Stolen Feelings 77:

The Emotional Politics of Racism Paula Ioanide, 2015-05-20 With stop and frisk laws new immigration policies and cuts to social welfare programs majorities in the United States have increasingly supported intensified forms of punishment and marginalization against Black Latino Arab and Muslim people in the United States even as a majority of citizens claim to support colorblindness and racial equality With this book Paula Ioanide examines how emotion has prominently figured into these contemporary expressions of racial discrimination and violence How U S publics dominantly feel about crime terrorism welfare and immigration often seems to trump whatever facts and evidence say about these politicized matters Though four case studies the police brutality case of Abner Louima the exposure of torture at Abu Ghraib the demolition of New Orleans public housing units following Hurricane Katrina and a proposed municipal ordinance to deny housing to undocumented immigrants in Escondido CA Ioanide shows how racial fears are perpetuated and how these widespread fears have played a central role in justifying the expansion of our military and prison system and the ongoing divestment from social welfare But Ioanide also argues that within each of these cases there is opportunity for new mobilizations for ethical witnessing we must also popularize desires for justice and increase people s receptivity to the testimonies of the oppressed by reorganizing embodied and unconscious structures of feeling

Witnessing Australian Stories Kelly Jean Butler, 2017-07-28 This book is about how Australians have responded to stories about suffering and injustice in Australia presented in a range of public media including literature history films and television Those who have responded are both ordinary and prominent Australians politicians writers and scholars All have sought to come to terms with Australia s history by responding empathetically to stories of its marginalized citizens Drawing upon international scholarship on collective memory public history testimony and witnessing this book represents a cultural history of contemporary Australia It examines the forms of witnessing that dominated Australian public culture at the turn of the millennium Since the late 1980s witnessing has developed in Australia in response to the increasingly audible voices of indigenous peoples migrants and more recently asylum seekers As these voices became public they posed a challenge not only to scholars and politicians but also most importantly to ordinary citizens When former Prime Minister Kevin Rudd delivered his historic apology to Australia s indigenous peoples in February 2008 he performed an act of collective witnessing that affirmed the testimony and experiences of Aboriginal Australians The phenomenon of witnessing became crucial not only to the recognition and reparation of past injustices but to efforts to create a more cosmopolitan Australia in the present This is a vital addition to Transaction s critically acclaimed Memory and Narrative series

Department of Labor. Manpower Administration,1972 The Lost Matriarch Jerry Rabow,2014-09-01 The Lost Matriarch offers a unique response to the sparse and puzzling

biblical treatment of the matriarch Leah Although Leah is a major figure in the book of Genesis the biblical text allows her only a single word of physical description and two lines of direct dialogue The Bible tells us little about the effects of her lifelong struggles in an apparently loveless marriage to Jacob the husband she shares with three other wives including her beautiful younger sister Rachel Fortunately two thousand years of traditional and modern commentators have produced many fascinating interpretations midrash that reveal the far richer story of Leah hidden within the text Through Jerry Rabow's weaving of biblical text and midrash readers learn the lessons of the remarkable Leah who triumphed over adversity and hardship by living a life of moral heroism The Lost Matriarch reveals Leah's full story and invites readers into the delightful provocative world of creative rabbinic and literary commentary By experiencing these midrashic insights and techniques for reading between the lines readers are introduced to what for many will be an exciting new method of personal Bible interpretation
