Lapidus,2014-10-13 This third edition of Ira M Lapidus s classic A History of Islamic Societies has been substantially revised to incorporate the insights of new scholarship and updated to include historical developments in the first decade of the twenty first century Lapidus s history explores the beginnings and transformations of Islamic civilizations in the Middle East and details Islam s worldwide diffusion to Africa Spain Turkey and the Balkans Central South and Southeast Asia and North America situating Islamic societies within their global political and economic contexts It accounts for the impact of European imperialism on Islamic societies and traces the development of the modern national state system and the

Caspi, 2020-08-10 No detailed description available for By the Soft Lyres The Search for the Prophet Elijah **The Crescent on the Temple** Pamela Berger, 2012-06-07 The Crescent on the Temple by Pamela Berger elucidates an obscured tradition how the Dome of the Rock came to stand for the Temple of Solomon in Christian Muslim and Jewish art The crusaders called the Dome of the Rock the Temple of the Lord while Muslim imagery depicted Solomon enthroned within the domed structure Jews knew that the ancient Temple had been destroyed Nevertheless in their imagery they commonly labeled the Muslim shrine The Temple That domed Temple was often represented with a crescent on top This iconography long hidden in plain sight reflects one aspect of an historical affinity between Jews and Muslims **Myths and Places** Shonaleeka Kaul, 2023-06-23 This volume explores the dialogic relationship between myths and places in the historically geographically and culturally diverse context of India Given its ambiguous relationship with facts and empirical reality myth has suffered an uncertain status in the field of professional history with the latter's preference for scientism over more creative orders of representation Myths and Places rehabilitates myth not as history's primeval Other nor as an instrument of socio religious propagation but as communitarian mechanisms by which societies made sense of themselves and their world It argues that myths helped communities fashion their identities and their habitat habitus and were fashioned by these in turn This book explores diverse forms of territorial becoming and belonging in a grassroots approach from across India studying them in culturally sensitive ways to recover local life worlds and their self understanding Further challenging the stereotypical bracketing of the mythical with the sacred and the material with the historical the multidisciplinary essays in the book examine myth in relation to not only religion but other historical phenomena such as ecology ethnicity urbanism mercantilism migration politics tourism art philosophy performance and the everyday This book will be of interest to scholars and general readers of Indian history regional studies cultural geography mythology religious studies and anthropology **Yiddish Folktales** Beatrice Weinreich, 2012-10-31 Filled with princesses and witches dybbuks and wonder working rebbes the two hundred marvelous tales that make up this delightful compendium were gathered during the 1920s and 1930s by ethnographers in the small towns and villages of Eastern Europe Collected from people of all walks of life they include parable and allegories about life luck and wisdom tales of magic and wonder stories about rebbes and their disciples and tales whose only purpose is to entertain Long after the culture that produced them has disappeared these enchanting Yiddish folktales continue to work their magic today *The Old Testament Miracle-workers in Early Judaism* Erkki Koskenniemi, 2005 Erkki Koskenniemi analyzes the most important early Jewish texts which attribute miracles to people mentioned in the Old Testament His study is relevant for everyone investigating the miracles in early Judaism or early Christianity BOOK JACKET **A Piercing Light Through the Biblical Fog:** John D. Early, 2022-12-28 The Bible can be a

difficult book to read because of an obscuring fog that overhangs much of the biblical text Many would be readers have begun with Genesis but have soon given up the effort They were confused frustrated by their inability to follow and understand the narrative This book is intended to help such readers as well as those thinking of undertaking the task for the first time The author is a recognized anthropologist an ex Jesuit with a background in theological and biblical studies He has spent considerable time living with non literate populations These experiences made him realize how much of the Bible is a product of non literate cultures These insights have been confirmed and expanded by archeological historical anthropological and literary research Seen from this perspective most of the Bible consists of theological stories that were later committed to writing rather than a written document of narrative history directly dictated by God In large part the biblical story is a Jewish Epic with its stages of blessing tragedy and redemption It highlights the role of the covenants and the prophets in providing the underlying theological structure of the entire Bible A brief Introduction in Genesis and the Pauline letters extend the moral lesson of the Epic to all of humanity The relationship between the literary and theological structures can be diagrammed on a chart that lays out a synthetic view of the entire Bible as well as an outline of this book Open the front or back covers to view the chart
