl Marx's ideas are more relevant than ever While he is perhaps best known for his writings on economics and history anyone who wishes to have a fully rounded understanding of his method must strive to master dialectical materialism which itself resulted from an assiduous study and critique of Hegel Dialectical materialism is the logic of motion development and change By embracing contradiction instead of trying to write it out of reality dialectics allows Marxists to approach processes as they really are not as we would like them to be In this way we can understand and explain the essential class interests at stake in our fight against capitalist exploitation and oppression At every decisive turning point in history scientific socialists must go back to basics Marxist theory represents the synthesized experience historical memory and guide to action of the working class The Revolutionary Philosophy of Marxism aims to arm the new generation of revolutionary socialists with these essential ideas
