Tell Me the Stories of Jesus R. Albert Mohler, Jr., 2022-06-14 In *Tell Me the Stories of Jesus* pastor and theologian R Albert Mohler Jr reveals the unique power of Jesus parables for today s readers showing how they announce the kingdom communicate both judgment and grace and call every human heart toward transformation in the light of God s love He who has ears let him hear *The Prodigal Son* *The Good Samaritan* *The parable of the mustard seed* The stories Jesus told during his earthly ministry are packed with such memorable images and characters that they now permeate our culture s popular imagination But what if their familiarity has

mutated their powerful message causing today's readers to miss their ability to shock and transform. In *Tell Me the Stories of Jesus*, renowned pastor and theologian R. Albert Mohler Jr. unlocks the power of Jesus' parables for readers today. Jesus perfected the art of telling parables: short stories with a surprising twist and an explosive message that confronted his listeners with surprising and often uncomfortable truths about the human heart and the kingdom of heaven. But two thousand years later, modern readers may not grasp the cultural and historical context that made these stories so compelling for Jesus' original audience. Mohler brings Jesus' stories to life, uncovering the context and allowing readers to hear these stories in all their shocking paradigm-shifting power. Readers will feel a deeper connection with Jesus by stepping into the shoes of his first-century followers and hearing with fresh ears the stories he shared with his closest followers. They gain a deeper understanding of the gospel through Jesus' own words and see the parables in a new light, experiencing perhaps for the first time their ability to draw people into Jesus' kingdom. Every parable Jesus told contains judgment and grace. They hold up a mirror that reveals the human heart and invites everyone to welcome Jesus' kingdom and reign. Will you have ears to hear their vital message?

Report of the State School Commissioner of Georgia to the General Assembly Georgia. Department of Education, 1897 **Stories that Words Tell Us** Elizabeth O'Neill, 1918 **Christmas stories from "Household words" and "All the year round" and other stories** Charles Dickens, 1903 **Collected Ghost Stories** Montague Rhodes James, 1992 30 ghost short stories [Creating Stories That Connect](#) D. Bruce Seymour, This innovative book helps pastors and teachers enhance their teaching with original audience-appropriate stories the way Jesus did. Bruce Seymour explains how such stories work when to use them and how to create them. **Uncovering Spiritual Narratives** Suzanne M. Coyle, 2014-04-01 All cultures use story as a way to make sense of life experiences. Yet for many, particularly in the western world, only a single story line is seen as the real truth. Using narrative therapy as a caregiving approach can help individuals uncover multilayered narratives that are far more complex and liberating. Coyle contends that not only are these more complex narratives more helpful in giving our lives meaning, they also critique the cultural discourses in which they arose. Drawing on both theological approaches and real-life experiences, Coyle creates a contextual pastoral theology that helps caregivers find the power of God in people's stories. *Feminist Narrative Research* Jo Woodiwiss, Kate Smith, Kelly Lockwood, 2017-07-04 This book explores the rich, diverse opportunities and challenges afforded by research that analyses the stories told by and about women. Bringing together feminist scholarship and narrative approaches, it draws on empirical material, social theory, and methodological insights to provide examples of feminist narrative studies that make explicit the links between theory and practice. Examining the story as told and using examples of narratives told about childhood sexual abuse, domestic relationship abuse, motherhood, and seeking asylum, it raises wider issues regarding the role of storytelling for understanding and making sense of women's lives. This thought-provoking work will appeal to students and scholars of women's studies, feminist and narrative researchers, social policy, and practice sociology and research methods.
