

A black and white illustration of a stone path. The path is composed of many irregular, rounded stones of various sizes, arranged in a winding pattern that leads towards the center of the image. In the center, a larger, more prominent stone is set into the path. This central stone is light-colored and contains the text "STONES AND POETS" in a bold, serif font. The background is a plain, light color, making the stone path stand out.

Rainbows of Stone Ralph J. Salisbury, 2000 Son of a Cherokee English father and an Irish mother Ralph Salisbury grew up

among storytellers and has shared his family's tales and experiences in seven previous books of prose and poetry. Now in *Rainbows of Stone* he returns with a striking collection of poems that interweaves family tales with personal and tribal history. Salisbury conjures images that define his life from the vanishing farming and hunting traditions with which he was raised to his experiences in World War II as a member of a bomber crew. He writes of himself and of Indian people as Vanishing Americans vanishing into the mingling of races and sees himself as a pacifistic patriot concerned that we not continue the destructive reliance on war that marks our history. Writing as one who is not part Indian, part white, but wholly both, Salisbury has produced a haunting, powerful work that expresses his devotion to the Cherokee religion, its fidelity to its forebears, and its harmony with the forces of Nature. For all concerned with ecology, social justice, and peace, *Rainbows of Stone* conveys a growing awareness of the world and a sense of how each individual connects with the universal and timeless realities of every other human being.

Written in Water, Written in Stone Martin Lammon, 1996 Celebrates the twentieth anniversary of this important and influential book series.

Critics and Commentators Bruce Rusk, 2020-10-26 At once a revered canon associated with Confucius and the earliest anthology of poetry, the *Book of Poems* holds a unique place in Chinese literary history. Since early imperial times it served as an ideal of literary perfection as it provided a basis for defining *shi* poetry, the most esteemed genre of elite composition. In imperial China, however, literary criticism and classical learning represented distinct fields of inquiry that differed in status; with classical learning considered more serious and prestigious. Literary critics thus highlighted connections between the *Book of Poems* and later verse, while classical scholars obscured the origins of their ideas in literary theory. This book explores the mutual influence of literary and classicizing approaches which frequently and fruitfully borrowed from one another. Drawing on a wide range of sources, including commentaries, anthologies, colophons, and inscriptions, Bruce Rusk chronicles how scholars borrowed from critics without attribution and even resorted to forgery to make appealing new ideas look old. By unraveling the relationships through which classical and literary scholarship on the *Book of Poems* co-evolved from the Han dynasty through the Qing, this study shows that the ancient classic was the catalyst for intellectual innovation and literary invention.

Water Over Stone Laura Jan Shore, 2011 Winner IP Picks 2011 Best Poetry Like water spilling over stones, these poems seem to bubble up from the depths. Uncaged by calendars and watches, one character retreats into rainforests, another explores the world barefoot, seeking life's wild handful of quiver and piss. A twelve-year-old shoots a rattlesnake, an octogenarian pulls vines in the public park. Wolves travel in a van, inspiring dreams of the boundless rush and yap of belonging, and a whale offers solace on a balmy night on the Coral Sea. These are luminous reflections on the complex and sometimes fraught relationships between society and the natural world.

Flint on a Bright Stone Kirsten Blythe Painter, 2006 *Flint on a Bright Stone* closes a significant gap in the history of Modernist poetry by identifying the existence of Tempered Modernism, an international phenomenon exemplified by Akhmatova, Rilke, H. D., and Williams and characterized by small poems written with precision, restraint, simplicity.
