**Of Love and War** Angela Wanhalla, 2023 *Of Love and War* details the intimate relationships forged during wartime between women and U.S. servicemen stationed in the South Pacific, traces the fate of wartime marriages and addresses consequences for the women and children left behind      **Four Brothers in the Pacific War** Chris Pratt, 2022-02-21 Dave Ray Morris and Alex Rohrlach were Australian Lutherans of German descent who served in the Australian Army and Navy in the Pacific during World War Two. In a fascinating biography of the brothers, Chris Pratt chronicles the events of their lives before, during, and in the aftermath of war. Dave, a Lutheran missionary in New Guinea, captained his mission schooner to rescue defeated Australian soldiers from New Britain in the opening months of the war. Ray served in a motorised infantry unit before enduring a year in an isolated malarial outpost in Dutch New Guinea. Morris struggled through two amphibious landings in Japanese-occupied Borneo. Alex survived kamikaze attacks and a battle with a Japanese fleet in the Philippines, to witness from an Australian heavy cruiser the signing of the Japanese surrender in Tokyo Bay. Included are historical maps and photographs provided by the family      Learning Under Fire James Scott Powell, 2010 Thrown into the heart of war with little training and even less that would apply to the battles in which they were engaged, the units of the 112th Cavalry Regiment faced not only the Japanese enemy but a rugged environment for which they were ill prepared. They also grappled with the continuing challenge of learning new military skills and tactics across ever-shifting battlefields. The 112th Cavalry Regiment entered federal service in November 1940 as war clouds gathered thick on the horizon. By July 1942, the 112th was headed for the Pacific theater. As the war neared its end, the regiment again had to shift its focus quickly from an anticipated offensive on the Japanese home islands to becoming part of the occupation force in the land of a conquered enemy. James S. Powell thoroughly mines primary documents and buttresses his story with pertinent secondary accounts as he explores in detail the ways in which this military unit adapted to the changing demands of its tactical and strategic environment. He demonstrates that this learning was not simply a matter of steadily building on experience and honing relevant skills. It also required discovering shortcomings and promptly taking action to improve, often while in direct contact with the enemy.
