Stone By Stone On The Oregon Trail:

Stone by Stone on the Oregon Trail Bev Stone, 1993-01-01 Profusely illustrated volume includes diary entries from a variety of people who followed the Oregon Trail through Idaho **Enjoy the Journey** W. Lenore Mobley, 2011-06-10 In *Enjoy the Journey* Join in a celebration of warming moments in the memoirs of these women with their horses living along the Snake River Plain Learn what they did to refresh their souls Whether driving a big team moving a herd of cattle into a holding pen seeing a newborn colt get up for the first time and suck from its mother riding in a race jumping over four foot tall poles do specialty riding with disabled people or watch a young horse you raised perform well as these women in this book fulfilled either their dream or helped someone else achieve theirs You will learn that several of these women conquered many obstacles some of illness or injury and yet upon recover acquired a good horse and continued doing something they loved so dearly Also in this book are places good trails listed where you too could go to ride or hike It is stated where they are and what to expect as you begin your journey They are written with clarity that you also will be able to see these beautiful places in your mind Enjoy your journey as you read and learn *Enjoy the Journey* is encouraging and compassionate It reminded me that time spent on a good horse would be well worth the investment K Hall writer of non fiction novels

The Ox Team Ezra Meeker, 1907 **Proposed National Historic Oregon Trail Interpretive Center at Flagstaff Hill** United States. Bureau of Land Management. Baker Resource Area Office, 1988 *Roadtripping USA* Let's Go Inc., 2005-04 All one needs is this book a full tank of gas and the open road to take advantage of these classic American cross country journeys distilled into one volume for the first time The book highlights the best experiences along each route while providing maps lodging and food listings and practical tips **Pacific Builder & Engineer** , 1929 *The Great Air Race* John Lancaster, 2022-11-15 The untold almost unbelievable story of the daring pilots who risked their lives in an unprecedented air race in 1919 and put American aviation on the map Years before Charles Lindbergh's flight from New York to Paris electrified the nation a group of daredevil pilots most of them veterans of the World War I brought aviation to the masses by competing in the sensational transcontinental air race of 1919 The contest awakened Americans to the practical possibilities of flight yet despite its significance it has until now been all but forgotten In *The Great Air Race* journalist and amateur pilot John Lancaster finally reclaims this landmark event and the unheralded aviators who competed to be the fastest man in America His thrilling chronicle opens with the race's impresario Brigadier General Billy Mitchell who believed the nation's future was in the skies Mitchell's contest critics called it a stunt was a risky undertaking given that the DH 4s and Fokkers the contestants flew were almost comically ill suited for long distance travel engines caught fire in flight crude flight instruments were of little help in clouds and fog and the brakeless planes were prone to nosing over on landing Yet the aviators possessed an almost inhuman disregard for their own safety braving blizzards and mechanical failure as they landed in remote cornfields or at the edges of cliffs Among the most talented were Belvin The Flying Parson Maynard whose

dog Trixie shared the rear cockpit with his mechanic and John Donaldson a war hero who twice escaped German imprisonment Jockeying reporters made much of their rivalries and the crowds along the race route exploded with everyday Americans eager to catch their first glimpse of airplanes and the mythic birdmen who flew them The race was a test of endurance that many pilots didn't finish some dropped out from sheer exhaustion while others betrayed by their engines or their instincts perished For all its tragedy Lancaster argues the race galvanized the nation to embrace the technology of flight A thrilling tale of men and their machines The Great Air Race offers a new origin point for commercial aviation in the United States even as it greatly expands our pantheon of aviation heroes

David Haward Bain,2022-09 In the summer of 2000 David Haward Bain and his family left their home in Vermont and headed west in search of America's past Spiritually their journey began on a Kansas trail where the author's grandmother was born in a covered wagon in 1889 Between the Missouri River and the Golden Gate they retraced the entire route of the first transcontinental railroad and large stretches of the Oregon and California trails and the equally colorful old Lincoln Highway Following vanished iron rails and wagon wheel ruts bumping down backroads and main streets they discovered the deep restless uniquely American spirit of adventure that connects our past to our present A superb writer and an exacting researcher Bain conjures up a marvelous sense of coming unstuck in time as he lingers in the ghost towns and battlegrounds prairies and river ports trainyards museums deserts and diners that line his cruise west to California Bain encounters a fascinating cast of characters both historic and contemporary as well as memories of his grandparents and the journeys that shaped his own heritage Writing in the tradition of William Least Heat Moon and Ian Frazier and with an engaging warmth and a deep grasp of history all his own Bain has fashioned a quintessentially American journey
